

LYRIDZ Cabinet Light 3

Please retain this document for future reference

1506000047

Installation Method

1. Clean the installation position.

2. Stick the loop side to the hook side, and tear off the protective film on the back of the loop side.

3. Stick the cabinet light somewhere by pushing firmly for at least 1 minute.

Notice:
Once the hook side and loop side are attached, please do not remove it. Otherwise, it is hard to stick it on the wall.

FCC Information

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received,including interference that may cause undesired operation.Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures: •Reorient or relocate the receiving antenna. •Increase the separation between the equipment and receiver. •Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. •Consult the dealer or an experienced radio/TV technician for help.

Warning:
Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user authority to operate the equipment.

This LYRIDZ smart cabinet light is fully compliant with the EU, CA,JP, UK and USA legislation. When disposing this equipment, please help protect our environment by means of proper disposal. Your local authorities will have special return and disposal facilities available for you.
