

## GE® ENERGY STAR® 30" Free-Standing Electric Range

**Receptacle Locations:** Locally approved flexible service cord or conduit must be used because terminals are not accessible after range installation. See shaded area in drawing for location of electrical outlet box. Recommended outlet locations allow range to be installed directly against wall.

**Installation Information:** Before installing, consult installation instructions for current dimensional data and additional requirements.

KW Rating	
240V	10.2
208V	7.6
Breaker Size	
240V	40 Amps <sup>†</sup>
208V	40 Amps <sup>†</sup>

A diagram of a 30-inch wide wall. A vertical dashed line in the center is labeled "CENTER LINE". The wall is divided into sections with the following horizontal dimensions from left to right: 3", 9", 3", 4", 8", and 3". The total width is 30". The wall has a height of 7-1/2" and a depth of 2-1/4". A section on the right is labeled "REAR WALL".

For answers to your Monogram, Café™, GE Profile™ or GE Appliances product questions, visit our website at [geappliances.com](http://geappliances.com) or call GE Answer Center® Service, 800.626.2000.

All GE Appliances ranges are equipped with an Anti-Tip device. The installation of this device is an important, required step in the installation of the range.
