Product Usage Instructions

Assembly

Ensure that the assembly is carried out according to the manufacturer's instructions to avoid any risks.

Indoor Air Quality

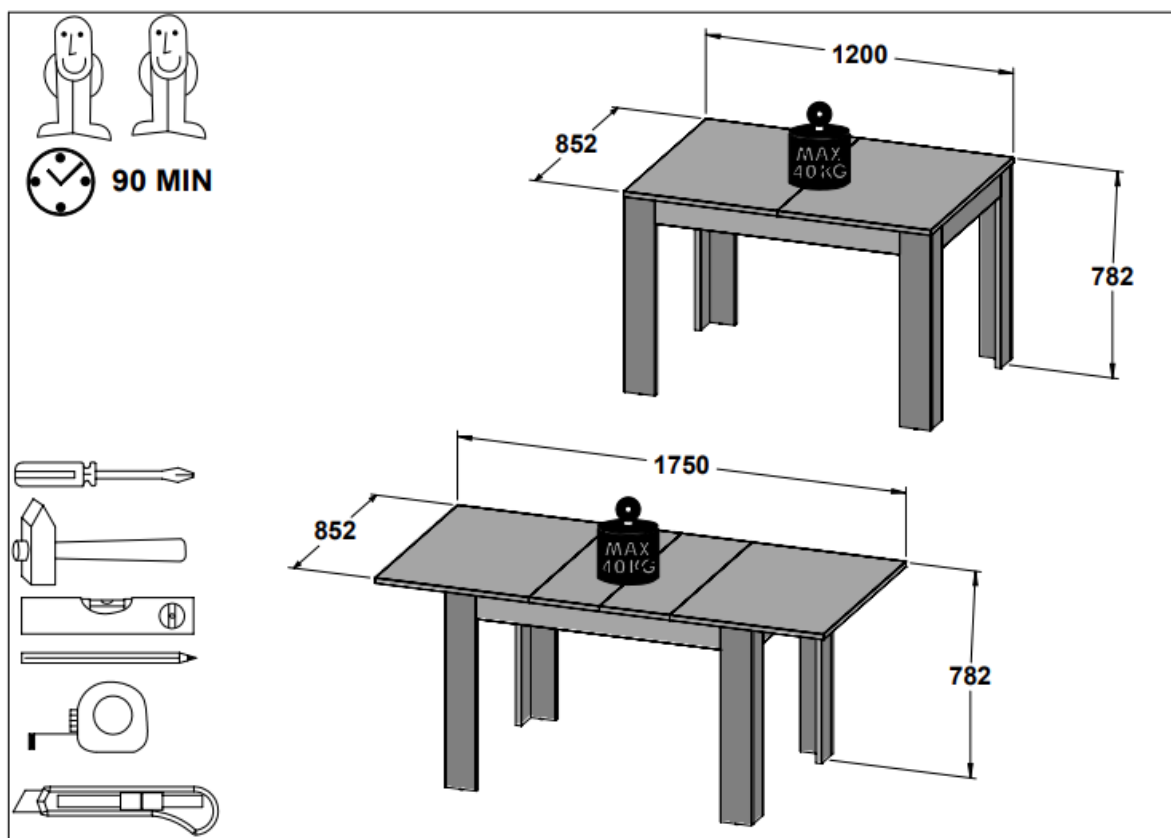

Furniture containing wood-based panels may emit substances into indoor air. After assembling the furniture, it is recommended to ventilate the room for about four weeks or until any odor dissipates.

FAQ

Q: How long should I ventilate the room after assembling the furniture?

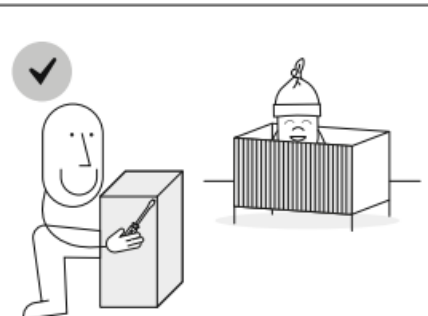

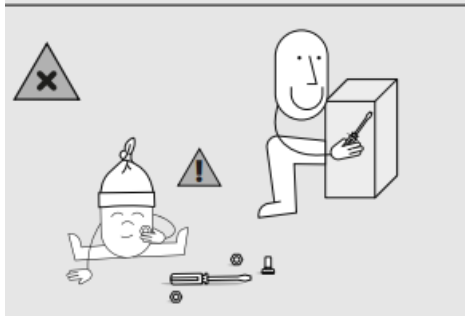

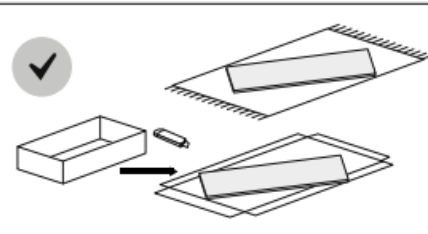

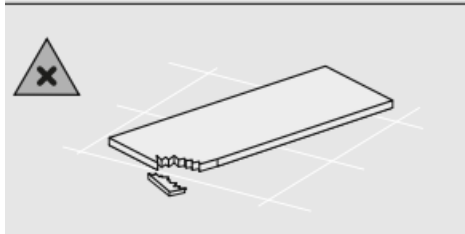

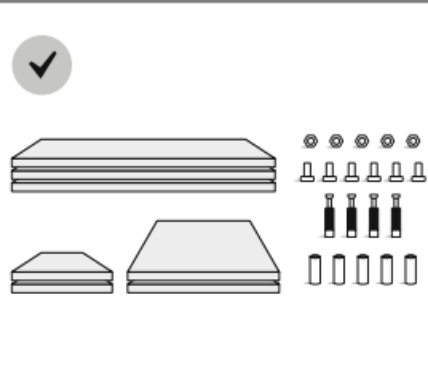

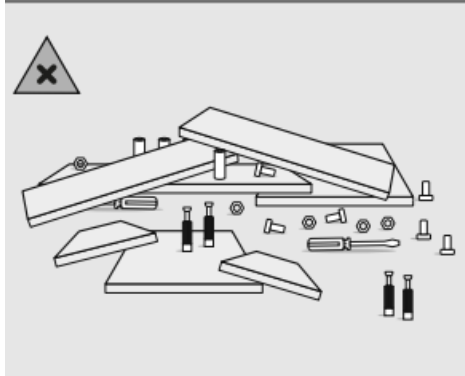

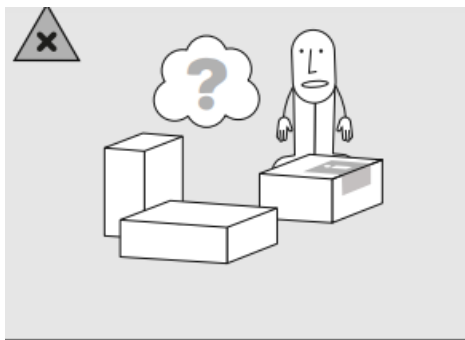

A: It is advised to ventilate the room for approximately four weeks or until any lingering smell disappears.

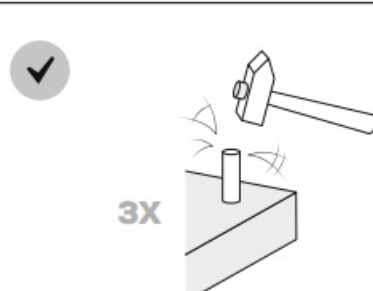

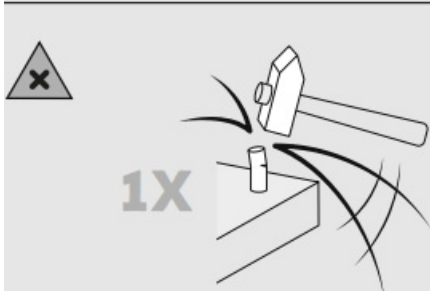

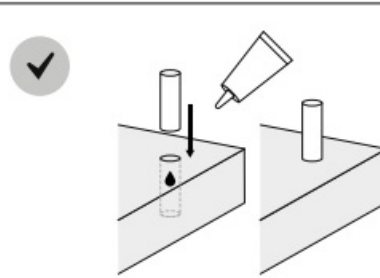

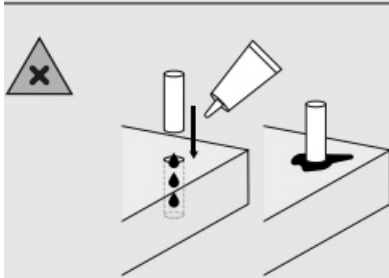

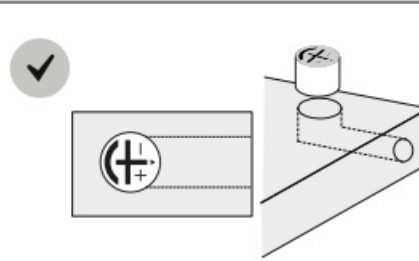

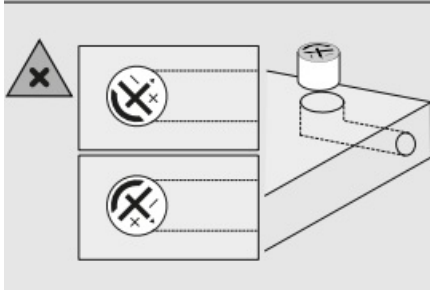

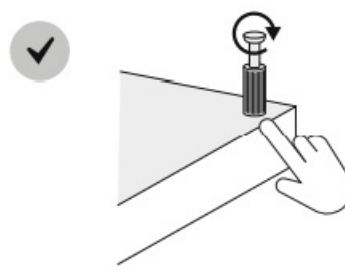

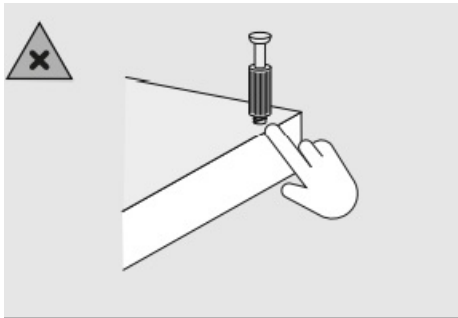

Dimension

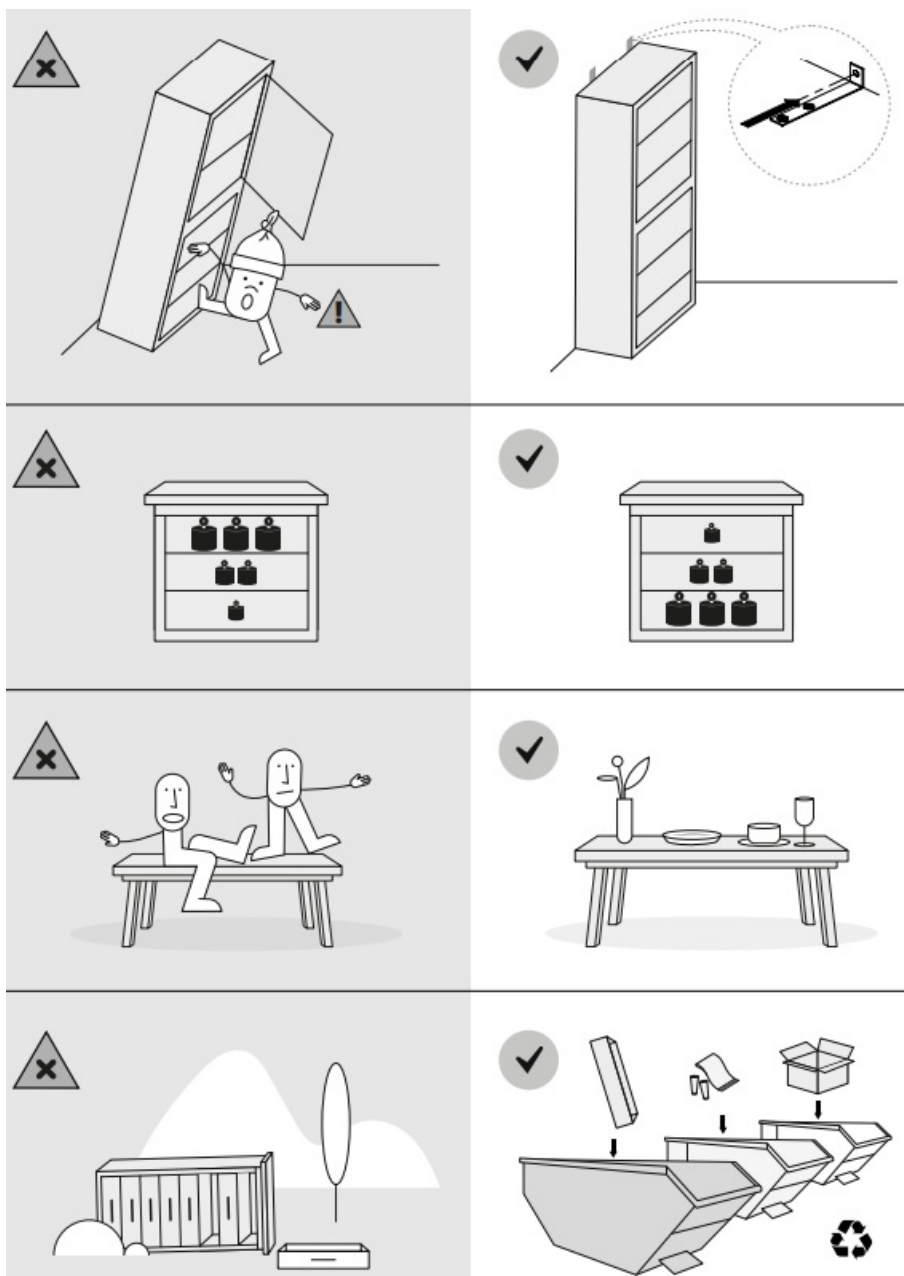

Follow the manufacturer's assembly instructions, otherwise, danger may occur.

PRECAUTION

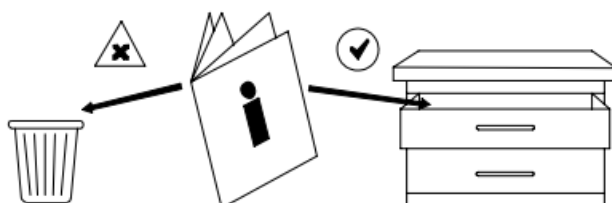

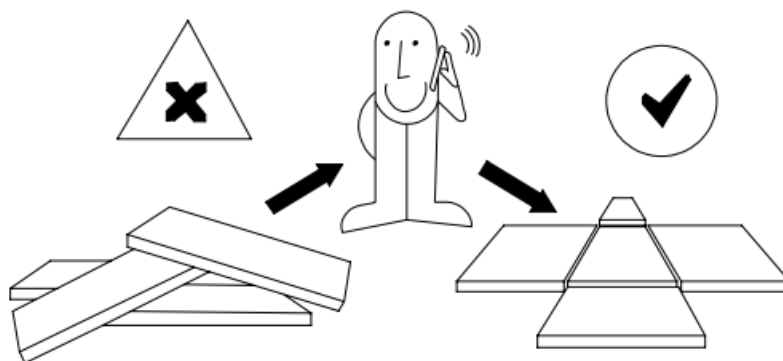

Furniture containing wood-based panels (particle board, fibreboard, plywood, etc.) may emit into indoor air considerable amounts of substances used in the production processes. The level of this emission is examined and it meets the applicable standards. After assembling the furniture, it is advised to regularly ventilate the room where the furniture stands, which should last about four weeks or until the smell is eliminated.

DEAR CUSTOMER

- After full assembly and set up of the furniture made of high gloss elements, you must remove the protective foil.
- In the case, where such elements are connected during assembly, then the foil must be removed partially only from the places of connection. Removal of the foil should be completed after full assembly and set up of the furniture.
- **WARNING!!!** After removal of the foil, the elements can be cleaned and used only after 72 hours.
- The cleaning must be conducted with the use of delicate and soft fabrics and if it's necessary, the fabrics may be slightly moistened with water or a cleaning agent intended for cleaning furniture.

GUIDELINES FOR FURNITURE CARE

- Please follow the below-specified remarks in order to properly take care of your furniture.
- A clean dry soft fabric must be used for cleaning.
- If the furniture requires a thorough cleaning, then you can slightly moisten it with water or a cleaning agent designed for furniture cleaning, and subsequently, the cleaned elements must be wiped until they're dry.
- Metal and glass parts must be cleaned using commercially available cleaning agents designed for cleaning these types of materials, under the included instructions.
- Do not use corrosive agents, scouring agents, and other agents if their intended use is unknown.
- The cleaning agents must have clear markings that are intended for cleaning the furniture.
- **WARNING!!!** High gloss elements, from which the protective foil was removed, may be cleaned and used only after 72 hours.
