Name: Tan Yinghao
Function: Product Director

Specifications

- **Manufacturer**: MERCUSYS TECHNOLOGIES CO., LTD.
- **Address**: 3rd Floor, Building R1-B, No. 23, Gaoxin 4th Road, South Hi-Tech Park, Nanshan, Shenzhen, P.R. China
- **Product Type:** Wi-Fi 4 Range Extender
- **Product Model:** ME10
- **Product Version:** V1

Product Usage Instructions

- **Step 1: Unboxing**

  Unpack the ME10 Wi-Fi Range Extender from the box.
- **Step 2: Placement**

  Place the range extender within the existing Wi-Fi network coverage area but closer to the dead zones you want to eliminate.

- **Step 3: Power On**

  Plug the range extender into a power outlet and wait for it to power on.

- **Step 4: Configuration**

  Connect to the ME10 Wi-Fi network using a computer or smartphone. Follow the on-screen instructions to complete the setup process.

- **Step 5: Testing**

  Test the extended Wi-Fi coverage by moving around your home or office to ensure a strong and stable connection in previously weak areas.

Frequently Asked Questions (FAQ)

Q: How can I reset the ME10 Range Extender?
A: To reset the extender, locate the reset button on the device and hold it down for 10 seconds until the LED lights start flashing.

Q: Can I use multiple ME10 Range Extenders in my network?
A: Yes, you can use multiple extenders to further expand your Wi-Fi coverage. Ensure each extender is appropriately placed within range of the main router.

Q: How do I update the firmware of the ME10 Range Extender?
A: Visit the official MERCUSYS website and navigate to the support section for the ME10 model. Download the latest firmware version and follow the instructions provided to update your device.
