

MEDIFY AIR

MA-45WM AIRPURIFIER

READ AND SAVE THESE INSTRUCTIONS
INSTRUCTION MANUAL AND WARRANTY INFORMATION

MA-45WM
Rev: 7/15/24

IMPORTANT SAFETY INSTRUCTIONS:

WHEN USING ELECTRICAL PRODUCTS, ESPECIALLY WHEN CHILDREN ARE PRESENT, BASIC SAFETY PRECAUTIONS SHOULD ALWAYS BE FOLLOWED, INCLUDING THE FOLLOWING:

READ ALL INSTRUCTIONS BEFORE USING.

DANGER — TO REDUCE THE RISK OF ELECTRIC SHOCK:

- Always unplug the air purifier from the electrical outlet immediately after using and before cleaning or replacing filters.
- Keep cord away from heated surfaces.
- Always place the air purifier on a firm, level surface.
- Always place the air purifier at least 3 feet from heat sources such as stoves, radiators, or heaters.
- DO NOT reach for an appliance that has fallen into water. Unplug it immediately.
- DO NOT place or store appliance where it can fall or be pulled into a tub or sink.
- DO NOT place in or drop into water or other liquid.
- Keep dry — DO NOT operate in wet or moist conditions.
- Check your air purifier cord and plug connections. Faulty wall outlet connections or loose plugs can cause the outlet or plug to overheat. Be sure the plug fits tightly in the outlet.

NOTE: This appliance has a polarized plug (one blade is wider than the other). To reduce the risk of shock, this plug is intended to fit only one way in a polarized outlet. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician.

DO NOT attempt to defeat this safety feature. To do so could result in an electric shock hazard.

WARNING — TO REDUCE INJURY TO PERSONS:

- Always unplug the air purifier when not in use.
- Do not operate the air purifier with a damaged cord or plug, or has been dropped or damaged in any manner. Contact to www.medifyair.com for examination, electrical or mechanical adjustment, or repair.
- This air purifier is not intended for use in bathroom, laundry areas, and similar moist indoor locations.
- Do not run cord under carpeting. Do not cover cord with throw rugs, runners, or similar coverings. Do not route cord under furniture or appliances. Arrange cord away from traffic areas where it can be tripped over.

- To disconnect the air purifier, first turn controls to the off position, then remove plug from outlet.
- Do not tilt or move the air purifier while it is in operation. Shut off and remove plug from outlet before moving.
- Do not insert or allow foreign objects to enter any ventilation or exhaust opening as this may cause an electric shock or fire, or damage the air purifier.
- Do not block air intakes or exhaust in any manner. Do not use on any soft surface, like a bed, where openings may become blocked.
- Use this air purifier only for its intended use as described in this manual. Any other use not recommended by the manufacturer may cause fire, electric shock, or injury to persons.
- DO NOT use outdoors.

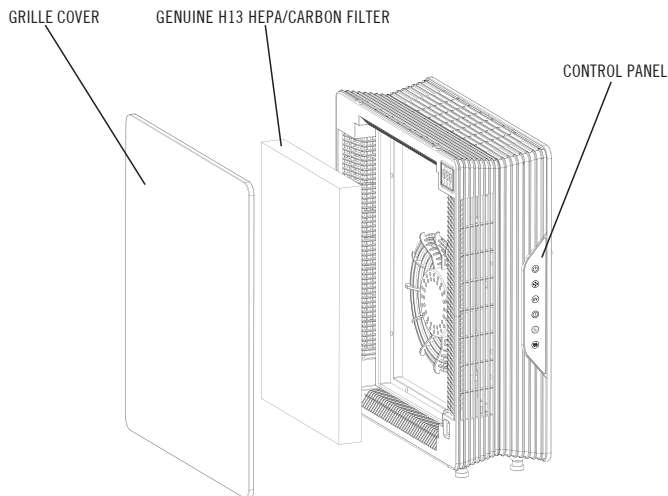

SAVE THESE IMPORTANT INSTRUCTIONS FOR EASY REFERENCE.

TECHNICAL DATA

- Voltage: 120V 60Hz
- Rated Power: 55W
- Noise level: Min: 46dBA, Max: 66dBA
- Unit dimensions: 19.8"H x 6.3"W x 17.7"D
- Unit weight: 16.4 lbs

STANDARD COVERAGE

1544 sq. ft. every 60 minutes, 772 sq. ft. every 30 minutes, 386 sq. ft. every 15 minutes

CONTROL PANEL

HOW TO USE

BEFORE TURNING THE UNIT ON

- Take the air purifier out of the box and remove the clear protective plastic bag around the filters.
- Mount the air purifier securely on the wall or place the air purifier on a level surface.
- Plug the power cord into a standard AC outlet.

POWER BUTTON AND FAN SPEED SETTINGS

- To turn the air purifier on, press the power  button.
- This air purifier has 4 fan speed settings: 1,2,3, and 4 speeds. The higher the fan speed setting, the faster the air will be purified. To select or change fan speed, press the fan speed  button until the desired setting is reached.

TIMER

The Air Purifier can be programmed to turn off after a preset amount of time. Press the  button to program the timer. Each press will add one hour up to a total of 12 hours. Keeping the button pressed will automatically increase to 12 hours, 1 hour at a time.

DIMMER

Press the dimmer  button to change the backlight to desired brightness, there are 4 brightness levels to change for all buttons' backlight LEDs. The dimmer  button backlight will turn off for 1 second when the dimmer button been pressed.

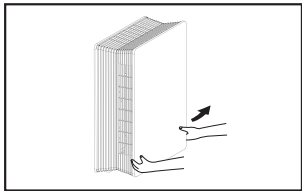

FILTER REPLACEMENT

Filter Indicator Light

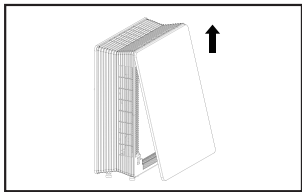

when it is time to replace the True HEPA H13 filter based on the air purifier's hours of use, a reminder will appear on the LED display to alert you to change the filters before further use.

REPLACING THE TRUE HEPA H13 FILTER

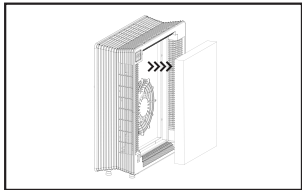

For optimal performance, replace every 2500 hours under normal usage conditions. Once the filter has been replaced, press and hold the dimmer  button for 3 seconds to reset the indicator.

1. Unplug the air purifier. Open the filter grille covers on the left and right of the unit by pushing the lock tabs on the top of the covers.

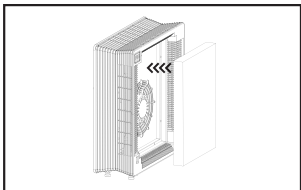

2. Take away the grills from the unit.

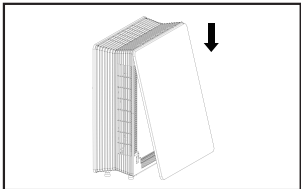

3. Pull the tabs to remove the old filter.

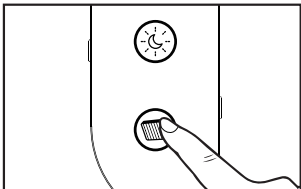

To purchase genuine Medify replacement True HEPA H13 filters, model MA-45WM, visit www.medifyair.com.

4. Install a new genuine Medify replacement filter with the filter Tabs facing out.

5. Align the tabs at the bottom of the grille over the unit. Gently push the grille covers until they snap back into place.

6. Plug the power cord into a standard AC outlet. Press and hold the dimmer  button for 3 seconds to reset the indicator.

Replace filter light remains lit after filter replacement	• The replace filter indicator needs to be reset	• Press and hold the DIMMER button for 3 seconds until the replace filter light turns off

WARRANTY INFORMATION

Medify guarantees your Medify Air purifier to be free of defects in material or workmanship for a lifetime period, provided you have completed and returned your warranty registration to Medify Air within the first 90 days of purchase. Within the first 90 days, Medify Air will replace the defective unit at no charge to you and reimburse you for any shipping charges. After 90 days, Medify Air's obligation and liability under this Lifetime Warranty is dependent on your following the instructions outlined in this manual. Prohibited use that causes product to not function properly will void warranty. Can only use a 220v unit with a 220v power supply. Can only use a 110v unit with a 110v power supply. You can break or ruin the circuit boards if you plug a 110v plug into a 220v power supply.

Our Lifetime Warranty remains in effect as long as:

1. You submit your warranty registration to Medify Air within 90 days of purchase.
2. You use a proper power supply based on voltage: 220V
3. There is no evidence of tampering, mishandling, neglect, accidental damage, or modification. Any repair that results in damage to the Medify Air purifier or causes it to not perform as intended will void the warranty.
4. Your air purifier is operated in accordance with the provided instructions.
