FAO

- Q: Why these earbuds can not pair with my mobile phones?
- A: 1. Please make sure the earbuds are full charged and power on.
- 2. Please make sure the bluetooth of your phone is trun on. 3.If above 2 points have no problem, please put earbuds into the case again and close the case, hold on for 1min, then open the charging case and reconnect earbuds with your phone.
- O: Why does the music cut in or cut out?
- A: First, please do not let the distance between these earbuds and your phone more than 33 feet(without obstacle). If the distance less than 33 feet, Please note 2 tips as below:
- 1. Please make sure there is no obstacle between the earbuds and your
- 2. Please make sure there is no Microwave oven/Wifi transmitter around you, which are more likely to produce electromagnetic interference and result in signal interruption.
- Q: Why does the earbuds can not be chagged and not disconnected with my phone even earbuds are put into case and I have closed the case?
- A: Please make sure the charging case are not in low battery, if the charging case are in low battery, earbuds can not be charged and not disconnected even though they are in case. So, please use the type-c cable to charge the case fullly.
- Q: How to contact VEATOOL Customer service?
- A: VEATOOL offers a one-year replacement warranty if there is an issue with your VEATOOL E3, please don't hesitate to contact us, we will reply within 24 hours and resolve it 100%.
