## WASTE ELECTRICAL & ELECTRONIC EQUIPMENT

- Instead, it should be taken to an applicable collection point for the recycling of electrical and electronic equipment.
- By ensuring this product is disposed of correctly, you will help prevent potential

negative consequences to the environment and human health, which could otherwise be caused by inappropriate waste handling of this product.

- If your equipment contains easily removable batteries or accumulators, dispose of these separately according to your local requirements. The recycling of materials will help to conserve natural resources.
- For more detailed information about the recycling of this product, contact your local city office, your household waste disposal service or the shop where you purchased this product.
- In countries outside of the EU: If you wish to discard this product, contact your local authorities and ask for the correct manner of disposal.

## **REGULATORY STATEMENTS**

### **FCC Class B**

- This equipment has been tested and found to comply with the limits for a Class B digital device, under Part 15 of the Federal Communications Commission (FCC) Rules.
- These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy, and if not installed and used in accordance with the instructions may cause harmful interference to radio communications.
- However, there is no guarantee that interference will not occur in a particular installation.
- If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: reorient or relocate the receiving antenna; increase the separation between the equipment and the receiver; connect the equipment to an outlet on a circuit different from the receiver; or consult the dealer or an experienced radio/TV technician for help.

### **CE / R&TTE**

This device complies with the requirements of R&TTE Directive 1999/5/EC. The Declaration of Conformity for this product is available at [manhattanproducts.com](http://manhattanproducts.com). North

FAQS

**Q: Where can I find the product specifications?**
