# Introduction

For more than 40 years, Verbatim has been at the forefront of the evolution in data storage technology and today remains one of the most recognisable and respected names in the industry.

Verbatim is the Global No.1 brand\* in optical media with a reputation for quality and reliability, both for the products that it sells and the service that it provides.

And as a subsidiary of Mitsubishi Chemical Corporation, a world leader in the chemical industries, Verbatim is ideally positioned to take advantage of changes in the market while continuing to challenge the frontiers of data storage.

## Mobile Hard Drive- USB 2.0

The Verbatim Mobile Hard Drive features USB Turbo Speed which improves transfer speeds by up to 25% via the USB 2.0 interface. Sleek, palm-sized and lightweight, the Mobile Hard Drive is both ultra-compact & versatile & weighs just 140grams. The Verbatim Mobile Hard Drive is USB 2.0 bus powered (1 x USB 2.0 interface) and requires no external power for operation with its Plug 'n' Play capabilities. The increase in data transfer speeds of up to 25% via "Turbo USB" is realised by a special filter driver. Turbo USB creates a QOS (Quality of Service) to let USB devices work more efficiently. USB protocol is changed from single task to multi task. Data packet size is increased which reduces the USB overhead. Therefore, equipped with TurboUSB the Verbatim Mobile Hard Drive can save more time by shortening the data transfer time. 24 Month Limited Warranty

## Specifications

**External Power:** USB Port

**Interface:** One USB Mini-B port

**Data Transfer Rate:** USB 2.0: 480 Mbit/s (max)

## Store'n'Save Desktop HDD- USB 3.0

The Verbatim Store 'n' Save USB 3.0 Desktop Hard Drive features high performance storage using a USB 3.0 SuperSpeed interface. USB 3.0 offers up to 10 times faster data transfer rates than USB 2.0 (based on USB bus speed) providing ultra-fast data transfer on the go. Store 'n' Save can be placed either horizontally or vertically to suit your work space. When switched on, a welcome screen will activate which includes shortcuts to the software, user manuals, support information and the directory of your drive (dependent on PC OS running). USB 3.0 bus powered (1 x USB 3.0 interface) and backwards compatible with any USB 2.0 ports on your PC or notebook. USB 3.0 is 100% compatible with USB 2.0. For added security Nero BackItUp and Burn Essentials software is provided to help back up your laptop or PCs hard drive. BackItUp and Burn Essentials provide 3 applications in 1. Back up all your files, folders, and drives whenever you want or schedule the auto back up at a specified time for added security. Nero Express gives you the option to burn your files to CD or DVD & Nero RescueAgent provides a file recovery option should your files become damaged. 24 Month Limited Warranty

# Freecom Tough Drive - USB 3.0

In today's world, mobility has become a key factor. People who are on the road carry their whole office with them. Notebook, mobile phone, tablet, external hard drive... Imagine what can happen when you're late for a flight, running to the gate, and your external hard drive accidentally falls from your notebook case or out of your jacket pocket onto the floor... it breaks. Hundreds of hours of work, gigabytes of spreadsheets, documents, photo's... all gone. Not anymore! Freecom introduces the Tough Drive. The ideal external storage solution for people on the move. Fitted with an internal anti-shock frame and a unique soft silicone cover, it can withstand bumps and drops so your drive is still fully functional after it has dropped. The Tough Drive ensures you can still access your valuable files. A safe feeling. Provided by Freecom.

# Freecom Mobile Drive Mg - USB 3.0

The Freecom Mobile Drive Mg, with Thunderbolt™ interface for lightning-fast data transfer speed, has been specifically designed as storage expansion for your MacBook. The enclosure of the Mobile Drive Mg is made from magnesium, a solid, lightweight, cool and environment-friendly material. Combined with the elegant and sleek design, the use of Magnesium has resulted in a perfect match for your MacBook. The Freecom Mobile Drive Mg is Mac HFS+ formatted and can be optimally used with your Mac from the moment you connect it to the USB port of your Mac or MacBook. It is 100% TimeMachine® compatible, ideal for making backups of your important data!

## SSD Drives

High speed 2.5" hard drive alternative storage for notebook and desktop PCs. Benefits include high speed data transfer, silent operation, low power consumption & rugged and durable construction. SSDs retain data in nonvolatile memory chips and contain no moving parts. Compared to electromechanical hard drives, SSD's are typically less susceptible to physical shock & vibration, offer silent operation, have lower access/boot up times & latency and offer faster system performance including application launch and shut down times. SSDs handle large amounts of data quickly and improve system responsiveness, extending battery life and system performance.

## SATA-III Internal SSD Drives

Available in SATA III interfaces, Verbatim Internal Solid State Drives provide ultra-fast data transfer rates, faster system boot-up, shut down, and system responsiveness. Verbatim's Internal SSDs are the ideal hard drive replacements for users seeking a performance and reliability upgrade. Verbatim Internal SSDs contain no moving parts, resulting in greater mechanical stability and reliability, increased shock resistance, silent operation, and reduced power consumption for increased battery life.

USB  
Drives

# USB Drives

The explosive growth of flash memory is the direct result of insatiable consumer demand for ever-smaller, feature-packed portable digital devices. With fast read and write speeds and high levels of shock resistance and durability, Verbatim's comprehensive range of USB Drives provide the perfect solution for convenient and safe transport of data.

Our wide selection of USB Drives offer everything you may need for personal or professional use.

# Store'n' Go-V3 USB 3.0 Drive

Featuring a USB 3.0 interface for SuperSpeed data transfer, the Store 'n' Go V3 USB Drive is up to 10 times faster than USB 2.0. The retractable design of the V3 Drives keeps the connector and data protected without the worry of losing a cap. The all new Store 'n' Go V3 MAX USB Drive offers the ultimate in speed. With transfer speeds up to 175MB/sec, moving music or video libraries is a walk in the park! The dual-channel USB 3.0 interface offers faster data transfer speeds versus single-channel USB 3.0; making it easy to transfer multiple files at once or larger files without error.

# Memory Cards

The explosive growth of flash memory is the direct result of insatiable consumer demand for ever-smaller, feature-packed portable digital devices. With fast read and write speeds and high levels of shock resistance and durability, flash memory devices provide the perfect solution for convenient and safe transport of data.

Our wide selection of USB Drives and Memory Cards, including hardware encrypted devices for ultimate security, offer everything you may need for personal or professional use.

# SecureDigital

## SDXC

Verbatim SDXC (SD Extended Capacity) memory cards are designed to handle large volumes of data at high speeds and provide users with portable storage and speed for their camcorders or digital cameras. SDXC UHS-1 (Ultra High Speed Bus 1) Cards can achieve the highest speeds only when paired with a UHS-1 device. For devices without the UHS-1 interface the guaranteed minimum data transfer rate for Class 10 will be 10MB/Sec. 24 Month Limited Warranty.

## SecureDigital

SD is a popular storage choice among Digital Still Camera, Digital Video Camera, MP3 player and handheld device makers. Verbatim SD memory cards are fully compliant with all applicable SD standards and provide data security features inherent in the SD format. 24 Month Limited Warranty.

	CAPACITY	PART NO
SD Card	2GB	62710

## microSD

Designed especially for mobile phones, microSD, microSDHC and microSDXC memory cards consume very little power, preserving the battery life of your mobile phone. They are also suitable for use in GPS devices, MP3 players, digital cameras and PDA's. The Speed Class Specification classifies performance by Class number and offers the method to calculate its performance. For example, the Class 10 specification indicates a minimum data transfer speed of 10MB/Sec. 24 Month Limited Warranty.

# MediaShare Wireless

Imagine infinite storage capacity and live video/audio streaming for your tablet or smartphone. Verbatim's new MediaShare Wireless Streaming Device, allows you to do just that. MediaShare allows you to stream media to your tablet/smartphone from portable storage media, such as SD cards, USB drives or portable HDDs (media not included) via a secure, wireless connection, wherever you are! Even better, up to 5 users can access and share stored content – simultaneously! For maximum mobility, the MediaShare Wireless has a built-in rechargeable battery, with an approximate battery life of up to 9 hours\*.

Similar devices are limited by built-in storage capacities, or inability to upload and download information from your tablet/smartphone to your media storage but the Verbatim MediaShare Wireless allows for simultaneous upload, download and streaming! And because it utilises removable media, you'll never run out of space. MediaShare Wireless is the solution for wireless media streaming for anyone on the go.

\* Based on 1 user. No USB connected. Playback from an SDXC card with video bit rate of 2Mbps or less

Scan the QR Code with your smartphone to watch a video of the Mediashare in action
