- Avoid extreme changes in temperature by arranging the chair away from radiators, heat, and air vents.

## **Fabric Care**

- Inspect the fabric on a regular basis for any pulls, tears, or gaps.
- Frequent vacuuming or light brushing with a nonmetallic, stiff-bristle brush to remove dust and grime is recommended.
- When liquid spills onto the fabric, please immediately wipe off the liquid spills with a dry or lightly dampened clean white cloth, sponge, or paper towel.
