- Linux

I-3. Hardware Overview

No.	Description
1	Wi-Fi Antenna Connector
2	Standard Profile Bracket
3	Bluetooth Port
4	PCI-E (X1/X4)

II. Hardware Installation

Please follow the instructions below to install the network adapter in your PC,

1. Turn off the PC and unplug the power cord.
2. Remove the side panel of the computer by unscrewing it and identify empty PCI-E slot.

3. Install the card by firmly pressing it into the expansion slot,

4. In order to activate Bluetooth function, please connect the network adapter to the motherboard with USB Bluetooth header connector cable.

5. Connect the external magnetic antenna base.

6. Reattach the side panel and put the power cord back

III. Install Driver

Please follow the instructions below to install and uninstall the driver.

III-1. Driver Installation

You can find Wi-Fi & Bluetooth driver from the Edimax website below or via QR Code:

<https://www.edimax.com/download>

(Once you've visited the Edimax official website, please enter the model no. "EW-7833AXP" into the search box to search for your product.)

Click on download button to visit download page:

The screenshot shows the Edimax website interface. At the top, there's a navigation bar with links like News, About Edimax, Investor Relations, and Global | English. Below that, a search bar contains the text "Model no. or keywords". The main content area displays the product name "EN-7833AXP" and several tabs: Features, Specifications, Download (highlighted with a red box), and Where to buy. Below the tabs, there's a section titled "Driver" with a table of driver versions.
