INSTALLATION

Safety

Security Reminders

- Do not use the product in areas with high humidity or near water.
- Keep children away from the parts while installing the product.
- Protect your hands and fingers when handling and installing the parts.
- Place the product on a flat surface.
- Ensure all components and panels are installed correctly and screws are tightened.
- Unplug the equipment from the power outlet before cleaning the chassis.
- Use a soft, dry cloth to clean the table. Do not use abrasive cleaners or solvents.
- Keep the equipment in a clean and dry environment, as dust and humidity can limit the lifespan of computer components.
- DO NOT modify the cables or connectors included in this product.
- DO NOT use cable adapters or cables that are not included.
- Make sure the FAN connectors are plugged in correctly to the power supply, they should be connected without applying excessive force. If the connector is incorrectly connected the device might get damage.

Troubleshooting

- **Computer does not power ON:** Refer to the motherboard documentation and ensure the POWER button is connected in the correct location on the motherboard.
- **Front panel connectors not working:** Verify that the front panel connectors (USB, HD AUDIO) are properly connected to the corresponding connectors on the motherboard. Ensure motherboard drivers are up to date and correctly installed. Test the functionality of USB and Audio connectors with different devices to determine if the issue persists.
- **Component compatibility:** Refer to the product specifications sheet at **www.marsgaming.eu** for detailed information on case compatibility with graphics cards, liquid cooling, air coolers, and fans. If further assistance is needed, do not hesitate to contact us for support. Please note that the vertical GPU adapter and VGA riser are not included with the product.
- **FAN lighting is fixed:** The included FAN have fixed RGB lighting, the lighting colors are always in the same position. The fans can not be synchronized with other RGB products.
- **Fan does not spin:** Check the connections and ensure they are correctly installed to the power supply.
- **Excessive noise:** Ensure there is no object obstructing the fan. If the fan has been exposed to dust or dirt it might be generating noise, proceed to clean it.

Warranty

- The original purchase receipt will be required to use the warranty service. Keep it in a safe place.
- Product manipulations, technical modifications of any kind, and damages due to external mechanical forces will void your warranty. To read the terms and conditions of the warranty, visit **es.marsgaming.eu/es/terms**

Compliance

- You can consult the European Union Declaration of Conformity of the product at **www.marsgaming.eu/en/conformity**.

- For more information, visit **www.marsgaming.eu**

Disposal and Recycling

- At the end of the product's life, it should not be disposed of with regular household waste.
- To promote environmental sustainability and ensure proper waste management, take the product to designated collection and recycling center.
