BLUETOOTH PAIRING

Turn ON the speaker, the blue LED light flashes, and then activate the Bluetooth in your device. Go to device's Bluetooth settings, scan for new Bluetooth devices and upon discovering the device 'Makibes M2', click to pair with it. Hold Play/Pause button for 3 seconds to disconnect the Bluetooth.

TWS MODE

What is TWS? TWS is true wireless stereo, which means two M2 Bluetooth speakers are able to be paired and then play music synchronously, providing stereo surround sound.

How to pair two M2 speakers?

1. Turn ON two speakers and confirm they are disconnected to any Bluetooth device.
2. Press one of the speakers and double-tap the EQ button twice, and there will be a beep sound, and then the yellow light flashes. After the pairing is successful, the yellow lights of the two speakers are on at the same time, the Bluetooth light of the host flashes. When the mobile phone and the speaker are connected, and the Bluetooth light of the auxiliary machine goes out.
3. Go to device's Bluetooth settings, scan for 'Makibes M2', click to pair with it. The Bluetooth indicator of main speaker being steady ON blue means the connection to Bluetooth device is successful. And when start to play music, this blue indicator will flash slowly.

How to disconnect TWS?

During TWS mode, long press the EQ button of one speaker, then the TWS will be disconnected. Note: Once two speakers are well paired for the first time, they will be automatically paired next time without the above pairing operations as long as they are ON.

AUX-IN MODE

The speaker also features one AUX audio in port. Simply connect the speaker with your mobile phone/MP3 player/PC/laptop with the 3.5mm audio jack cable. Once the blue light flashes slowly, then you can play music via the wired connection.

MICRO SD/TF CARD MODE

Press the Power ON/OFF button to switch Bluetooth Mode to Micro SD/TF card Mode. The memory capacity of Micro SD/TF card should be no more than 64GB.

LED

Bluetooth: Blue light flashes quickly for waiting for pairing mode. Blue light kept ON for connected successfully. Micro SD/TF & AUX-IN: Blue light flashes slowly. TWS: The TWS indicator flashes yellow slowly for pairing. Yellow light kept ON for paired successfully. Light goes off for canceling the pair.

Charging: Red light ON for charging. Red light goes OFF for charging completion.

SLEEP MODE

The M2 speaker will go into Sleep Mode if it does not pair with any device through Bluetooth or after paired over Bluetooth, there is nothing is played within 10 minutes that helps to save battery power. When you need to use it, press the Power ON/OFF button to turn it on.

TIPS

Because of the powerful output of this speaker, please do not be too close to the speaker and keep an appropriate distance away to listen to the music. To avoid any discomfort caused by excessive sound, it is recommended to listen to music at a suitable volume.

CAUTION

RISK OF EXPLOSION IF BATTERY IS REPLACED BY AN INCORRECT TYPE. DISPOSE OF USED BATTERIES ACCORDING TO INSTRUCTIONS. To prevent possible hearing damage, do not listen at high volume levels for long periods.
