021	Two-Piece Quick Coupler Valves 33 And 44 Series

Catalog
Number Description

ELECTRIC VALVES

022	100PGA / 150PGA / 200PGA Series
023	100/150/200 PE, PESB AND PESB-R Series
024	100EFB-CP / 125EFB-CP / 150EFB-CP / 200EFB-CP Series
025	300 BPE and BPES Series
026	PRS, PRS-2, PRS-B, PRS-D

CONTROLLERS AND INTERFACES

027	Controller Assembly With Pedestal (PAR+ES)
028	Integrated Control Interface (ICI)
029	Maxi Remote Location Kit
030	The Freedom System™

SWING JOINTS

031	Standard Swing Joint Assembly
032	Standard Swing Joint Assembly With Acme Inlet
033	Triple Top Swing Joint Assembly
034	Triple Top Swing Joint Assembly With Acme Inlet

ACCESSORIES AND TOOLS

035	Adapters
036	Accessories - Tools

Note: Part numbers enclosed in brackets () are not available individually, but may be sold in assemblies or kits.

Rain Bird is committed to providing you with the best parts and after sales service programs in the irrigation industry. This Master Parts Book represents that commitment by supplying you with current information so that you can obtain replacement parts for your Rain Bird products. We hope you will find this book useful as you purchase and use Genuine Rain Bird Parts.

HOW TO USE THE MASTER PARTS BOOK (SEE NEXT PAGE FOR EXAMPLE)

The Master Parts Book was designed to be easy. There is a simple index which allows you to quickly locate the part list you need. Each part list has a simple format. Just follow these guidelines and you should easily find the part you want.

1. First look at the picture to identify the part in which you are interested. Note the reference number of that part.
2. Look at the headings on the part list matrix and find the product model which you need parts for. Look down the column until you reach the row with the reference number of the part you previously identified. At that intersection is the part number you need.
3. If the part number you need IS NOT IN BRACKETS () then the part can be purchased by itself. However, if the part IS IN BRACKETS () then that part is either not sold or it must be purchased in a kit or an assembly.
4. A part sold in an assembly will have its description indented under the assembly that is available. A part sold in a kit will have a footnote (usually a letter) beside its description. Look to the bottom of that page or the last page in the list for the kit number.

HOW TO ORDER PARTS (Rain Bird Distributors Only)

Rain Bird distributors can order parts in a number of ways. Orders for parts should be placed by using :

1. Self Service at www.rainbird.com/distributor For new Self Service accounts, contact Customer Service.
2. Faxing to Customer Service
3. Electronic Data Interchange (EDI)

Website	Customer Service Telephone	Customer Service Fax
rainbird.com/golf	800-282-1933	800-843-4162

HOW PARTS ARE SHIPPED (Rain Bird Distributors Only)

Rain Bird parts are shipped in one of two ways:

1. Regular parts orders are shipped like your normal Rain Bird orders with the same processing times and freight policies. They can, however, include both parts and whole goods.
2. Quick Parts Service (QPS) orders are special parts only orders that ship quickly to your door. We process them in one day and ship them out in one to two business days depending on your location. Domestic customers receive prepaid freight on orders over \$ 250.00 net. There is NO MINIMUM purchase on QPS parts orders. Most QPS orders are received at your door within 2 to 5 days. We encourage you to use QPS whenever you need quick delivery.

QPS - The Quick Way to Receive Rain Bird Parts!

Note: Part numbers enclosed in brackets () are not available individually, but may be sold in assemblies or kits.

(THIS PAGE IS AN EXAMPLE ONLY, DO NOT USE FOR REFERENCING PARTS.)

Example 2 – You need the Bearing Guide Assembly for Low Flow on a 751-Block Rotor. As before, find the reference number for the Bearing Guide on the picture (# 10). Next, find the 751B column and go down the list to reference item #10. The part you need is (211263). Since part 211263 is in brackets it is not available by itself, but may be in a kit or assembly. Look at the part's description to see if it is indented below an assembly. In this case the part is not available, please contact Rain Bird Golf for assistance with this item.

Example 1 – You need a 551-E FC-PC Arm-Lever Assembly. First, find the reference number for the assembly in the picture (# 8). Second, look at the headings on the parts list matrix and find the model number 551-E. Third, go down the 551-E column to reference number #8. The part number you need is 214752 (shared across all internal models).

Example 3 – You need new screw for a Two-Piece Quick Coupler Valve 44 Series. Find the reference number for the screw (#17) and look at the matrix to find the part or reference number. Since these references are in brackets look at their descriptions below or reference the image to see if there are any footnotes (usually a letter). If there are footnotes look to the bottom of the matrix to find the kit or notation. In this case the kit (A) is in the matrix and contains the screw.

- (A) Specify Nozzle Size when ordering. Available in # 28, 32, 36, 40, 44, 48.
To replace cascade nozzles (#14-24), double the nozzle number and upgrade to dual spreader nozzles. (eg. for #18 cascade, order #36 dual spreader.)
- (B) For non-potable applications use standard part and purple snap ring (Part # 21192104)
- (C) For cascade nozzle housing upgrade to Dual-Spreader™ nozzle housing - Part # 21198201 and Nozzle - part # 213750xx
- (D) Replacement housing - upgrade to Rain Bird 751.
- (E) Also requires Seal-a-Matic™ Screen Assy (Part # 211292).
