Mandis RC-270 Remote Control Instructions

Contents

Mandis RC-270 Remote Control

Product Information

Specifications

- Product Name: Power Prog/Direct
- Model Number: Original
- Functions: Power, Program/Direct, Number keys (1-10 and +10), Call, Play, Pause, Stop

Product Usage Instructions

Power On/Off

To power on the device, press the Power button located on the remote control. To power off the device, press and hold the Power
button until the device shuts down.

Program/Direct Function

The Program/Direct function allows you to directly enter a channel number. Press the corresponding number key (1-9) to select a single-digit channel. For double-digit channels, press the two corresponding number keys in sequence. To access channels above 10, press the +10 key followed by the desired single-digit channel key.

Call Function

The Call function can be used to initiate or answer a phone call when the device is connected to a compatible phone. Press the Call button to make a call or answer an incoming call.

Play, Pause, and Stop Functions

The Play button is used to start playing media files. Pressing the Pause button will temporarily pause the playback, and pressing it again will resume playback. The Stop button is used to stop playback completely.

Replacement Model Information

Specifications

- Product Name: Power Sleep
- Model Number: Replacement
- Functions: Power, Sleep, Number keys (1-10), Guide, Pre Ch, Play, Pause, Stop

FAQ

- **Q:** How do I change the channel on the Original model?
- **A:** To change the channel, use the Program/Direct function by pressing the corresponding number keys or the +10 key followed by the desired single-digit channel key.
- **Q**: What is the Sleep function on the Replacement model?
- **A:** The Sleep function allows you to set a timer for the device to automatically turn off after a specific period of time. Press the Sleep button and use the number keys to select the desired sleep duration.
- **Q**: Can I use the Original remote control with the Replacement model?
- **A**: Yes, the Original remote control is compatible with the Replacement model. However, please note that some buttons may have different functions.
