STEALTH GRIP

- Unser Stealth Grip Tape besteht aus strapazierfähigem Polyurethan und ist ein Verschleißteil.
- Mit der Zeit können Abnutzungsspuren oder ein Verlust der Haftung auftreten, besonders bei intensiver Nutzung oder Kontakt mit rauen Oberflächen.
 - Bei normalem Gebrauch bietet unser Stealth Grip Tape optimalen Halt für bis zu 700 Stunden.

- Our Stealth Grip Tape is made of durable polyurethane and is a wear part.
- Over time, signs of wear or loss of adhesion can occur, especially with heavy use or contact with rough surfaces.
 - Under normal use, our Stealth Grip Tape provides optimal grip for up to 700 hours.

- Il nostro Stealth Grip Tape è realizzato in poliuretano resistente ed è un componente soggetto a usura.
- Con il tempo, possono verificarsi segni di usura o una perdita di aderenza, soprattutto in caso di utilizzo intenso o contatto con superfici ruvide.
 - In condizioni di utilizzo normale, il nostro Stealth Grip Tape offre una presa ottimale fino a 700 ore.

WICHTIG

Wenn deine Maus schon länger in Gebrauch ist, können sich durch Hautkontakt Fett- und Ölrückstände tief in die Oberfläche setzen. Diese Schicht wirkt wie ein **unsichtbarer Film**, der die Klebekraft erheblich verringert. **Deshalb unbedingt mit dem beiliegenden Alkoholpad und spürbarem Fingerdruck reinigen** – nur so wird der Film zuverlässig gelöst und die Aufkleber haften richtig.

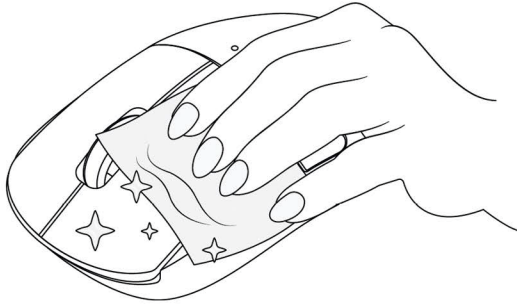

IMPORTANT

If your mouse has been in use for a while, fine layers of oil and grease from skin contact can settle deep into the surface. This creates an invisible film that drastically reduces adhesive strength. **Be sure to clean the surface thoroughly using the included alcohol pad and firm finger pressure** – this is the only way to reliably break down the film and ensure proper grip.

INSTALLATION

GUIDE

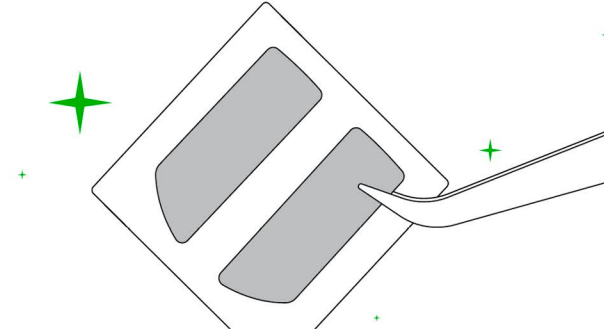

1

DE Reinigen Sie die Oberfläche Ihrer Maus gründlich mit den mitgelieferten Alkoholtüchern, um Schmutz und Fett vollständig zu entfernen.

EN Clean the surface of your mouse thoroughly using the included alcohol pads to remove all dirt and grease.

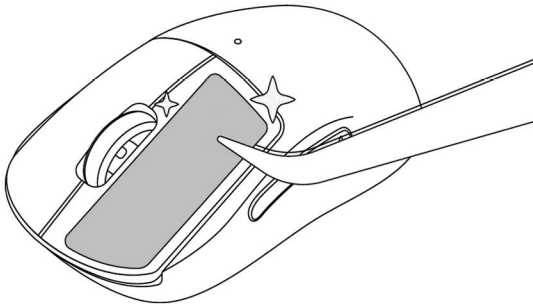

2

DE Wählen Sie den passenden Aufkleber aus dem Griptape-Set aus. Orientieren Sie sich dabei an der Zuordnung vom Datenblatt, um die richtige Position zu finden.

EN Select the appropriate sticker from the grip tape set. Refer to the placement guide (datasheet) to find the correct position for each piece.

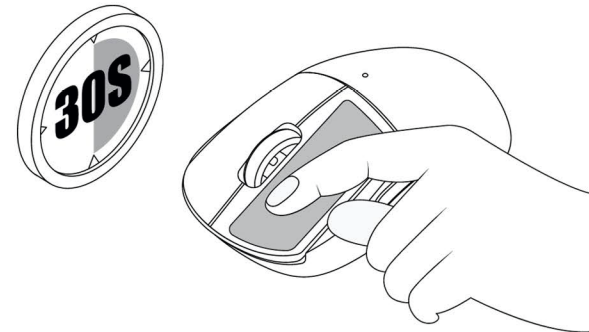

3

DE Kleben Sie den Aufkleber auf die gereinigte Fläche. Drücken Sie ihn fest an und reiben Sie mit den Fingern über die gesamte Fläche, damit er optimal haftet.

EN Apply the sticker to the cleaned surface. Press down firmly and rub over the entire sticker to ensure proper adhesion.

4

DE Prüfen Sie die Position des Griptapes und nehmen Sie bei Bedarf Anpassungen vor. Sobald alles perfekt sitzt, genießen Sie das verbesserte Griffgefühl.

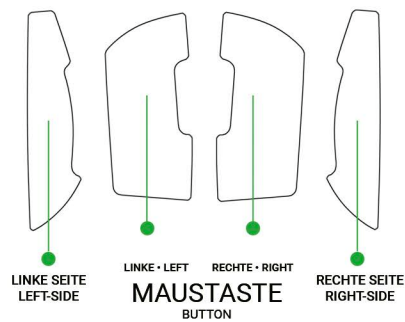

EN Check the position of the grip tape and make adjustments if necessary. Once everything is perfectly aligned, enjoy the enhanced grip and comfort.
