

ZI-STE1000IV // generator

highlights

- INVERTER technology – for sensitive devices (computers, etc.)
- very convenient for garden, leisure and camping activities
- incl. handle and rubber feet
- closed body
- very small sound level
- convenient transportation because of light weight
- easy handling

ZI-STE1000IV // generator

technical details

motor power s1 in W	1500
fuel capacity in l	2.1
starter	CDI
max. performance in W	950W S2 5 min
direct current	12V 6A
work duration in h	4
sound power level in dB(A)	90
net weight in kg	14,800
packaging length in mm	505
EAN code	9120039239125

engine type	1-Zylinder 4-Takt OHV Motor
fuel type	ROZ95
speed in min-1	5500
sockets	230V 50Hz
generator performance in W	850
sound pressure level in dB(A)	64
gross weight in kg	17
packaging width in mm	280
packaging height in mm	420
