- Fn + – → Decrease backlight circulation speed (Windows & macOS)
- Fn + = → Increase backlight circulation speed (Windows & macOS)
- Fn + Esc → Long press (5 seconds) to restore default settings (Windows & macOS)

Keyboard Driver

To download the keyboard driver, open your browser and visit the official website at www.magegee.com. Navigate to the SUPPORT–DRIVERS section and select the Captain87 driver for download. If you need the Driver User Guide, follow the same steps and download the Captain87 instruction manual from the SUPPORT–DRIVERS section.

Before using the driver, you need to complete a few setup steps. First, adjust the language settings by selecting “Language” in the driver menu. Next, perform N-key calibration by clicking “Start Calibration” and pressing each key in turn until all keys indicate a successful calibration, usually shown in green. For custom function settings, you can modify the keystroke length for different keys using “Main-Stroke setting,” “Trip

Settings,” or “Custom Mode,” depending on your preferences. Once all configurations are complete, save your settings by clicking “Save,” “Confirm,” or a similar button to ensure your adjustments take effect.

For web-based driver options, after downloading and installing the driver, visit <https://qmk.top/> for additional settings and customizations.

Note: The MAGEGEE dedicated driver provides advanced customization options.

However, after multiple modifications, users may not be able to reset the default functions manually. To revert all settings, click “Reset” in the right corner of the driver page.

Warranty Conditions

A new product purchased in the Alza.cz sales network is guaranteed for 2 years. If you need repair or other services during the warranty period, contact the product seller directly, you must provide the original proof of purchase with the date of purchase.

The following are considered to be a conflict with the warranty conditions, for which the claimed claim may not be recognized:

- Using the product for any purpose other than that for which the product is intended or failing to follow the instructions for maintenance, operation, and service of the product.
- Damage to the product by a natural disaster, the intervention of an unauthorized person or mechanically through the fault of the buyer (e.g., during transport, cleaning by inappropriate means, etc.).
- Natural wear and aging of consumables or components during use (such as batteries, etc.).
- Exposure to adverse external influences, such as sunlight and other radiation or electromagnetic fields, fluid intrusion, object intrusion, mains overvoltage, electrostatic discharge voltage (including lightning), faulty supply or input voltage and inappropriate polarity of this voltage, chemical processes such as used power supplies, etc.
- If anyone has made modifications, modifications, alterations to the design or adaptation to change or extend the functions of the product compared to the

purchased design or use of non-original components.

EU Declaration of Conformity

This product complies with the legal requirements of the following European Union directives: 2014/30/EU.

WEEE

This product must not be disposed of as normal household waste in accordance with the EU Directive on Waste Electrical and Electronic Equipment (WEEE – 2012/19/EU). Instead, it shall be returned to the place of purchase or handed over to a public collection point for the recyclable waste. By ensuring this product is disposed of correctly, you will help prevent potential negative consequences for the environment and human health, which could otherwise be caused by inappropriate waste handling of this product. Contact your local authority or the nearest collection point for further details. Improper disposal of this type of waste may result in fines in accordance with national regulations.
