

HD 3101 DR

Commercial Cold Water Gasoline High-Pressure Washer

Kärcher means professional! From the world's largest manufacturer of pressure washers and the inventors of the hot-water pressure washer comes the HD 3101 DR. This is a German engineered high-performance pressure washer designed for heavy-duty use. No job is too difficult for the HD 3101 DR. It has many industry-leading features, such as Kärcher's high-performance direct-drive pump with brass head and a unique, protective frame design. In addition, each pressure washer is 100% quality tested before it leaves the factory and is backed by one of the best warranties in the industry.

Thermal **pump protection device** prevents pump from overheating

German engineered Kärcher **industrial-grade direct-drive axial pump** with brass pump head for durability and extended service intervals

Built-in **detergent injection system**

Pressure can be easily adjusted for different cleaning jobs

Industrial-grade, **easy-start Robin/Subaru engine** with oil-alert system

Pro-style accessories, industrial-grade trigger gun, spray wand and 50 ft. hose

Extensive accessory storage for detergent siphoning tube, nozzles and detergent tray, integrated into front panel — Optional 100 ft. hose reel available

Compact and rugged frame design — reinforced frame for tough cleaning jobs protects hose from hot muffler
