INTRODUTION

Upgrade your charging setup with this all-in-one Combo Pack designed for speed, durability, and versatility. The 4-foot nylon braided Type-C to C cable offers tangle-free durability and fast data transfer, while the MFI-certified adapter ensures seamless compatibility with your Apple devices. Pair these with the 20W ETL Approved Dual USB Wall Charger to experience super-fast, safe charging for multiple devices at once. Whether you're at home, in the office, or on the go, this combo pack has everything you need to keep your devices powered and ready.

- Reinforced Plugs
- Dual High-Speed USB ports
- PD C Port + QC 3.0 USB Port
- 20 Watts PD
- Overload Protection
- ETL Approved

PRODUCT OVERVIEW

USB Port

Type - C Port

Type - C Cable

MFI-Certified Adapter

HOW TO USE

Unbox and Inspect the Items
Ensure the Type-C to C cable, MFI adapter, and 20W wall charger are all included and free of damage.

Familiarize yourself with each component:

Type-C to C Cable: For fast charging and data transfer.
MFI Adapter: Converts a Type-C connection to be Apple-compatible.
20W Wall Charger: Features a USB-C port for fast charging and a USB-A port for universal compatibility.
Assemble and Connect

For USB-C Devices:
Plug the Type-C to C cable into the USB-C port on the wall charger.
Connect the other end of the cable to your USB-C-compatible device (e.g., smartphones, tablets, laptops).

For Apple Devices:
Attach the MFI adapter to the Type-C end of the cable.
Plug the adapter-equipped cable into your Apple device's Lightning port.

Wall Charger Setup:
Plug the 20W Dual USB Wall Charger into a standard wall outlet (100V–240V).

Charging Multiple Devices:
Use the USB-C port for fast charging one device and the USB-A port to charge another device simultaneously.
The charger intelligently adjusts power distribution to safely charge both devices at optimal speeds.

Confirm Charging:
Check your device for a charging indicator (e.g., a lightning bolt or charging percentage).
For fast charging, ensure your device supports PD (Power Delivery) and is connected to the USB-C port.

CARE AND SAFETY

Once your devices are fully charged, unplug them from the cable.
Disconnect the wall charger from the outlet to conserve energy.
Store the cable neatly when not in use to prevent tangling or damage

PACKAGE INCLUDES

4ft Type-C to C cable + MFI Adapter
Wall Charger
