Coospo

Coospo BM230-YCJ bike computer holder

Description

Coospo BM230-YCJ is an original handlebar mount designed specifically for Coospo BC200, BC107 and BC26 bicycle computer models. The sturdy design and easy mounting provide a secure and stable mount for convenient data monitoring while riding.

Intended use

The device is intended for indoor use only. Its use outdoors is not allowed. It is essential to avoid contact with moisture, such as in the bathroom, etc.

For safety and certification reasons, the device must not be remodeled or altered in any way. If the product is used for purposes other than those described, the product may be damaged. In addition, use not in accordance with the intended purpose may cause hazards. Carefully read the instruction manual and keep it for future use.

Safety instructions for use

Read and follow the safety instructions in the manual.

1. The product is not a toy. Keep it out of the reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibration, high humidity, moisture, flammable gases, vapors and solvents.
3. Do not expose the product to mechanical stress.
4. If safe operation is no longer possible (the product is damaged, does not work properly), discontinue use and secure the product before using it again.
5. Handle the product with care. Shock, impact or dropping the product may cause damage.
6. If there are doubts about the operation, safety or connection of the product, consult a qualified professional.
7. If any questions arise that are not answered in this manual, please contact our customer service (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.
