MICRO-USB PORT

NOTE: An adult must charge the device and connect to a computer.

Use the included **Micro-USB Cable** to connect the device to your computer to transfer photos and videos and to charge the device.

- 1. Open the cover over the Micro-USB port on the smartwatch.
- 2. Insert the Micro-USB side of the cable into the port.
- 3. Insert the large USB end into a USB port on your computer.

BATTERY CHARGING

Prior to use, it is recommended that you fully charge your L.O.L. Surprise!™ Smartwatch, Camera & Game for optimal performance.

NOTE: The device should be OFF prior to charging. To power OFF, hold the home button for about 5 seconds, until a sound plays and the device shuts off.

- 1. Remove the watchband or clip/stand from around the smartwatch.
- 2. Insert the larger end of the Micro-USB cable into a USB port on your computer.
- 3. Lift open the cover over the Micro-USB port on the smartwatch and insert the Micro-USB cable into the port.
- 4. A battery symbol will turn green on the screen once the device is fully charged. Remove the device from the Micro-USB cable. Do not over charge the battery.
- 5. You can now turn on the device, add your favorite accessory and begin playing.

NOTE:

- See page 24 for more **BATTERY INFORMATION**.

SYSTEM REQUIREMENTS

Compatible systems include Microsoft® Windows XP, Windows® 7, Windows® 8, and Windows® 10 Operating System or a Macintosh Computer with macOS X version 10.13 and 10.14. Other operating systems may be compatible or eligible for upgrade to a compatible system. USB port required.

USING THE DUAL CAMERAS

There are two cameras on the L.O.L. Surprise!™ Smartwatch, Camera & Game, a front-facing camera on the smartwatch's surface and an outward-facing (P.O.V.) camera on the top of the device. Open the Camera or Video applications to use the camera. View your images and videos in their respective galleries on your device. For more information, see pages 10-11.

NOTE:

For your security, the camera and microphone on your device will be disabled when connecting to a computer with the Micro-USB Cable, as the device must be off. Properly eject the device from your computer, unplug the Micro-USB cable, and turn the device on before using these features.

TRANSFERRING FILES FROM THE SMARTWATCH

To start, plug the device into your computer using the included Micro-USB cable, and follow the instructions on page 4.

On your computer, you will see a removable drive called LOLSurprise. Click on this drive to transfer files from the device to your computer using the folders called PHOTOS and VIDEOS. Copy and paste the files in those folders to the desired location on your computer. **TIP:** Photo and video files will not be deleted from the smartwatch until you manually delete them on the device by pressing the trash can icon in the photo and video apps.

You cannot load photos or videos from other devices onto the L.O.L. Surprise!™ Smartwatch, Camera & Game, as the file types may not be compatible.

NOTE: Once the device is connected to your computer, do not disconnect the smartwatch or the cable while files are transferring. Once your smartwatch completes the transfer, properly eject the device from your computer. Then, physically disconnect the cable and the smartwatch.

WEARING THE SMARTWATCH

As with all wearable devices, some users may have skin sensitivities that are irritated by wearing the watchband for extended periods. Irritation may occur from moisture, sweat, soap or other irritants that get caught between the band and the skin. If irritation occurs, remove the watchband. It is not recommended to wear the watchband to bed at night or for extended periods. Always keep your wrist and the watchband dry and clean. To clean the band, wipe it off regularly with a damp cloth and dry thoroughly.

Avoid wearing the watchband too tightly, which may also contribute to skin irritation. The band should not be too loose so that is does not stay in place properly, but it should also not be so tight that is uncomfortable to wear. If you notice any redness or swelling or other skin irritation, remove the watchband and consult a doctor if necessary.

If you do find that your skin is sensitive to the watchband, it is recommended you use the included clip/stand to play with the L.O.L. Surprise!™ Smartwatch, Camera & Game.

USING THE CLIP/STAND

In addition to wearing the L.O.L. Surprise!™ Smartwatch, Camera & Game on your wrist, you can use the included clip/stand to attach it to your clothing or use it as a display stand on a table. The smartwatch will still count your activity, steps, and motion if you clip it to your clothing, but will not track activity if used as a stand. For the most accurate activity tracking, wear the device on your wrist or clipped onto your waistband.

TIP: For both the watchband and the clip/stand, make sure the device's arms and legs are able to move in and out of the casing. Ensure a proper fit before use.

HOME BUTTON

Press and hold the home button on the front of the smartwatch for about 5 seconds to turn it on.

Once the smartwatch is turned on, press the home button once to rotate the display between **M.C. SWAG MODE**, **MENU MODE** and **WATCH SCREEN MODE**.

From **M.C. SWAG MODE**, press the home button to switch to **MENU MODE**.

From **MENU MODE**, press the home button to switch to **WATCH SCREEN MODE**.

From **WATCH SCREEN MODE** press the home button to switch to **M.C. SWAG MODE**.

QUICK MENU VIEW

Swipe down on the touchscreen to quickly see the volume, time, wireless connectivity, daily steps, and battery charge level. Swipe up to make this quick view menu disappear or it will disappear after a few seconds. Tap on the volume or wireless connectivity icons to make changes to those settings.

NOTE: The quick view menu will not appear by swiping down on the screen while the smartwatch is listening to you in M.C. Swag Mode.

M.C. SWAG MODE

Press the home button on the front of the smartwatch to rotate the display to **M.C. SWAG MODE**.

- 1. When you touch the screen in M.C. Swag Mode, the device's arms and legs will move!
- 2. Shake M.C. Swag around to make her dizzy!
- 3. Leave M.C. Swag alone and watch her yawn or whistle.
- 4. Swipe right to tickle M.C. Swag and make her giggle.
- 5. Swipe left to make M.C. Swag annoyed!
- 6. Swipe up and M.C. Swag will listen to you! Try saying, "Hi M.C. Swag," or asking a question to see her response. Swipe down, left, or right on her face to disable the listening mode.
- 7. Press and hold M.C. Swag's face to open up fun emojis for her to interact with and express herself!
- 8. Sometimes M.C. Swag will suggest a game to play or an app to use with a speech bubble icon. Click on the icon to open the app M.C. Swag suggests. This will also boost her happiness on the stat bar (see **HEALTH** on page 16).

PLUS SO MUCH MORE! What else can your L.O.L. Surprise!™ Smartwatch, Camera & Game do?

MENU MODE

Select from a variety of games and activities which include your favorite L.O.L. Surprise!™ characters, access dual P.O.V. and selfie cameras, and send messages! Press the icons on the screen to open up sub-menus (indicated by an arrow next to the icon).

To exit a menu selection, press the home button.

There are four main menu screens, and three sub-menus for games, fitness games/tracking, and settings. Swipe left or right on the smartwatch to navigate between the four menu screens.

TROUBLESHOOTING

The smartwatch has stopped working.	1. Turn the power OFF by pressing and holding the home button until the device turns off. 2. Turn the device back ON by pressing and holding the home button until the device turns on. NOTE: If the device still does not work, charge the battery (see page 4) and follow the steps above.
The touchscreen is not responding properly.	1. Turn the power OFF by pressing and holding the home button until the device turns off. 2. Turn the device back ON by pressing and holding the home button until the device turns on. It should now work properly. NOTE: If the device screen still does not work, charge the battery (see page 4) and follow the steps above. TIP: Use the tip of your finger rather than your finger nail for best results using the touchscreen.
The image or video taken is not clear.	1. Ensure the lighting in the area you are shooting is sufficient. 2. Check that the camera lens is clean. If dirty, wipe with a dry, soft cloth and blow on it to remove debris. See CARE AND MAINTENANCE on page 23.
Cannot connect the device to a computer.	1. Ensure there is a good connection between the device and the computer via the Micro-USB Cable. See MICRO-USB PORT on page 4 and other supporting sections for more information. 2. If the cable is damaged, contact consumer service. Do not attempt to use the cable if it is damaged.
Wireless connectivity is not working properly.	1. Stay within close proximity (about 50 ft./15m with nothing in the way) of other L.O.L. Surprise!™ Smartwatches when connecting wirelessly. 2. The device must have a sufficient amount of battery power to connect wirelessly. Recharge the device using the included Micro-USB cable.
The device is not charging.	1. Only use the included Micro-USB cable to charge the device. 2. It is recommended you only charge the device using a USB port on your computer. 3. Make sure to charge the device regularly, even if it is not in use. A battery that has not been charged in a long time may no longer accept a charge.

22

LiPo BATTERY SAFE USAGE

This device is equipped with a Lithium Polymer (LiPo) rechargeable battery. Please pay attention to the following cautions for safety use:

- Before recharging, allow the battery to cool for at least 10 minutes after use.
- Do not dispose of the battery in fire or extreme heat.
- Do not use or leave the battery near a heat source such as a fire or a heater.
- Do not strike or throw the battery against hard surfaces.
- Do not immerse the battery in water.
- Keep the battery in a cool, dry place.
- When recharging, only use the Micro-USB Cable specifically included for that purpose.
- Do not over-charge the battery.
- Do not directly solder the battery and pierce the battery with a nail or other sharp object.
- Do not disassemble or alter the battery.
- Charge the battery as necessary. Failure to charge the battery frequently may result in a battery that will no longer accept a charge.
- Do not transport or store the battery with metal objects such as necklaces, hairpins, etc.
- Please recycle a used battery after covering the battery wires/terminals with electrical tape or by inserting it into an individual poly bag. Check local laws and regulations for recycling and/or disposal information.
- Under the environment with electrostatic discharge, the product may malfunction and require the user to reset the product by turning it off and back on again.
- Rechargeable batteries are only to be charged by an adult.

BATTERY LIFE AND MAINTENANCE

Check the battery charge level on the quick menu view. If the battery is yellow, it's time to charge soon. If the battery is red, charge the battery as soon as possible.

USAGE	BATTERY LIFE
Low Usage	5 Days
Typical Usage	2 Days
Heavy Usage	8 Hours

Charge the battery regularly to maintain optimum performance, even when the device isn't regularly in use. For example, charge the device at least once every six months. Turn the device OFF before charging the battery. Keep the device OFF when the device will not be in use for an extended period.

This chart is only an estimate of the projected battery life before charging is needed.
