

# iSinbox GC357

ISINBOX GC357

## Brief Introduction

Beta 2.5

The GC357 LED LCD projector from iSinbox has 700 Ansi lumens, a contrast of 25000:1 and an HDTV 1920 x 1080 resolution. The manufacturer iSinbox specifies a service life of 65,000 hours, which is over 44.5 years if enjoyed for four hours a day. 269 cm picture width, the projector will be able to illuminate well. However, if room light is available, the picture width should ideally not exceed 179 cm. As the projector recognizes Airplay, Miracast Screen Mirroring signals, it is possible to play videos with a high resolution and surround sound directly from a smartphone, tablet, PC (Android, Windows and iOS) via WLAN. In addition, the Bluetooth option is a useful addition to the projector, especially for wireless audio transmission. Playback of 1080P and 4K (compressed) is also no problem for the projector.
