The Polk MagniFi MAX maximum-performance home theater sound bar and wireless subwoofer system provides bigger, more dynamic sound than traditional sound bars—and is optimized to make movies, TV, sports and music come alive. It features patented SDA surround technology for a wider, more immersive listening experience and Voice Adjust technology for crystal clear dialogue—and it works with your TV's remote control right out of the box. Includes HDMI and optical cables for quick and easy setup. And built-in Bluetooth and Google Chromecast Built-in technologies let you stream all of your favorite music.

Features

Patented Polk SDA Surround Technology

Creates an expansive soundstage and detailed stereo image, while delivering a natural multi-dimensional sound experience you would expect from a concert or theater by eliminating cross-talk found in all other sound bars and TV speakers.

Polk VoiceAdjust Technology

Customize the voice levels in the sound bar however you prefer to reproduce clear, crisp dialogue and never miss a single word of your favorite movie, TV show or sporting event.

Google Chromecast Built-in

Stream music from your favorite apps over Wi-Fi, connect to your Google Home speaker to create a whole home audio system and control your music through voice commands.

Virtual Surround Sound

Seven driver array and the included powerful wireless subwoofer creates an immersive multi-dimensional sound via 5.1 Dolby Digital, DTS and exclusive Polk SDA surround technology for an incredible room-filling listening experience.

Built-in TV Remote Control Compatibility

Polk Smart Remote technology allows for most Samsung, LG, Vizio, and Sony TV remotes to control the sound bars volume right out of the box (no programming required).

Low-Profile

Slim design won't block your TV's remote sensor.

Exclusive Full Complement Deep Bass Technology

Included 8" ported wireless subwoofer give you a massive boost of core-pounding deep bass impact that takes home theater and music listening to a whole new level.

Movie, Music and Sport Modes

One button preset EQ settings for Movies, Music and Sports optimize the sound bar and subwoofer to ensure you get the clearest dialogue, big surround sound and deep bass for the best audio and home theater experience.

Night Mode

Lowers the bass and increases VoiceAdjust delivering clear dialogue all without raising the master volume.
