- **Dimensions:** H225 x B370 x D210 mm (MT-4) / H225 x B460 x D210 mm (MT-6)
- **Capacity:** 4 Slots (MT-4) / 6 Slots (MT-6)
- **Weight:** Approximately 5 Kg (MT-4) / 6 Kg (MT-6)
- **Housing Material:** Stainless Steel

Product Usage Instructions

1. Before using the Maxima toaster, please read the user manual carefully.
2. Ensure the toaster is placed on a stable and flat surface.
3. Connect the toaster to a suitable power outlet with the provided power cord.
4. Select the desired number of slots to use based on your needs (4 slots for MT-4 or 6 slots for MT-6).
5. Turn on the toaster using the power switch.
6. Place the bread slices or other food products you want to toast into the slots.
7. Adjust the timer according to your desired level of toasting. The toaster will automatically stop when the timer reaches zero.
8. Wait for the toaster to complete the toasting process.
9. Once the toasting is finished, carefully remove the toasted items using the provided handle or tongs.
10. After use, turn off the toaster and unplug it from the power outlet.
11. Clean the toaster regularly following the cleaning and maintenance instructions provided in the user manual.

Introduction

Thank you for purchasing this Maxima product. In order to obtain the maximum benefit and use of this product, please read these instructions completely before attempting to install or use this product.

Your new Maxima product is manufactured with advanced production techniques. Every product is inspected before shipment and tested to ensure operator safety and product quality. All parameters have reached or exceeded the national standard.

The Maxima toaster can be used to toast different food products. The machines are safe, stable and easy-to-use. This appliance can be used for example to toast frozen or fresh bread. All parts in contact with food are made of stainless steel or food grade plastics.

At Maxima we are very proud of our products and are completely committed to providing you with the best products and service possible. Your satisfaction is our number one priority.

We know you will enjoy using this product and Thank You for choosing our product. We hope you consider Maxima for your future equipment purchases.
