VOGEL'S, AV MOUNTING SOLUTIONS THAT GROW YOUR BUSINESS

To satisfy every individual consumer taste and budget, you want to sell a variety of products and features at different price points. As the expert in mounts for audio and video equipment, Vogel's offers two different brands and a full array of high quality products so you can always sell an associated product with a flat screen TV. Extra flexibility and choices that can help you grow your business.

Proud to introduce

Satisfy your "early adopter" consumers by offering them the latest solutions for their ultra-thin flat screens. Based on the latest consumer insights, Vogel's new "Virtually Invisible" THIN Series is specially designed to make ultra thin/LED screens look as slim and compact as possible. It comes in the popular sizes of 81 cm - 132 cm / 32" - 52". This exciting new line includes 1 remote-controlled wall mount and 3 regular wall mounts. Just 4 SKUs to maximise your shelf space.

Stylish additions to the 8000 Series

Two new floor stands with a stylish design have been added to the award winning Vogel's 8000 Series so you can now offer consumers even more options. This product line continues to grow rapidly because it offers clear choices in three distinct product categories: Motion+, Motion and SuperFlat™ – and a number of multi functional accessories.

Physix brand for first-time buyers

Vogel's launched its Physix by Vogel's brand to address the needs of first-time buyers. Many of these consumers feel unsure when purchasing a wall mount. They are looking for a strong and simple solution that is also easy and affordable. With Physix, you can offer these customers a complete range of wall mounts to choose from.

Today it is more important than ever to work with strong strategic partners if we are going to continue to grow and expand. Let's help each other succeed.

FILLING THE GAP

The market for flat screens has seen exponential growth over the past few years, but consumers can now buy bigger flat screen TVs for less money, thereby creating lower margins.

In view of this, it is becoming even more crucial to sell those essential flat screen accessories that bring higher profit margins.

Selling associated accessories can supplement the drop in the market. Selling flat screens without a wall mount should become a 'No-go' for all retailers, as it may mean lost sales opportunities.

"If no salesperson were available I would have left the store and come back later."

MAXIMISE PROFITABILITY

Wall mounts with functionality generate more money and give you up-selling possibilities. In selling the wall mount with the TV, a greater profit margin will be realized with minimal extra cost.

CONSUMER INSIGHTS

Vogel's carries out continuous research among consumers. These researches consult in valuable consumer feedback. Based on this feedback, Vogel's has improved its communication activities in and outside the store.

This facilitates your shopper choosing the right mount, which will help you with cross-selling and up-selling. The easier we make it for you and the shopper, the greater the margin to be made.

The pre-planned questions and messages that can really help your sales people make the deal are based on qualitative and quantitative research carried out in several countries. So use these proven concepts to improve your business results. Do you want to know more? Contact your local Vogel's representative and we are sure we will be able to help.

SEGMENTATION & POSITIONING

Vogel's has always delivered innovative concepts. Vogel's now offers different brands and product lines to meet the needs of the Retail and Consumer Electronic markets.

THIN Series

Vogel's new "Virtually Invisible" THIN Series is specially designed to make ultra thin/LED screens look as slim and compact as possible. The new designed is based on extensive consumer insights. Consumers want almost invisible mounting solutions for their ultra thin screens. These new products fit the most popular sizes of LED screens (81 cm - 132 cm / 32" - 52").

8000 Series

Vogel's 8000 Series mounting solutions is a groundbreaking range of flat screen mounts, stands and accessories. It offers high quality, space saving mounting solutions which are reliable and easy to mount, and come with a unique lifelong guarantee. There is a model to fit every screen size.

6000 Series

Vogel's 6000 Series and Evolution line is a sophisticated range of mounts. They are designed for individuals who are looking for outstanding easy to use products, that enhance the quality of their entertainment experience and favor modern design. The Forward Motion model, in particular, enables consumers to mount their TV in a cabinet or alcove.

Original Series

Vogel's Original line is a practical range of mounts that enhance the daily use of audio and video equipment. Basic solutions that are practical and functional with the outstanding quality and durability of Vogel's. For screens in every size.

Physix by Vogel's

Vogel's Physix brand targets first-time buyers who are unsure about buying a wall mount. It provides a strong and simple solution that is also easy to install and affordable. It includes turn, tilt and flat wall mounts, as well as accessories.

THIN 345

In 2010, Vogel's EFW 8345 wall mount Motion+, part of Vogel's 8000 Series, was honoured with its first-ever international Red Dot Award Product Design. Vogel's is the first mounting manufacturer to receive this Award.

WHAT MAKES VOGEL'S SO SPECIAL?

We keep our pulse on market developments

Vogel's has a strong marketing department that has a close relationship with our business partners and end customers. They help keep us up-to-date on the latest developments and trends in our markets. In addition, we carry out independent research and visit all relevant trade shows and events to identify new market opportunities. This provides valuable input for our strategic product decisions.

PRODUCT DEVELOPMENT

Over more than 35 years, our large team of industrial designers and engineers has built up highly specialised knowledge about consumer preferences, materials, functional requirements, ergonomics, and manufacturing processes for designing mount products.

Our experts provide valuable technical input on the feasibility of new designs before starting a project. They then use advanced tools to test and fine-tune key design aspects. All Vogel's products comply with the highest industry standards for quality and safety. Only the best quality materials are used. All products are tested to carry at least 3 times the specified weight.

KEEP YOUR FLAT TV FLAT

Use Vogel's new "Virtually Invisible" THIN Series to increase your profits

The whole purpose of an ultra thin TV is having it blend into its surroundings. Vogel's new "Virtually Invisible" THIN Series of flat screen mounts meets the demands of consumers who want their TV to appear as flat as possible. This ultra thin, ultra stylish line is specially designed to make a flat screen TV look fantastic, while staying securely in place. Use the new product family to boost your accessory sales and profits in this fast growing market.

Increase margins with just 4 SKUs

The new THIN series is a range of mounts for ultra thin / LED TVs. It consists of just 4 SKUs, (1 remote-controlled wall mount and 3 regular wall mounts), which take up less than a metre of shelf space and fit the most popular sizes of LED screens (81 cm - 132 cm / 32" - 52").

Based on consumer insights

This new range of products was developed based on consumer demands and insights. Flat screen sales continue to rise. And consumers want flat screens that are flatter and closer to the wall. They also want mounting solutions for their ultra thin screens that are flatter as well. With the THIN Series, they get ultra flat mounting solutions that provide secure support and a lifelong guarantee. The quality you expect from an A brand in A/V mounting solutions.

Full range of wall mounts

The THIN Series includes the THIN 305 FLAT wall mount, which leaves just 1.5 cm of space between the TV and the wall. The THIN 315 TILT wall mount tilts the screen 15 degrees for comfortable viewing and comes just 2 cm away from the wall. The no concessions THIN 345 FULL TURN & TILT wall mount can turn 90 degrees right and left, and tilt 20 degrees. There is just 3.5 cm of space between the wall and the TV. And it can extend up to 63 cm out from the wall. Consumers can turn the screen 20 degrees right or left without getting up using the THIN RC 355 remote controlled wall mount.

SIT BACK AND ENJOY

Vogel's 8000 Series lets consumers sit back and enjoy their flat screen TV more than ever before. It also lets retailers enjoy fast and easy sales. Everyone wins!

This advanced product range makes it as easy as possible to increase your turn-over. These products feature USPs that really matter to the consumer. The 8000 Series fits every flat screen TV and meets any consumer demand. All in a formula that is super easy for your sales personnel to remember. There are just 3 types of wall mounts (Motion+, Motion and SuperFlat™) and 4 sizes (S, M, L, XL) that add up to 11 SKUs. It takes up limited shelf space, limited storage space and is easy for consumers to install.

Vogel's Motion+ & Motion

If the consumer wants the ultimate movie theatre experience, sitting in front of the TV is preferred over having to watch at an angle. In fact, a consumer misses about 30 % of the view when he or she sits at an angle. The Vogel's 8000 Series Motion+ moves the TV for the best view. It turns 75 degrees side-to-side and 90 degrees perpendicular on the wall.

The Vogel's Motion mount is the ideal option for turning the TV 45 degrees side-to-side.

Vogel's SuperFlat™

The biggest advantage of a flat screen TV is the room that is saved compared to a massive old-fashioned TV. By hanging a TV on the wall, just like a painting, most space is saved and also an elegant design element is created at the same time.

A Vogel's 8000 Series SuperFlat™ mount has only 2 centimeters distance to the wall and it still leaves plenty of room for ventilation and cables. It's the perfect solution if you want to sit directly in front of the TV.

Clean up AV equipment

Most consumers have plenty of extra entertainment equipment, like a DVD player, game console or set-top box lying around. It can be cleaned up with one of our accessories. The cable column neatly hides away cables from the wall mount to the floor. The AV multi support can easily store three different devices under a flat screen TV.

Standing room only

For extra flexibility to place the flat screen TV anywhere in the room, Vogel's 8000 Series floor stand is the perfect solution. It takes up less room than a cabinet, and still a DVD player or game console can be mounted under the TV.

Mount the TV at the perfect viewing position and the cables and power socket can be tucked out of sight inside the column and foot piece.

UP AND AWAY

Introducing Vogel's new EFC 6215 ceiling mount, which is specially designed to securely suspend a LCD flat screen from the ceiling. A special solution for rooms where you are not allowed to drill in the walls. This mount has a stylish design that looks sleek and compact in any décor.

The EFC 6215 ceiling mount is made for medium size LCD flat screens from 58 cm - 81 cm / 23" - 32" inches.

All cables are neatly hidden from sight with the double Cable Inlay System (CIS®)

It can tilt up to 20 degrees and supports flat screens up to 30 kg / 66 lbs.

It includes a leveling function which makes it easy to hang the mount straight.

For hanging a TV over a bed or in a corner.

EFC 6215 LCD Ceiling mount

SIZE 58-81 cm / 23-32"

MAX. 30 kg / 66 lbs

200 x 100 mm

PHYSIX[®] BY VOGEL'S NO-WORRIES BRAND

Vogel's created the Physix product concept to address first-time buyers who often do not feel confident when buying a wall mount. Physix is the "no-worries" hassle-free brand for the consumer and the retailer.

Because easy products translate into easy, high margin sales. It provides a strong and simple solution that is also easy to install and affordable. Physix includes a turn, tilt and flat wall mount, as well as accessories.

Physix addresses the main insecurities that these buyers face:

- **Easy to understand**
mainstream functionality
- **Easy to select**
choose the right mount for a specific TV
- **Easy to install**
anyone can do it
- **Extremely strong & durable**
lifetime guarantee
- **Easy to buy**
very affordable

ACCESSORIES THAT ENHANCE THE ENTERTAINMENT AREA

Mix and match the following accessories with other Physix products to create a custom solution for the entertainment area.

Cable Strip

The Physix Cable Strip offers plenty of room to hide and guide all your A/V cables. Cables can easily be added or removed.

The Cable Strip can be combined with the Physix Multi Support for a complete and elegant cable-free solution. It is easy to install and can be cut to the desired length.

Cable Sleeve

For the finishing touch, combine a TURN mount with the Cable Sleeve. It cleverly bundles and hides the cables running from the back of the TV to the wall.

Reverse it to get a silver/grey exterior and/or partly fold it if the standard length is too long. Use two Cable Sleeves in a row for longer lengths of cable.

Multi-support

Mounting your TV flat to the wall looks fantastic, but where do you put your other audio/video hardware?

Organise your DVD recorder, set-top box or gaming console on this handy Multi Support mount.

The Multi Support can also be mounted on the wall and holds up to 10 kilograms of weight.

ALL YOU NEED TO KNOW ABOUT COMPATIBILITY

VESA is the worldwide standard for mounting LCD/Plasma screens. The VESA logo tells you, at a glance, which screen complies with the VESA standard so you always get a perfect match. All Vogel's mounts for LCD and plasma screens are VESA compatible.

	Screen size	VESA mounting range (W mm x H mm)
S (Small)	14" - 30" / 35 cm - 77 cm	Min. 75 x 75 Max. 200 x 200
M (Medium)	23" - 37" / 57 cm - 94 cm	Min. 75 x 75 Max. 500 x 350
L (Large)	26" - 52" / 66 cm - 132 cm	Min. 75 x 75 Max. 800 x 450
XL (X-Large)	40" - 65" / 102 cm - 165 cm	Min. 75 x 75 Max. 1100 x 550

WHAT DOES TÜV MEAN FOR YOU?

For consumers, the 'GS' certification mark provides extra certainty about the safety of their Vogel's product. All Vogel's products have been thoroughly tested beforehand.

The GS certification mark is handed out by the TÜV. TÜV is an independent certification institute for products and production processes. They carry out independent quality and safety tests.

Virtually all Vogel's products have the GS certification mark. Vogel's undergoes this voluntary certification to give consumers extra proof of the safety of their Vogel's product.

Vogel's products are put through an accelerated endurance test. This test simulates the daily cycle of normal use for a product that a consumer would carry out over a 10 year period. Consumer products are also put through an overload test.

THINKING ABOUT THE ENVIRONMENT

Vogel's recognizes that maintaining an unpolluted environment is vital for a healthy life and sustainable growth for future generations. We are committed to our goals of surpassing environmental standards and being proactive in dealing with concerns for the environment.

These goals are being achieved by combining technological innovation with sound environmental business decisions at every step of a product's life cycle. Our efforts focus on complying with all applicable environmental regulations within each country in which we do business.

INTERNET

In most countries the majority of consumers go online to find information about durable products they are considering purchasing before visiting a store. Because Vogel's wants to help you sell wall mounts at the same time as the flat screen TVs, we made sure our Vogel's website makes it even easier for consumers to find the information they are looking for.

VOGEL'S WEBSITE

Increasing chances

Vogel's developed the Vogel's Internet site based on usability studies with consumers. It increases the chances that a person will choose one or more of Vogel's products once they visit the retailer. www.vogels.com

WEB TOOLS

As a supplier of smart, high-quality wall mounting systems for televisions we find it important to support the sales of our products in different ways. Next to in-store materials, training etc. we can support you on-line as well.

With just a few simple changes to the way you present Vogel's products on your website, you can enable an easy selection of products, removing buyer fear and uncertainty, not forgetting the way to communicate valuable consumer propositions, such as our promise of 100% fitment and Lifelong Guarantee, a proven way to reduce buyer remorse and returns.

Vogel's can support your virtual space management to improve visibility of products and to realize cross selling with the purchase of televisions and wall mounts.

- Integrate Vogel's product information on your website
- Integrate Vogel's FlatscreenFitter on your website
- Support online promotions with Vogel's Banners or skyscrapers

By using these tools you are able to increase sales guaranteed.

For more information on on-line support possibilities, contact Vogel's.

VOGEL'S ACADEMY

We are proud to present our E-learning system, the online Vogel's Academy. In this online tool, we help to "train the trainers". With this new strategy for training retail staff, it will increase their performance rate. This tool aims to increase the attachment rate by up-selling and cross-selling and it is specifically developed for the 8000 Series. www.vogelsacademy.com

FLATSCREENFITTER

Vogel's FlatscreenFitter® is an important online tool. Vogel's was the first company to develop and introduce an up-to-date database with current and accurate information. It contains over 10000 types of flat screen TVs, which includes all 'A-brands' and virtually every other type of flat screen on the market. Always remember that the shopper is tentative and together we can take away that uncertainty. The FlatscreenFitter can take away that barrier to make an effective sale! www.flatscreenfitter.com

NUMBER OF FLATSCREENS IN DATABASE

Vogel's has more TVs in the database than other competitors.

TRADE MARKETING SUPPORT

LET'S STAND TOGETHER

With a planned and integrated approach, trade marketing can help promote the product range.

The key to achieving this is an alliance of interest, a two-way conversation.

Only then can Vogel's become your lead brand and help you achieve profitable sales.

We can help you by sharing knowledge, replicating best practice, enhancing product displays and training sales advisors.

By becoming a strategic partner in wall mounts, our ambition is to maximise the sales in your stores and to increase profit and turnover.

Co-working

The result of such co-working will improve retailer performance within the market and will increase up-selling and cross-selling (sales of associated products).

GROW YOUR BUSINESS

We can also offer additional premium marketing support tools, subject to strategic partnership conditions. These include sales promotions, sharing consumer feedback based on market research, training and merchandising. These tools can help your business grow in response to customer needs.

VOGEL'S SALES TIPS

The most important factor in maximising profit margins is the presence of sales people on the shop floor. From research we know that sales people strongly influence to the decision making involved in buying a wall mount. Asking the shopper the right questions helps them make the right decision. That is why Vogel's has developed a step-by-step sales tool.

STEP 1 To get relevant background information, ask your customer. "Where will you put your flat screen?"

STEP 2 Ask your customer. "What is your room situation?"

If the room is set-up around the TV and maximum flexibility is needed, please recommend the Motion+

If the room has a corner setting and some flexibility is required, recommend the Motion

If the set-up of the room does not require any flexibility, recommend the SuperFlat

STEP 3 Explain to your customer the benefits of the Vogel's 8000 Series mounts

Maximise your TV enjoyment

- 2-way turn 75°
- 90 degrees corner option
- SPS®: to protect your screen and wall when turned
- CIS®: to hide all unsightly cables

Optimise your TV enjoyment

- 2-way turn 45°
- CIS®: to hide all unsightly cables

SuperFlat™ to the wall

- Only 20 mm to the wall

STEP 4 Technical fit

Vogel's products fit every screen. Advise the consumer on product sizes.

S 19"-26" / 48-66 cm	M 26"-37" / 66-94 cm	L 32"-50" / 81-127 cm	XL 40"-65" / 102-165 cm

 EFW 8105	 EFW 8205	 EFW 8305	 EFW 8405

STEP 5 Listen carefully to your customer and possibly advise extra accessories

Tilt module EFA 8810/8820:

To tilt your flat screen up 15 degrees and down 15 degrees, so you can easily watch TV while lying on the couch or floor

Cable column EFA 8835/8840:

Space saving column to hide unsightly cables, depth only 20 mm. Available in 64 cm (25.2") or 94 cm (37"), one AV multi support included

AV multi support EFA 8825:

To place AV equipment under your flat screen

Cable cover EFA 8740, EFA 8741

Vogel's cable cover hides all unsightly cables

ALTERNATIVE OPTION

When your customer wants to place the TV on the floor, offer the Vogel's floor stand

- Motion 2-way 30° turn
- Adjustable height
- Integrated cable storage
- Available in black or a combination of black and white

L 32"-50" / 81-127 cm
