Manhattan 153966 USB C PD 7 in1 4K Docking Station Multiport Hub

Product Information

Specifications:

- **Model:** 153966
- **Ports and Connectors:**
 1. USB-C Male Connector
 2. Two Gigabit RJ45 Ethernet ports
 3. MicroSD, SD Card Slot
 4. Two USB-A 3.2 ports
 5. HDMI port
 6. USB-C Power Delivery Port
- **Power Delivery:** 100W

Product Usage Instructions

Troubleshooting Guide:

Problems:

- No picture output
- Unable to access 4K@60Hz 4:4:4 resolution

Causes:

- The resolution exceeds the display's capabilities.
- Poor cable connection
- The output display is a 4K@30Hz display
- The USB-C output bandwidth of the notebook is insufficient.
- Not compatible with high-power devices when plugged into a PD port.
- The power requirement exceeds the USB 3.2 port's capacity.

Solutions:

1. Adjust output resolution to a lower setting
2. Check cable connection
3. Switch to a newer monitor supporting 4K@60Hz HDR
4. Switch to a device compatible with DP 1.4 or Thunderbolt 3
5. Add additional power supply for high-power devices

Regulatory Statements:

CE ENGLISH: This device complies with the requirements of CE 2014/30/EU (UKCA Electromagnetic)

REGULATORY STATEMENTS

FCC

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of Federal Communications Commission (FCC) Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy, and if not installed and used in accordance with the instructions may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, try to correct the interference by one or more of the following measures: reorient or relocate the receiving antenna; increase the separation between the equipment and the receiver; connect the equipment to an outlet on a circuit different from the receiver; or consult the dealer or an experienced radio/TV technician for help.

This device complies with the requirements of CE 2014/30/EU (UKCA Electromagnetic Compatibility Regulations 2016) and/or 2014/35/EU (UKCA Electrical Equipment [Safety] Regulations 2016). The Declaration of Conformity for is available at:
