Bedside Luxury Co Sleeper  
**Instruction Manual**

**EN1130:2019**

**IMPORTANT:**

**READ CAREFULLY**

**KEEP FOR FUTURE REFERENCE**

## Dear Parents:

Thank you for purchasing the bedside crib.

Please read and follow all instructions before using the bedside Crib.

# **WARNING**

- DO NOT USE THIS PRODUCT WITHOUT READING THE INSTRUCTIONS FOR USE FIRST.
- STOP USING THE PRODUCT AS SOON AS THE CHILD CAN SIT OR KNEEL OR PULL ITSELF UP.
- DO NOT USE MORE THAN ONE MATTRESS IN THE PRODUCT.
- PLACING ADDITIONAL ITEMS IN THE PRODUCT MAY CAUSE SUFFOCATION.
- DO NOT PLACE THE PRODUCT CLOSE TO ANOTHER PRODUCT, WHICH COULD PRESENT A DANGER OF SUFFOCATION OR STRANGULATION, E.G. STRINGS, BLIND/ CURTAIN CORDS, ETC.
- NEVER LEAVE THE CHILD UNATTENDED IN THE BEDSIDE SLEEPER. ALWAYS PROVIDE THE SUPERVISION NECESSARY FOR THE CONTINUED SAFETY OF YOUR CHILD.
- THE PRODUCT SHOULD BE PLACED ON HORIZONTAL FLOOR. IT IS DANGEROUS TO PLACE THE PRODUCT ON A RAISED SURFACE SUCH AS A TABLE.
- DO NOT USE THE PRODUCT IF ANY PART IS BROKEN, TORN, OR MISSING.
- ONLY AN ADULT SHOULD ASSEMBLE, FOLD AND UNFOLD THE BEDSIDE SLEEPER.
- BEFORE ASSEMBLY, CHECK THAT THE PRODUCT AND ALL OF IT'S COMPONENTS HAVE NOT BEEN DAMAGED DURING TRANSPORTATION. SHOULD ANY PART BE DAMAGED, DO NOT USE AND KEEP OUT OF REACH OF CHILDREN.
- ENSURE USERS OF THIS PRODUCT ARE KNOWLEDGEABLE ON IT'S CORRECT OPERATION.
- DO NOT POSITION THE COT NEAR WALLS AND OBSTACLES TO PREVENT ENTRAPMENT. DO NOT ADJUST THE PRODUCT WITH THE CHILD INSIDE.
- DO NOT MOVE THE PRODUCT WITH THE CHILD INSIDE.
- DO NOT USE THE PRODUCT WITH MORE THAN ONE CHILD AT A TIME.

This product is intended for use for babies aged between **0 and 5 months**, weighing up to a **maximum of 9kg**. Stop using the product as soon as the child can sit or kneel or pull itself up.

Before use in 'bedside sleeper' mode (fixed to the bed), make sure the product is securely attached and positioned.

When the product is used in 'bedside sleeper' mode (fixed to the bed), make sure the connection belts are hooked and tensioned properly, before laying child in the sleeper. The product must be secured to the parent's mattress and no gaps between the product and the adult's mattress must be present.

**DO NOT** use the sleeper without the support frame. Keep the fastening belts out of reach of children.

The thickness of the uncompressed mattress shall not exceed 40mm. The upper surface of the non-compressed mattress must be at least 200 mm lower than the upper surface of the lowest side of the bedside sleeper.

**DO NOT** use mattress other than the one supplied by the manufacturer.

**NEVER** use a water mattress with this product. Incorrect mattress can cause death.

**DO NOT** leave any object inside the product that could reduce its depth.

Be aware of the risk of burning cigarettes, open fires and other sources of strong heat, such as electric bar heaters, gas fires etc. in the near vicinity of the crib.

The product is ready for use only when all locking mechanisms are engaged. Check carefully that these are engaged before use.

Failure to follow these warnings and instructions could result in serious injury or death.

**NEVER** use the bedside sleeper in an inclined position.

**NEVER** use the bedside sleeper bassinet in bedside sleeper position without the strap attached and locked as shown. Failure to use this attachment system could result in serious injury or death to the infant. Make sure all straps are secured and tight. Check straps before each use.

**SUFFOCATION HAZARD:** Discard all packing materials immediately after opening. Plastic bags and ties may cause suffocation or choking.

**FALL HAZARD:** To help prevent falls, do not use this product when infant begins to push up on hands and knees or has reached manufacturer's recommended maximum weight of 9kg, whichever comes first.

## **WARNING**

### **SUFFOCATION HAZARD - INFANTS HAVE SUFFOCATED:**

- In gaps between extra padding and side of the bassinet/ cradle, and
- On soft bedding.

Use only the pad provided by manufacturer. **NEVER** add pillow, comforter, or another mattress for padding.

To reduce the risk of SIDS, pediatricians recommend healthy infants be placed on their backs to sleep, unless otherwise advised by your physician.

A bedside sleeper is designed to provide a sleeping area for an infant until he or she begins to push up on hands and knees or approximately 5 months of age. Move your child to another sleeping product when your child reaches this stage.

**STRANGULATION / SUFFOCATION HAZARD:** The top edge of the lowering bar must be below the top of the adult mattress when used as the bedside sleeper. The level of the bedside sleeper bassinet mattress must be a minimum of 12cm below the top edge of the lowering bar. **NEVER** raise the level of the bedside sleeper bassinet mattress.

**NEVER** use plastic shipping bags or other plastic film as mattress covers not sold and intended for that purpose. They can cause suffocation.

Make sure all straps are secured and tight when used in the bedside sleeper position. Tighten straps periodically.

# **WARNING**

## **ENTRAPMENT HAZARD - TO PREVENT DEATH FROM ENTRAPMENT, BEDSIDE SLEEPER MUST BE PROPERLY SECURED TO ADULT BED USING THE ATTACHMENT SYSTEM**

There shall never be a gap between the lower side of the bedside sleeper and the mattress of the adult bed.

Check the tightness of the attachment system before each use by pulling the bedside sleeper in a direction away from adult bed.

If there is any gap between the bedside sleeper and the adult bed, DO NOT use product.

DO NOT fill the gap with pillows, blankets or other items that are suffocation hazards.

**ALWAYS** read and follow assembly instructions for each product use mode (bedside sleeper, bassinet).

**ALWAYS** use **ALL** required parts for each use mode. Check instruction manual for a list of required parts. Periodically check product for loose, damaged, or missing parts.

The straps assembly must always be used in bedside sleeper mode.

**NEVER** use this product if there are any loose or missing fasteners, loose joints, broken parts, or torn mesh / fabric. Check before assembly and periodically during use.

DO NOT substitute parts.

All assembly fittings should be always be tightened properly and that care should be taken that no screws are loose, because a child could trap parts of the body or clothing(e.g. strings, necklaces, ribbons for babies' dummies, etc.) which would pose a risk of strangulation.

Assemble product according to manufacturer's instructions for ANY use mode - bedside sleeper as well as the bassinet.

WARNING- To avoid hazards from the child's neck being caught on the top rail on the side that is next to the adult bed, the top rail must not be higher than the adult bed mattress.

**NEVER** permit bedding from the adult bed to extend into the bedtime sleeper.

**DANGER! -NEVER** leave your infant in the product without the TOP HORIZONTAL RAIL installed in the uppermost position, unless securely attached to the adult bed.

To prevent a suffocation hazard from entrapment, the bedside sleeper shall be properly secured to the adult bed using the attachment system.

Failure to use this securing system will allow the bedside sleeper to move away from the adult bed and could result in the infant falling out of the bedside sleeper.

Use only the attachment system sold with this crib, do not use other attachment system.

**STRANGULATION HAZARD:** To avoid the risk of your child being strangled the attachment system to the adult's bed shall always be kept away from and out of the crib.

**DO NOT** place the product near a window where cords from blinds or drapes may strangle a child. Keep the bassinet away from stoves, heaters, camp fires and other hazards.

**DO NOT** allow children to climb or play on or under unit in any configuration. Young children should not be allowed to play unsupervised in the vicinity of the crib.

**FALL HAZARD:** Remove infant from the bedside sleeper before starting any conversions.

Always make sure all top and bottom rails are securely locked, in all configurations, before putting an infant child into the unit.

To prevent serious or fatal injury from falls always keep child within arm's reach.

- **NEVER** leave your child unattended. The crib should be locked in the fixed position when the child is left unattended.

Strings can cause strangulation! **NEVER** place items with a string around a child's neck, such as hood strings or pacifier cords. **NEVER** suspend strings over product or attach strings to toys.

The bedside sleeper is designed for use only with adult beds that are between 50.5-62.5cm from floor to top of adult mattress.

## ASSEMBLY CONTENTS:

You have received 1 box. Please check the content of the box against the list below. If anything is missing, please contact Customer Service.

### Supplied loose in box:

Top frame, liner, and mattress with removable cover x1

Middle support frame

Storage cover and connecting bar x1

Fixing belt x2

Bolt & allen key

M6\*44mm X4pcs

M6\*14mm X1pc

Allen key X1pc

Wooden leg x2

Lock cover x2

Wheels x4

Travel bag x1

There are no accessories recommended for use with this Bedside Sleeper.

## ASSEMBLY / OPERATION INSTRUCTIONS TO ASSEMBLE FRAME AND BEDSIDE SLEEPER LINER...

1a) Put the connecting bar in storage cover and screw the bolt (M6\*44mm X4pcs) to connect wooden legs and bars

2a) Push the middle support frame tubes into the frame till you hear a 'click' sound.

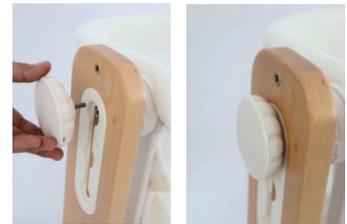

3a) Lay the top frame topside down, and push the middle frame in till you hear a 'click sound'.

4a) Rest the top frame on wooden legs by sliding into slot.

5a) Screw the lock cover into wooden legs.

6a) Wrap liner flaps around middle frame and secure with Velcro strips.

7a) Insert the wheels on to bottom of legs.

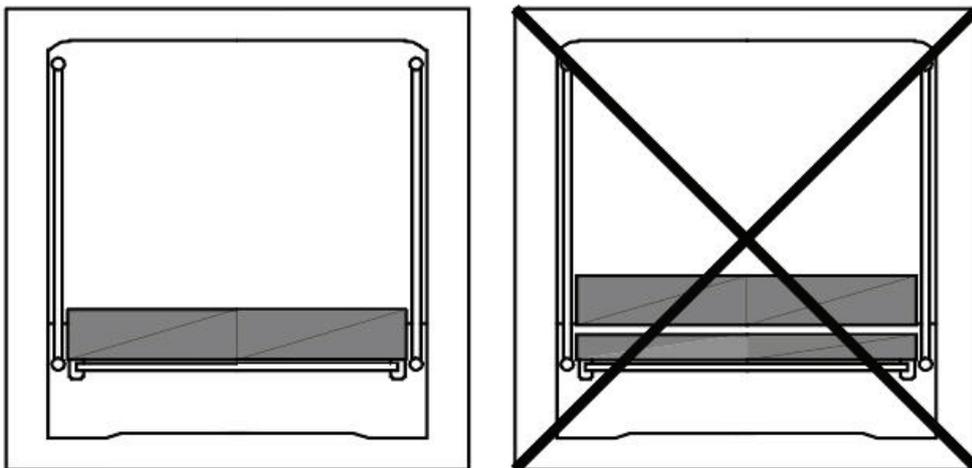

8a) The assembled product should be as shown.

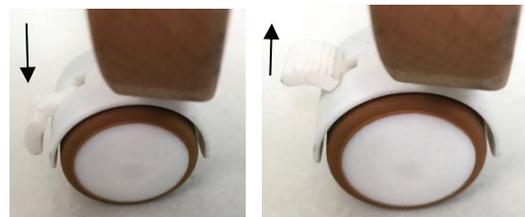

**⚠ WARNING ⚠**

Only use the mattress sold with this crib, do not add a second mattress on this one, suffocation hazards.

**TO LOCK WHEELS:**

- 1a) Press lock down to lock wheels in place.
- 2a) Lift lock up to release wheels.

**TO ADJUST HEIGHT OF BEDSIDE SLEEPER...**

- 1a) The sleeper can be adjusted into 3 different heights. Revolve the round cover till it is loose ,

hold the top frame and slide inward and lift to the desired height. Repeat on the other side.

**⚠ WARNING ⚠**

HEIGHT ADJUSTMENT MECHANISMS MUST ALWAYS BE SET TO THE SAME HEIGHT SETTING TO ENSURE A FLAT AND SAFE SLEEPING ENVIRONMENT IS MAINTAINED. AN INCLINED SETTING IS NOT SAFE.

**TO TURN ROCKING MODE...**

1a) Slide the button inward and turn the gear forward to unlock.  
Repeat on the other side

Step2. Turn the gear forward  
Step1. Slide inward

**⚠ WARNING ⚠**

- a) DO NOT USE THE ROCKING MODE WHEN THE CHILD IS UNATTENDED.
- b) THE MAX INCLINATION IS 10°. THE CHILD MAY GET INJURED IF THE AMPLITUDE OF THE SWING IS EXCESSIVE AND MAY POSE RISKS TO OTHER CHILDREN.
- c) LOCATE THE CRIB WHERE THERE IS NO RISK OF SWING IMPACT.
- d) THE PRODUCT SHOULD BE PLACED ON HORIZONTAL FLOOR. UNEVEN SURFACES CAN CAUSE INSTABILITY OF THE PRODUCT.

## TO FIX THE BED IN BEDSIDE SLEEPER MODE...

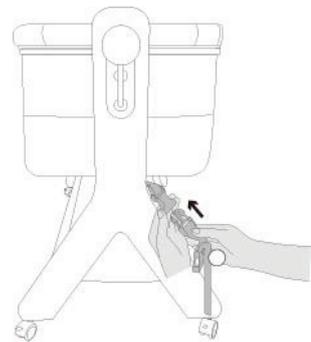

1a) Unzip the front panel on both sides. Slide the bar lever back and lift on both sides.

2a) Remove the tube and put the front panel down. Secure with elastic tabs on middle frame support.

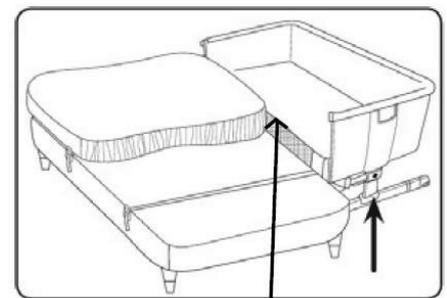

2a) Clip the fixing belts to the side support frame.

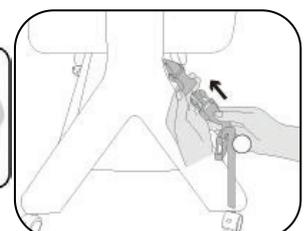

3a) Move the sleeper close to the parent's bed and check the height of the sleeper compared with the mattress on the bed.

4b) The side support of the sleeper should always be placed close to the parent's mattress and the mattress should always be aligned with the height of the side support for restraint of the sleeper.

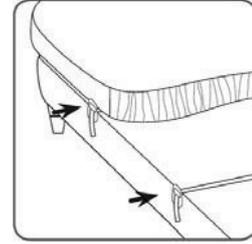

Side support

5a) In order to fix the co-sleeper to the parent's bed in co-sleeping mode, use the attached pair of fixing belts provided.

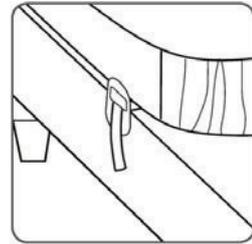

6a) Slide the straps between the top mattress and the base using a back and forth 'sawing' motion and at the same time pulling downward until the straps and anchor plates are in the desired position.

**CAUTION! ENSURE THE FIXING BELTS ARE STRAIGHT!**

7a) The anchor plates should appear like the opposite picture once they are assembled between the mattress and the base.

8a) Tighten the loop by pulling the belts firmly. The strap must be horizontal as possible. Make sure the strap is in line with bed frame.

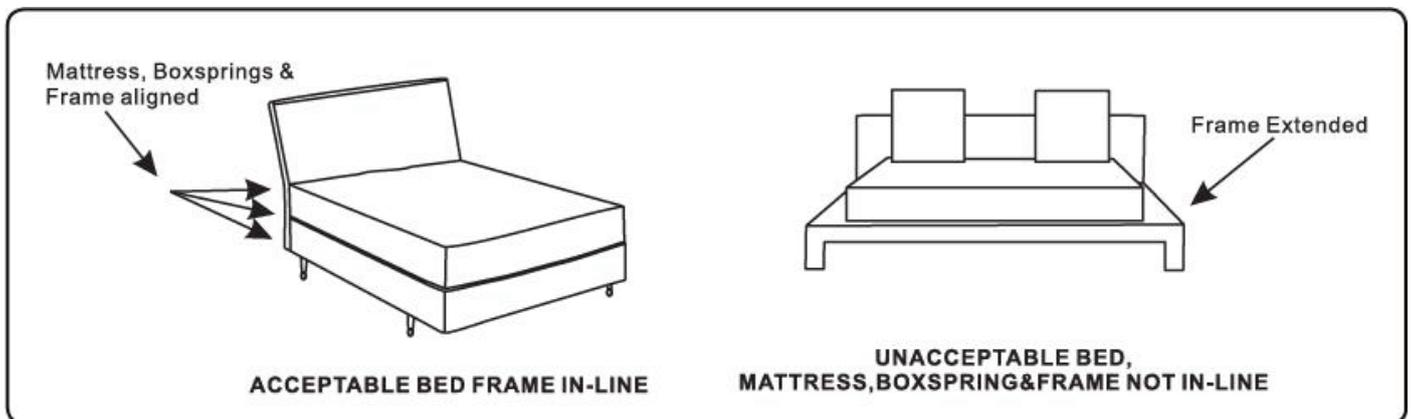

8b) Adjust the belts separately until the sleeper is firmly in contact with the parent's mattress.

8c) Store any excess of belts between the mattress and the base.

## **WARNING**

- Before every use always check to make sure there is no space between the parent's mattress and the side of the sleeper.
- If there is, pull the belts firmly to tighten until there's no space and the permitted condition of use has been restored.
- Use of product is only permitted with beds and/or mattresses with straight sides, use of the product with round mattress and or water bed is not permitted.
- When the product is used in the bedside sleeper mode, it should always be fitted to the long side of access to the bed, do not fix the product to the bed or bottom of the bed.
- This bedside sleeper cannot be used with a recessed bed

## HOW TO CARE FOR YOUR BABY BEDSIDE SLEEPER

### Cleaning

This product has been designed and developed with safety, comfort and functionality in mind. Please take the time to read this manual carefully before using this product and keep it in a safe place for future reference. To ensure the long-lasting use of your bedside sleeper, do not use solvents, abrasives or aggressive cleaning products. After each wash check the resistance of the fabric and the stitching. For washing of the fabric, carefully comply with instructions indicated on the label (listed below).

Hand wash in cold water

DO NOT iron

DO NOT bleach

DO NOT dry clean

DO NOT tumble dry

### Maintenance

Always check parts regularly for tightness of screws, nuts and other fasteners— tighten or replace if required. The bedside sleeper and the mattress have a resistant fabric cover which is completely removable and washable. The removal of the fabric should be carried out by an adult only. On a regular basis check the condition of the product and presence of any possible damage. In the case of damage do not use and keep it out of the reach of children. To maintain the safety of your bedside sleeper seek prompt repairs for bent, torn, worn or broken parts.

If you have any difficulties in assembling the sleeper, please contact Our Service Department.
