Setting up the Digital Picture Frame

1. Plug the appropriate end of the AC adapter into a power outlet and the other end into the Digital Picture Frame.
2. After you've stored content on a flash media card (not included), insert the card into the proper slot (see page 2).
3. Turn the power switch to **ON**. As a default the first file of the card will be displayed first. Play sequences are automatically sorted alphabetically by file name, regardless of file type.

NOTE: DO NOT TAKE THE MEMORY CARD OUT OF THE SLOT WHILE THE PICTURES ARE STILL PLAYING OR WHEN THE POWER IS STILL ON. THIS COULD DAMAGE THE FRAME OR THE MEMORY CARD. ALWAYS TURN THE POWER OFF BEFORE REMOVING THE MEMORY CARD.

Navigating in the Digital Photo Frame

Slide show Screen:

Turning the Digital Picture Frame on will initiate a photo slideshow with music, provided the inserted memory card has music and photo files.

Select Card Screen:

Press the **CARD SELECTION** button on the remote to return "Select card" menu

Select Function Screen:

Select a source disk, then press the **OK** key, or press the **PLAY/PAUSE** button on the remote to enter "Select Function" menu as below:

Photo Browse Screen:

Select the Photo icon, then press the **OK** key, or press the **PLAY/PAUSE** button on the remote to enter the Photo Browse Screen as below:

Navigating in the Digital Photo Frame

Music Browse Screen :

Select the Music icon, then press the **OK** key, or press the **PLAY/PAUSE** button on the remote to enter the Music Browse Screen as below:

Video Browse Screen :

Select the Music icon, then press the **OK** key, or press the **PLAY/PAUSE** button on the remote to enter the Video Browse Screen as below:

File Operation Screen :

Select the File icon, then press the **OK** key, or press the **PLAY/PAUSE** button on the remote to enter the File Operation Screen as below:

Calendar Screen :

Select the Calendar icon, then press the **OK** key, or press the **PLAY/PAUSE** button on the remote to enter the Calendar Screen as below:

Setting Language:

Press the **SETUP** button to access the setting language menu, select the language you wish to use.

Navigating in the Digital Photo Frame

Setting Current Time:

In the Calendar screen, press the **SETUP** button, the setting menu will pop-up. Select **Set time&Alarm** and **Set Current Time**. Use “→” or “←” button to select types. Use “↑” or “↓” button to set specific numerical value. When the correct time and date is set, press the **PLAY/PAUSE** button.

Setting Alarm Time:

In the Calendar screen, press the **SETUP** button, the setting menu will pop-up. Select **Set time&Alarm** and **Set Alarm Time**. Use “→” or “←” button to select types. Use “↑” or “↓” button to set specific numerical value. When the correct time and date is set, press the **PLAY/PAUSE** button.

Set Favorite Photo and Song:

Using your remote control, select the photo or music view mode, depending on whether you want to set a photo or song as your favorite. Select the photo or song you want to set as a favorite. Press **SETUP** button on the remote and select **Favorite Or Select**. You may select photos or songs by repeating these steps. Then, press the **SLIDESHOW** button on the remote, you will enjoy the pictures and songs which you set as favorite.

Navigating in the Digital Photo Frame
