Mandis RM-ADU002-AMP Remote Control

Product Information

The Sony RM-ADU002 is a remote control designed for use with Sony audio and video equipment. It is compatible with the Power Theatre system and offers various functions for controlling different devices.

Specifications:

- Model: RM-ADU002
- Compatibility: Sony audio and video equipment
- Power Source: 2 AAA batteries (not included)
- Range: Up to 30 feet

Product Usage Instructions

- Power On/Off:
To turn on the device, press the “Power” button. To turn it off, press and hold the “Power” button until the device shuts down.
- Menu Navigation:
Use the arrow buttons (Up, Down, Left, Right) to navigate through menus and options. Press the “Enter” or

“Ok” button to confirm selections.

- Volume Control:

To adjust the volume, use the “Volume+” and “Volume-” buttons. Press the “Mute” button to mute/unmute the sound.

- Channel Selection:

For TV models, use the “CH+” and “CH-” buttons to change channels. Press the “TV/R” button to switch between TV and Radio modes.

- Media Playback:

For media playback, use the “Play”, “Pause”, and “Stop” buttons. The “Skip Forward” and “Skip Backward” buttons can be used to navigate within a track or video.

- Additional Functions:

The remote control also offers additional functions such as “Guide” for accessing TV program guides, “Subtitle” for enabling subtitles, and “Info” for displaying information about the current content.

Frequently Asked Questions

- Q: How do I replace the batteries in the remote control?

A: To replace the batteries, locate the battery compartment on the back of the remote control. Open it and insert two AAA batteries, making sure to match the polarity (+/-) correctly. Close\ the compartment securely.

- Q: Can I use this remote control with other brands of audio/video equipment?

A: The Sony RM-ADU002 is specifically designed for use with Sony equipment. While it may work with some other brands, full compatibility cannot be guaranteed.

- Q: How far is the remote control's range?

A: The remote control has a range of up to 30 feet under normal conditions. However, the range may vary depending on factors such as obstacles and interference.
