

SmallRig

Side Handle with 14 -20 Screws

Operating Instruction

SmallRig Side Handle with 1/4"-20 Screws 4015 is designed to facilitate camera movement, and stabilize dual-handed shooting while providing basic mounting points. The handle with high versatility is compatible with two 1/4"-20 threaded holes with a pitch of 18mm. Features ergonomic design, which allows to use by left & right hand interchangeably to provide a comfortable grip. According to the actual camera size, the handle can be adjusted 0-36mm vertically to ensure the best grip position. Mainly made of strong aluminum alloy, and features silicon pads on the contact surface with the palm, which are anti-freeze and anti-slip. Comes with two stainless steel 1/4"-20 screws, 1/4"-20 threaded hole, 1/4"-20 locating hole, strap hole, cold shoe for attaching Monitor Mount 2905, Ballhead Magic Arm 3875, LED Video Light 3286, Microphone 3468, etc. Besides, a built-in magnetic Allen Wrench is included for easy mounting and adjusting accessories.

Safety Guidelines

1. Environment

Do not use the product underwater, in extreme temperatures (e.g., freezing or direct heat), corrosive environments, or excessive dust. Dry metal parts immediately after liquid contact to prevent corrosion.

2. Load Capacity

Do not exceed the maximum weight capacity indicated on the product. Overloading risks structural failure, deformation, or accidental drops.

3. Cleaning & Maintenance

Clean surfaces with a dry, soft cloth. Avoid chemicals like alcohol or solvents. Ensure dry and ventilated conditions for long-term storage.

4. Structural Integrity

Do not modify the product (e.g., drilling, cutting)—this compromises structural integrity and increases drop risks.

5. Malfunctions

Stop use immediately if you notice deformation, unusual noises, or loose components, and contact support.
