OVERVIEW

Buttons

Note: Bluetooth mouse uses computer's built-in Bluetooth interface and not contain own receiver dongle.

Pairing: press and hold left + scroll button for 3 seconds, choose "BT mouse" from the list of devices.

Environmental guidance:

The device is marked with the symbol of a crossed out waste container, in accordance with the European Directive 2012/19/EC on waste electrical and electronic equipment. Products marked with this symbol should not be disposed of or disposed of after the end of their useful life together with other household waste. The user is obliged to dispose of waste electrical and electronic equipment by delivering it to a designated point where such hazardous waste is recycled. The collection of this type of waste in separate places and the proper process of their recovery contribute to the protection of natural resources. Proper recycling of waste electrical and electronic equipment has a beneficial effect on human health and the environment. In order to obtain information on where and how to dispose of waste electrical and electronic equipment in an environmentally safe way, the user should contact the relevant local authority, the waste collection point or the point of sale where he purchased the equipment.
