QUICKSTART GUIDE

This quickstart guide applies to the MaxiSys® MS908S II, MS908S Pro II, MS906 Pro, MS906 Pro-TS, MS906 Pro2-TS, MS909EV, MS909, MS919, MS908S3 and MaxiCOM® MK908 II, MK908 Pro II, MK906 Pro, MK906 Pro-TS, MK906 Pro2-TS, MK906S PRO, MK906S PRO-TS and MK906S PRO2-TS. Ensure your Wi-Fi network is accessible and has a stable connection.
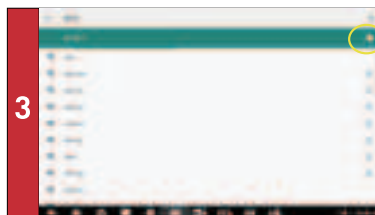

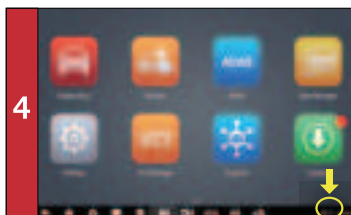

CONNECTING TO Wi-Fi

From the System Status Icons

1
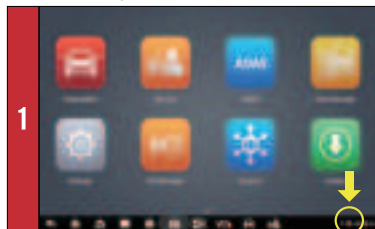

• Tap on the lower-right corner of the screen.
- *The Quick Settings menu will appear.*

2

- *A larger menu with additional options, including Wi-Fi, will appear.*
• Long press the **Wi-Fi** icon to adjust the Wi-Fi settings.
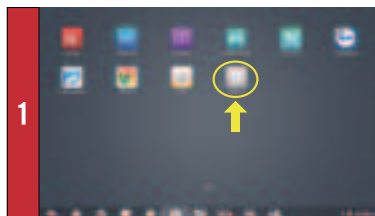

3

• Make sure **Wi-Fi** is turned on.
• Select your local network and enter the password.

4

- *The Wi-Fi icon will appear when connection is established.*

### From the Android Screen

1

• From the Android screen, select **Settings**.

2

• Make sure **Wi-Fi** is turned on.
• Select your local network.

3

• Enter your network password to connect the Wi-Fi.

4

• Ensure you are connected to Wi-Fi: The Wi-Fi icon will appear in the lower-right corner.

This quickstart guide applies to the MaxiSys® MS908S II, MS908S Pro II, MS906 Pro, MS906 Pro-TS, MS906 Pro2-TS, MS909EV, MS909, MS919, MS908S3 and MaxiCOM® MK908 II, MK908 Pro II, MK906 Pro, MK906 Pro-TS, MK906 Pro2-TS, MK906S PRO, MK906S PRO-TS and MK906S PRO2-TS. Ensure your Wi-Fi network is accessible and has a stable connection.
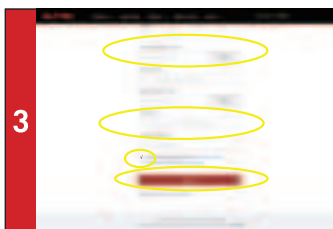

TOOL REGISTRATION VIA PC

1
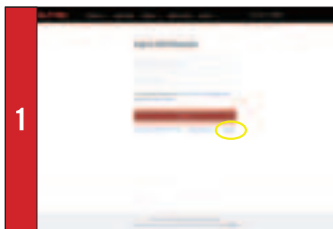

- Visit https://pro.autel.com.
- Click **Register** to create your Autel ID.
- If you already have an Autel ID, log in and skip to Step 5.

2

- Enter your personal information. Fields marked with an asterisk (*) are mandatory.

3

- Enter your email address, then click **Request**.
- You will receive an email from Autel with your verification code. Open the email and copy the code into the proper input box.
- Set a password for your account, and enter the password again to confirm.
- Read the **Autel User Service Agreement** and **Autel Privacy Policy**, then check the box to accept the terms.
- After all the information is entered, click **Register**.
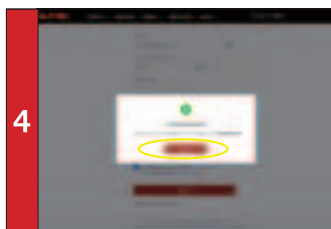

4

- Once your account is successfully registered, you will be redirected to the Product Registration screen. If not, click the button on the screen.
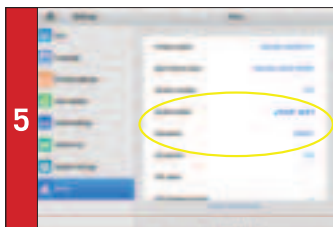

5

- Your product serial number and password are required to complete your registration. To find your serial number and password on the tablet: go to **Settings** > **About**.
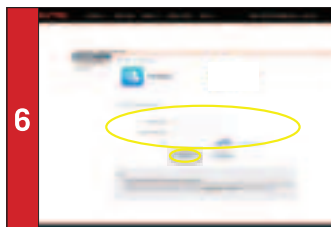

6

- Enter your tablet serial number and password.
- Enter the CAPTCHA code as shown.
- Click **Submit** to complete your product registration.

PRINTING INSTALLATION & SETUP

Works with any printer with a Wi-Fi connection. No need for special software or driver on the tablet.
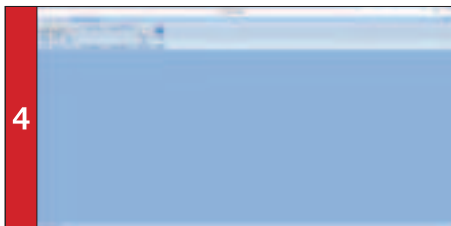

1

- Make sure your Windows PC and tablet are on the same Wi-Fi network.
- On your computer, go to www.autel.com, select **Support > Downloads > Autel Update Tools**.

2

- Locate the **Maxi PC Suite** software and click on the **Download Here** button.
- Open the .zip file.

3

- Double click the **setup.exe** to install the program.

4

- Run **PC Link** on the computer. This was installed along with the installation of the **Maxi PC Suite** software.
- Select **MaxiSys Printer**. Tap **Quick Print** or **Print** to start printing.

QUICKSTART GUIDE

This quickstart guide applies to the MaxiSys® MS908S II, MS908S Pro II, MS906 Pro, MS906 Pro-TS, MS906 Pro2-TS, MS909EV, MS909, MS919, MS908S3 and MaxiCOM® MK908 II, MK908 Pro II, MK906 Pro, MK906 Pro-TS, MK906 Pro2-TS, MK906S PRO, MK906S PRO-TS and MK906S PRO2-TS. Ensure your Wi-Fi network is accessible and has a stable connection.

VCI CONNECTION VIA BLUETOOTH

1
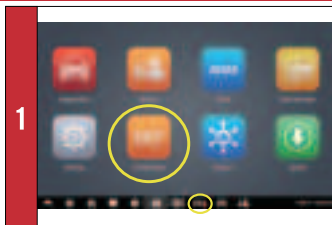

• Select the **VCI Manager** application icon from the Main Menu or from the bottom toolbar.

2
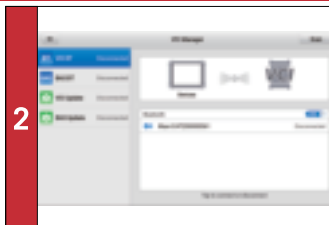

• Choose **VCI BT** from the left side of the screen.
- *Your tablet will automatically start scanning for available VCI devices. Found devices are listed on the right side of the screen.*

3

- *When a connection is established, the status of the connected device will read, "Connected."*

4
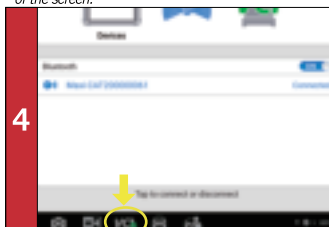

- *When the VCI device is ready for use, a green badge will appear on the VCI button at the bottom of the screen.*
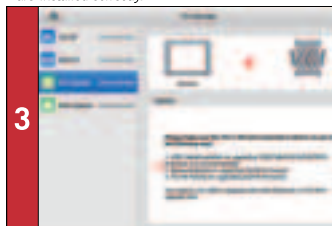

VCI SOFTWARE UPDATES

1

• Connect the VCI device to the tablet via USB cable.
- *Connect the VCI to a power source to ensure updates are installed correctly.*

2

• Select the **VCI Manager** application from the Main Menu.

3

• Select **VCI Update** from the Connection Mode list on the left side of the screen.

4

- *The current and latest version of the VCI software will appear.*
• If available, tap the **Update Now** button to download software.

QUICKSTART GUIDE

This quickstart guide applies to the MaxiSys® MS908S II, MS908S Pro II, MS906 Pro, MS906 Pro-TS, MS906 Pro2-TS, MS909EV, MS909, MS919, MS908S3 and MaxiCOM® MK908 II, MK908 Pro II, MK906 Pro, MK906 Pro-TS, MK906 Pro2-TS, MK906S PRO, MK906S PRO-TS and MK906S PRO2-TS. Ensure your Wi-Fi network is accessible and has a stable connection.
PRE/POST SCAN REPORTS

Prior to running pre/post scans, we recommend you take the following steps to customize your reports.
1

• Select the **Data Manager** icon on the Main Menu.

2

• Tap the **Workshop Information** icon.

3

• Complete the fields on this screen by tapping on each field and entering information. The information entered here will appear on every Pre- and Post-Scan report generated.

4

• To add a logo: Tap the image icon and select from the drop-down menu to either take a photo with the tablet or upload an image from the tablet.
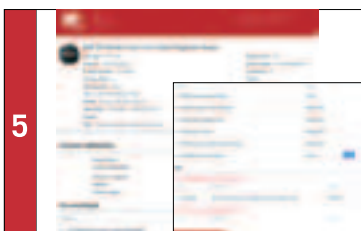

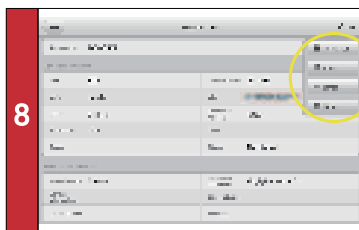

5

- *The generated Pre- and Post-Scan reports are now complete with shop information and ready to be emailed to an insurance company or printed for the customer.*
6

• Reports are stored in Vehicle History, accessible through Data Manager or through **Diagnostics > History**.
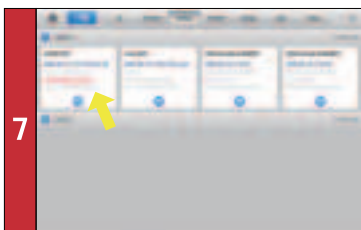

7

• Access stored reports.

8

• Open the drop-down menu by tapping the overflow icon on the upper-right corner of the screen. Choose **View PDF**, **Print**, **E-mail**, or **Delete**.
