## Marshall CV-MICRO-J2 Micro Joystick Remote Controller

All functions are controlled with the CV-MICRO-J2 in three modes

1. Pan & Tilt

2. Zoom & Focus
3. Menu Scroll & select

The modes are changed with the touch-down switch on the joystick. You can either tap the switch or hold down the switch.

A tap is less than 0.5 second

A hold down is more than 0.5 second

The joystick powers up in Pan & Tilt mode. To toggle between Pan & Tilt mode and Zoom & Focus mode, just tap the joystick switch.

To enter Menu, Scroll mode, hold down the joystick switch. Then use the joystick to navigate the menu.

To exit Menu, Scroll mode, hold down the joystick switch.

## **Connections**

DC jack: 12 – 35v

XLR4: on a flying lead. This has both power & data for a remote head.

There is a connector on the PCB inside which can be used to connect a Remote Camera Panel or other equipment into the system. When data is being received the LED will flash.

**Note:** Not all functions apply to all camera models. Check camera specifications for applicable functions.

## **Function List**

### **Home Menu**

Pan & Tilt Control

Tap
