### PRODUCT DETAILS

#### PERFECT FOR EVERYTHING

BlendJet 2 makes smoothie-bar-quality beverages, silky-smooth protein shakes, top-shelf mixed drinks and creamy frozen lattes, plus milkshakes, slushies, baby food, dips, dressings, sauces, and so much more. We'll send a new recipe video straight to your inbox each week to inspire creativity and ensure you get the most out of your BlendJet 2.

#### WATER-RESISTANT & READY FOR ADVENTURE

BlendJet 2 is also water-resistant, so you don't have to worry about getting liquid in the USB-C port or accidentally submerging your BlendJet 2 in the sink or pool. It's the ideal blender for mermaids.

#### QUIET ENOUGH FOR A LIBRARY

The BlendJet 2 delivers incredible power without the jet-engine sound made by clunky kitchen blenders. In fact, the BlendJet 2 portable blender is so quiet, you can use it during late-night study sessions or early in the morning without waking up your household.

#### LOCK YOUR BLENDER

Shift into Lock Mode to prevent accidental blending, and confidently toss your BlendJet 2 portable blender into your backpack or purse, or sip straight from the jar.

#### NO FRIDGE? NO PROBLEM!

Make healthy happen on the run with our nutrient-rich JetPack® Ready-to-Blend Smoothies. Simply add milk or water to enjoy a creamy, delicious smoothie whenever, wherever.
