

## BASIC CROCHET STITCH DIAGRAM

### 1. Stitch (Abbreviated 'st')

#### Slip knot

Every piece of crochet chain starts with a slip knot. Loop the yarn around two fingers (leaving a tail) and pull the tail halfway through the loop. Insert the crochet hook into the second loop and gently pull the loop tail onto the crochet hook.

### 2. Chain Stitch (Abbreviated 'ch')

The chain stitch is the basis for all crochet which is also called a foundation chain.

### 3. Slip Stitch (Abbreviated 'sl st')

The slip stitch is the fastest or simplest of all-crochet stitches. You can use this stitch to slip-stitch the ends of a foundation chain to form a ring.

### 4. Single Crochet (Abbreviated 'sc')

The single crochet is the most fundamental of all stitches. Gather the yarn with your crochet hook and draw up the loop through the stitch. Wrap the yarn around the hook and pull it through two loops, leaving one loop on the hook.

### 5. Increase (Abbreviated 'inc')

You can increase stitches by adding a stitch at the beginning of the row. Make 2 sc in the same loop.

### 6. Double Crochet (Abbreviated 'dc')

The double crochet is one of the most common crochet stitches and is about twice as tall as a single crochet. Wrap the yarn around the crochet hook. Then insert the crochet hook into the next chain loop. Wrap the yarn with your crochet hook and pull the loop through the stitch (three loops now on the hook). Wrap the yarn around the hook again and pull it through the first two loops, leaving two loops on the hook. Then, wrap the yarn around the hook again and pull it through the remaining two loops to leave only one loop on the hook. Complete the row.

### 7. Popcorn Stitch (Abbreviated '5 dc popcorn')

Make 5 dc in the same loop, slip over, then make 4 dc on the back of the last formed by the first dc.

### 8. Insert your hook into 2nd back loop

### 9. Round (Abbreviated 'rd')

This continues the short stitches into a circle. Each round starts with an end and ends with a st.

### 10. Fasten off (Abbreviated 'f/o')

Fasten off by pulling the yarn through the end stitch and pulling it tight. Cut off.

### 11. Decrease (Abbreviated 'dec')

You can decrease stitches, which is really just subtracting a stitch in a row. Make a half dc, at which point there are 2 loops in the hook, then crochet a half dc in the next loop, at which point there are 3 loops in the hook, and finally, wind the yarn through all 3 loops to finish a dec.

### 12. Half double crochet (Abbreviated 'hdc')

Wrap the yarn around the hook then insert the hook into the next stitch. Wrap the yarn around the hook and pull through all loops.

### 13. Weaving in / invisible close

Cut the yarn, leaving a long yarn end. Draw the end through the first loop on the hook and thread it onto a yarn needle. Weave your needle through the front loops only on the last round and pull tight. Close weaving yarn into your piece.

### 14. Sewing

Generally, used for the connection of 2 parts. The plastic needle strap yarn are threaded in turn through the holes where the two parts need to be connected.

If details need to be attached onto the finished product (such as mouth, eyes, etc.), you can use a plastic needle strap yarn up and down the finished product using the locked grab.

Please noted that all yarns needs to be hidden behind the stitch.

Stitches used:  
 dc: chain  
 st: slip stitch  
 ch: single crochet  
 inc: increase  
 dec: decrease  
 dc: double crochet  
 hdc: half double crochet  
 f/o: fasten off

### MAKE A CROCHET BOTTLE HOLDER

#### 1. Square Pieces x 4

R1: (Please use the yellow yarn) 12 dc. (Fig. 1)  
 R2: (Please use the white yarn) 12 (5 tr popcorn). (Fig. 2)  
 R3: (Please use the gray yarn) 12 dc. 2 ch. 3 dc x 4 times, 12 hdc in 1 st x 4 times. (Fig. 3)  
 R4: (Please use the gray yarn) 12 dc. 2 ch. 3 dc x 4 times, 12 hdc in 1 st x 4 times. (Fig. 4)  
 Please follow the above step to finish 4 square pieces.

#### 2. Connect the Square Pieces

Make 2 dc in each of the 2 square pieces corresponding to the holes. (Note: Make 1 dc at the beginning and end of the connection of the 2 square pieces, and do not connect the top and bottom.) (Fig. 5-6)

#### 3. Connect the Bottom of the Bottle Holder

4 dc - dc. 2 (dc - dc) dc.  
 Please reserve 10cm length of gray yarn to tighten with a plastic needle. (Fig. 7-8)

### 4. The Opening of Bottle Holder

24 st. (Fig. 10)

### 5. The Strap of Bottle Holder

Make 1 st in the middle knot on the left side of the top of the bottle holder, then make 40 ch. cross the right corner knot to make 1 st, make 40 ch and be back into the original knot on the left side. Finally, please reserve 5cm length of gray yarn, be and pull it tight, and make 8 knots with a plastic needle. Now you have finished a complete crochet bottle holder. (Fig. 12)
