manhattan KM-242W Wireless Keyboard

Specifications

- Model: KM-242W
- Compliance: Part 15 of the FCC Rules
- RF Exposure: General exposure requirement met

Product Usage Instructions

Warnings and Compliance

Ensure compliance with FCC Rules Part 15 when operating the KM-242W device. Follow these guidelines:

- This device must not cause harmful interference.
- The device must accept any received interference, including that which may lead to undesired operation.
- Avoid making changes or modifications not approved by the responsible party for compliance, as this could void the user's authority to operate the equipment.

RF Exposure

The device has been evaluated to meet general RF exposure requirements. To ensure safe usage:

- Avoid prolonged exposure to RF emissions from the device.
- Maintain a safe distance between the device and your body during operation.

REGULATORY STATEMENTS

This equipment has been tested and found to comply with the limits for a Class B digital device, under Part 15 of the Federal Communications Commission (FCC) Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy, and if not installed and used according to the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: reorient or relocate the receiving antenna; increase the separation between the equipment and the receiver; connect the equipment to an outlet on a circuit different from the receiver; or consult the dealer or an experienced radio/TV technician for help.

- The frequency band used by this product is 2402 – 2480 MHz. The maximum emitted transmission power is 0.0123 mw E.I.R.P. This device complies with the requirements of CE RED 2014/53/EU. The Declaration of Conformity is available at:
