## 中文

## 产品概述

DL1700是一款远近光双光源的吊装智能自行车前灯。TYPE-C充电一体化技术，最大射程达200米，内嵌4000mAh锂离子电池，最大续航18h。加上电量管理功能、智能启停、温控技术、无线控制技术、IPX-6级防水设计,体积小巧紧凑、功能丰富,尤其为骑行者在公路、山地越野等场合提供更加愉悦的照明体验。

- 1) 使用USA CREE LED, 驱动为4000mAh可充锂电池;
- 2) 54mm(长)x 42mm(宽) x 58mm(高);
- 3) 净重158克(含电池);
- 4) 吊装使用(可与码表组合);
- 5) 无线遥控技术通过无线遥控器一键极亮可达1900流明;
- 6) 智能启停&温控技术;
- 7) Type-C充电一体化技术;
- 8) 电量管理,实时掌握剩余电量;
- 9) 过充、过放保护,防止电池损坏或寿命缩减;

## 技术参数 (ANSI/NEMA FL 1):

模式	亮度	续航时间	最大射程	防跌落高度	防水等级
远光模式	高亮档 1700流明	2h*	200m	1.2m	IPX-6
	中亮档 800流明	4h			
	低亮档 400流明	7h			
近光模式	高亮档 800流明	3h20min	200m (Max)	1.2m	IPX-6
	低亮档 400流明	6h			
	呼吸闪 200流明	18h			
一键极亮 (使用遥控器)	1900流明	/			

注上述参数是TOWILD实验室测试所得平均值,以4000mAh可充锂电池在实验室测试所得,可能会随着灯具和使用环境而发生变化。

## 操作说明

- “C”开关: 长按0.5秒开关机, 单击切换档位。
- “C”开关: 单击切换远光、近光照明模式。
- 长按0.5秒切换智能、手动模式, 智能模式时指示灯为蓝色, 手动模式时, 指示灯为绿色, 同时主灯闪烁一次提示转换成功。

## Product Overview

DL700 is an intelligent under-mounted bike headlight with dual light source, TYPE-C charging and discharging technology, with a maximum range of 200 meters, and a built-in 4000mAh Li-ion battery with a maximum range of 18h. Plus power management features, vibration sensors, temperature control technology, wireless control technology, IPX-6 waterproof design, small and compact, feature-rich, especially for riders on the road, mountain cross-country and other occasions to provide a more pleasant lighting experience.

- 1) Uses USA CREE LED, powered by 4000mAh rechargeable Li-ion battery.
- 2) 54mm(L) x 42mm(W) x 58mm(H).
- 3) Net weight 158g (include battery).
- 4) Support use (can be combined with a computer).
- 5) Wireless remote control technology, one key to brighten up to 1900 lumens by wireless remote control.
- 6) Intelligent start-stop & temperature control technology.
- 7) Type-C charging & discharging technology.
- 8) Power management, real-time grasp of the remaining power
- 9) Over-charging and over-discharging protection, preventing battery damage or life shrinkage

## Specifications (ANSI/NEMA FL 1):

Mode	Output	Runtime	Distance	Impact Resistant	Water Proof
Focus beam	High 1700lumens	2h*	200m	1.2m	IPX-6
	Medium 800lumens	4h			
	Low 400lumens	7h			
Flood beam	High 800lumens	3h20min	200m (Max)	1.2m	IPX-6
	Medium 400lumens	6h			
	Low 200lumens	18h			
Turbo (When using the remote)	1900lumens	/			

Note: The above parameters are approximate average values of TOWILD laboratory tests, with 4000mAh rechargeable lithium-ion batteries in the laboratory tests, may change with the lamps and lanterns and the use of the environment.

## Operation Instruction

- “C”Power-mode button: Press and hold for 0.5s to turn on and off. Once on, single-press the button to cycle through the various modes.
- “C”Focus Beam button: Single-press to switch between Flood and Focus beams. Press and hold for 0.5s to switch between Intelligent and Manual modes. In Intelligent mode, the indicator on both buttons are blue. In Manual mode, the indicator on both buttons are red. Press and hold for 0.5s to turn on/off lamp flashes once to indicate a successful switch between Intelligent and Manual modes.

## 日本語 製品概要

DL1700はハイビームとロービームのデュアル光路システムを搭載した吊り下げ式のスマート自転車用ヘッドライトです。USB TYPE-C充電機能で、最大射程は200メートルに達します。4000mAhのリチウムイオン電池で内蔵し、最大稼働時間は18時間になります。電量管理機能、振動感知機能、振動感知制御技術(自動点滅)、知能温度制御技術、無線制御技術、IPX-6級の防水設計で、小型でコンパクト、特に道路、山の斜面などのサイクリング愛好者のために、夜間走行はもちろん、オフロードやクロスカントリーでも、より楽しい走行体験を提供します。

1) Use USA CREE LED, powered by 4000mAh rechargeable Li-ion battery.

2) 54mm(L) x 42mm(W) x 58mm(H).

3) Net weight 158g (battery included).

4) Supports use (can be combined with a computer).

5) Wireless remote control technology; one key to brighten up to 1900 lumens by wireless remote control.

6) Intelligent start-stop & temperature control technology.

7) Type-C charging & discharging technology.

8) Power management, real-time grasp of the remaining power

9) Over-charging and over-discharging protection, preventing battery damage or life shrinkage

10) Use a LED CREE LED bulb, with a 4000mAh rechargeable Li-ion battery.

11) Weight 158g (including battery).

12) IPX-6 waterproof rating.

13) Includes a remote control function, one key to brighten up to 1900 lumens.

14) Intelligent start-stop & temperature control technology.

15) Type-C charging & discharging technology.

16) Power management, real-time grasp of the remaining power

17) Over-charging and over-discharging protection, preventing battery damage or life shrinkage

18) Use a LED CREE LED bulb, with a 4000mAh rechargeable Li-ion battery.

19) Weight 158g (including battery).

20) IPX-6 waterproof rating.

21) Includes a remote control function, one key to brighten up to 1900 lumens.

22) Intelligent start-stop & temperature control technology.

23) Type-C charging & discharging technology.

24) Power management, real-time grasp of the remaining power

25) Over-charging and over-discharging protection, preventing battery damage or life shrinkage

26) Use a LED CREE LED bulb, with a 4000mAh rechargeable Li-ion battery.

27) Weight 158g (including battery).

28) IPX-6 waterproof rating.

29) Includes a remote control function, one key to brighten up to 1900 lumens.

30) Intelligent start-stop & temperature control technology.

31) Type-C charging & discharging technology.

32) Power management, real-time grasp of the remaining power

33) Over-charging and over-discharging protection, preventing battery damage or life shrinkage

34) Use a LED CREE LED bulb, with a 4000mAh rechargeable Li-ion battery.

35) Weight 158g (including battery).

36) IPX-6 waterproof rating.

37) Includes a remote control function, one key to brighten up to 1900 lumens.

38) Intelligent start-stop & temperature control technology.

39) Type-C charging & discharging technology.

40) Power management, real-time grasp of the remaining power

41) Over-charging and over-discharging protection, preventing battery damage or life shrinkage

42) Use a LED CREE LED bulb, with a 4000mAh rechargeable Li-ion battery.

43) Weight 158g (including battery).

44) IPX-6 waterproof rating.

45) Includes a remote control function, one key to brighten up to 1900 lumens.

46) Intelligent start-stop & temperature control technology.

47) Type-C charging & discharging technology.

48) Power management, real-time grasp of the remaining power

49) Over-charging and over-discharging protection, preventing battery damage or life shrinkage

50) Use a LED CREE LED bulb, with a 4000mAh rechargeable Li-ion battery.

51) Weight 158g (including battery).

52) IPX-6 waterproof rating.

53) Includes a remote control function, one key to brighten up to 1900 lumens.

54) Intelligent start-stop & temperature control technology.

55) Type-C charging & discharging technology.

56) Power management, real-time grasp of the remaining power

57) Over-charging and over-discharging protection, preventing battery damage or life shrinkage

58) Use a LED CREE LED bulb, with a 4000mAh rechargeable Li-ion battery.

59) Weight 158g (including battery).

60) IPX-6 waterproof rating.

61) Includes a remote control function, one key to brighten up to 1900 lumens.

62) Intelligent start-stop & temperature control technology.

63) Type-C charging & discharging technology.

64) Power management, real-time grasp of the remaining power

65) Over-charging and over-discharging protection, preventing battery damage or life shrinkage

66) Use a LED CREE LED bulb, with a 4000mAh rechargeable Li-ion battery.

67) Weight 158g (including battery).

68) IPX-6 waterproof rating.

69) Includes a remote control function, one key to brighten up to 1900 lumens.

70) Intelligent start-stop & temperature control technology.

71) Type-C charging & discharging technology.

72) Power management, real-time grasp of the remaining power

73) Over-charging and over-discharging protection, preventing battery damage or life shrinkage

74) Use a LED CREE LED bulb, with a 4000mAh rechargeable Li-ion battery.

75) Weight 158g (including battery).

76) IPX-6 waterproof rating.

77) Includes a remote control function, one key to brighten up to 1900 lumens.

78) Intelligent start-stop & temperature control technology.

79) Type-C charging & discharging technology.

80) Power management, real-time grasp of the remaining power

81) Over-charging and over-discharging protection, preventing battery damage or life shrinkage

82) Use a LED CREE LED bulb, with a 4000mAh rechargeable Li-ion battery.

83) Weight 158g (including battery).</
