1. SAFETY

- ☐ **WARNING!** Ensure Health & Safety, local authority, and general workshop practice regulations are adhered to when using this product.
- ✓ Locate product in a suitable working area.
- ✓ Keep the work area clean, uncluttered and ensure there is adequate lighting.
- ☐ **WARNING!** Use product on level and solid ground, preferably concrete. Avoid tarmac since the product may sink into the surface.
- ✓ Keep the product clean and tidy in accordance with good workshop practice.
- ✓ Keep children and unauthorised persons away from the working area.
- * **DO NOT** use the product for any purpose other than that for which it is designed.
- * **DO NOT** exceed maximum capacity of product.
- * **DO NOT** undertake work on the product without the work piece being adequately secured. Use clamps or a vice (not included) to secure the work piece. Available from your Sealey stockist.
- * **DO NOT** use the product out of doors.
- * **DO NOT** get the product wet or use in damp or wet locations or areas where there is condensation.
- * **DO NOT** clean the product with any solvents which may damage the paint surface or the protective coating.

2. INTRODUCTION

Manufactured from heavy gauge powder coated steel and supplied with a 38mm thick stainless steel/wooden worktop. Height adjustable legs allow the user to set to the ideal working height between 760-1064mm. Modular design enable bench to be modified using back panels and drawer units (sold separately) to create a bespoke workstation.
