

User Manual

Step1、 App download and registration

1. scan the QR code
to download the APP.

A screenshot of a mobile application's registration screen. The screen has an orange header bar with a white back arrow icon. Below the header, the word "Register" is centered in bold black text. There are three input fields: the first is labeled "UnitedStates" with an orange book icon and a dropdown arrow; the second is labeled "Account" with an orange person icon; the third is labeled "Password" with an orange lock icon and a toggle eye icon. Below these fields is a checkbox with the text "I have read and accepted 《User Agreement》 And 《Privacy Policy》". At the bottom, there is a large orange button with the word "Submit" in white text.

2. Select "register now", select the corresponding region, and enter the account number and password to complete the registration.

Step 2、

1. Open the app, log in the account, and click "⊕" - WiFi camera ;

2. Enter the correct WiFi password;

3. Use the camera to scan the QR code generated by the mobile phone and keep it at about 20cm;

4. Bind now .

Step 3、Device sharing

1. Select camera settings device sharing;

2. Select "share picture" .

FCC STATEMENT :

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

This device may not cause harmful interference, and

This device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for

an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.
