Turning on / off the tablet

To turn on the tablet:

Press and hold the Power button until the LCD screen turns on. Wait until the Home screen appears, the tablet is now ready for use.

To turn off the tablet:

1. Press and hold the Power button until the Device Options menu appears.

2. Tap "OK" to turn off the tablet.

Turning on / off the screen (Sleep mode)

When the tablet is on, you can turn off the screen to save battery power. Simply press the Power button once to turn the screen off. Press the Power button again to turn the screen back on.

To save battery power, the screen can be set to turn off automatically when the tablet is not in using(between 1 minute and 30 minutes).

This screen timeout option can be found in the Display menu.

Changing the language

Many users purchase Android tablets that come with the user interface in English, and they want to use their native language, like Spanish, French, Chinese, German and so on.

Tap "settings-system-language & input-languages-add a language". A list is shown with all the available display languages that you can use on your Android device.

Tap and hold the lines near the name of the language that you want to use, and drag it to the top of the list.

If you do not need a particular display language, you can delete it. Click the three dots in the top-right corner of the screen, near the text Language preferences. A menu is shown, with only one option: "Remove". Tap on it.

Home Screen

① Back: Press to check previous operating display.

② Home Screen: Press to go to home screen.

③ Background: Press to check applications running on background. Existing idle apps may provide a better performance.

④ Application Panel: Press to check all available Applications.

Wallpaper

Tap and hold your finger in any blank space of the home screen, you will see a pop-up menu; you can choose wallpaper from Gallery or your downloaded files or those listed as options; set the one you like to be wall paper.

Widgets

Tap and hold your finger in any blank space of home screen, you will see a pop-up menu with widget.
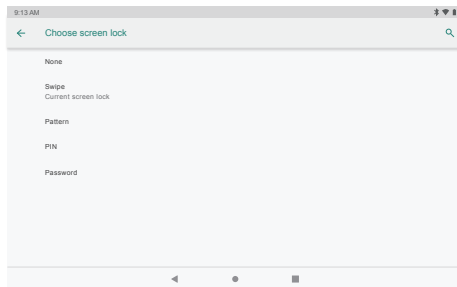

Tip:

1. Tap one icon and move on to top of another icon, you can create a new folder on home screen. Open the folder; click 'Unnamed Folder' to rename the folder.

2. Swipe down vertically from top part of a display to enter quick notification menu.
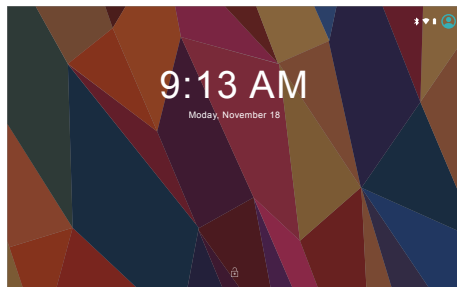

Screen Lock

Set a screen lock to secure your tablet.

Tap - Setting-Security-Screen security-Select screen lock, and select a mode from None, Swipe, Pattern, PIN and Password. You can create a Backup PIN as a safety measure in case you forget your code.

Unlocking the Screen

When the screen turns off, you will have to unlock the screen when you turn it back on.
To unlock the screen, swipe up the lock icon.

Screen shot

Press and hold the power button and volume "-" at the same time to screenshot.
The screenshot will be saved in the photos file.

ABOUT APPLICATIONS

To open an application, tap the application icon on the home screen or in the Launcher
where you can tap the icon right up on the home screen to get in. Launcher screen:

The screen shown above is for illustrative purposes only. We reserve the right to modify
and improve the final list of applications available on the tablet.

ABOUT APPLICATIONS

Pre-installed Applications

Some applications have been installed on your tablet for your convenience.
These applications include:

- Browse the web.
- Perform simple mathematical operations.
- Take pictures or videos with the camera.
- Check your e-mail.
- Play music.
- Access the Settings menu to adjust the tablet's options.

PRE-INSTALLED APPLICATIONS

Installing Applications

You can also download and install additional applications from the device's applications
marketplace, the web browser, or other sources.
The tablet must be set to allow installation of applications from non-market sources. The
unknown sources option can be set in the Application settings menu.

Note:
1. Users are responsible for all charges from specific apps if it is necessary.
2. Manufacturers/sellers are not responsible for apps that are incompatible with the device.
3. In some cases, there may be no icon in the app Panel after an app is installed. Possible reasons may be that this app is not compatible with your OS or the downloaded file is a broken one so you may need to download a full version.

If you install and use an OS other than the one provided by the manufacturer, it may cause your device to malfunction, therefore, your device will no longer be covered by the warranty in this condition.

CONNECT TO A Wi-Fi NETWORK

The Notification bar displays icons that indicate your tablet's Wi-Fi status.

📶 Notification that an open Wi-Fi network is in range.

📶 Connected to a Wi-Fi network (waves indicate connection strength).

[no icon] There are no Wi-Fi networks in range, or the Wi-Fi radio is off.

1. Turn on the Wi-Fi radio if it is not already on.
   a. Go to the Home screen: Press the Home button.
   b. Open the Settings menu: tap the icon right up on the home screen to get into the launcher, then tap Settings icon.
   c. Open the Wireless & networks menu: Slide the icon to ON status.

When Wi-Fi is on, the tablet will look for and display a list of available Wi-Fi networks.

Notes: If a network that you have connected to previously is found, the tablet will connect to it. If you don't see your network in the list, you can force the tablet to re-scan. To scan for networks, tap the Menu button, and then touch Scan.

2. Select an available Wi-Fi network to connect:
In the same Wi-Fi settings menu above, tap a network in the list.

If the network is open, the tablet will prompt you to confirm connection to the network. Tap "Connect" to confirm.

If the network is secured (as indicated by a Lock icon), the tablet will prompt you to enter a password or other credentials. Tap the Wireless password box to show the on-screen keyboard and then use it to enter the password.

Tap "**Connect**" to confirm.

When you have successfully connected to a Wi-Fi network, the Notifications bar at the upper right of the screen will show a Wi-Fi signal indicator.

Notes: To learn about how to add a Wi-Fi network when it is not in range or when the router is set to obscure the network name (SSID), or to configure advanced Wi-Fi options, please refer to the manual.

INTERNET NAVIGATING

Before using your browser, make sure Wi-Fi or internet is connected.

Setting Browser

You can use the browser to pre-install or download others you prefer. Tap the icon on top right corner of the browser page to open the sub-menu for more detailed setting.

Navigating

Tap the browser icon to open your browser. You can access a website quickly by entering the URL on screen keypad. Websites are optimized for viewing on your actual devices.

Bookmarks

1. Tap ★ on any web page to add a bookmark. You can then tap "**OK**" to save or rename the website.
2. Tap ★ to view bookmarked sites, pages you saved and your browsing history.
3. To delete a bookmark, go to bookmarks page, tap and hold the bookmark you want to delete. Tap "**Delete bookmark**". At the Delete confirmation window, tap **OK**.

Cookies

Cookies placed on your device by a website during navigation contain some site-specific information. It can also contain some personal information (such as a username and password) which can pose a security risk if not properly managed. You can clear these cookies from your device at any time. Go to Home webpage, press Settings - Privacy & Security - Clear all cookies data.

Device Reset

You may reset your tablet when necessary, such as forgotten password or PIN of tablet. You can reset your tablet. This will clear all information in your tablet and get your device back to factory mode.

WARNING!

If you perform a Hard Reset, all user applications, user data will be deleted. Please remember to backup any important data before per-forming a Hard Reset.

OPTIONAL CONNECTIONS

Connecting to a Computer
Connect the tablet to a computer to transfer files.

1. Connect your tablet to the computer.
With the included USB cable: Plug the small end of the cable into the USB 2.0 high speed connector of the tablet. Plug the large end of the cable into an available USB 2.0 high speed port on the computer.

2. When your tablet is connected, slide down the USB icon then touch icon USB connected.

3. Mount the storage.
Tap button Transfer files (MTP) to mount the tablet's built-in storage. When it is mounted, you can copy files to or from your tablet.
