Main Interface Button Operation

- Power Button: Power on and hibernate
- SELECT: Restart and shut down

- START: Settings, brightness, language, volume

The Instruction of Starting and Shutting Down the Hand Machine

1. Install the TF-OS System Card and the TF-GAME Installation Game Card (if not installed, the TF-GAME machine will not enter the system), then press the power key for 3 seconds to enter the system.
2. Press the SELECT key to initiate shutdown.
3. Press the power button once to enter sleep mode. Long press for 10 seconds for a mandatory shutdown.

Charging Instructions

1. If new to the machine, it may be low on power. First, use a 2A charger docking USB port to charge for 30 minutes after booting.
2. During operation, if the electric quantity display shows 0 and the working lamp is red, please charge the battery in time.
3. Indicator: Working – green, Low power – red, Charging – red.

FAQ

- **Q: How do I save my game progress?**
  A: Use the SELECT button to save the location of your game.
- **Q: How do I adjust the volume?**
  A: Use the START button to access settings where you can adjust the volume.
- **Q: What do the indicator lights signify during charging?**
  A: Green light indicates normal operation, red light indicates low power, and charging is indicated by a red light.
