Power button

Shutter release cable port

Installation

For the Wireless Shutter Module: Insert the shutter release cable, then install the module into the bottom slot of the housing quick-release plate.

Secure the module with screws. Insert the shutter release cable into the camera and then install the camera into the housing.

Usage

- 1. Press the power button to turn the device on or off.
- 2. Use the 42703 Artemis 4500 RMT to remotely control the camera shutter.
- 3. When the battery is low, connect the USB Type-C cable to the USB Type-C charging port for charging.
