## FAQ

At Meross, we strive to assure your satisfaction. Attached below is a non-exhaustive list of questions that users are mostly concerned about.

1. **What devices can I control with Meross smart plug?**

   You can control lights, fans, humidifiers, portable heaters, and other small appliances that are in conformity with the specifications of the smart plug, i.e. up to 13A/16A/10A/16A output for UK/EU/ AU&US/FR appliances, respectively.

2. **What should I do when the LED turns solid red?**

   You can troubleshoot the following:

   - Check if your home Wi-Fi is working properly.
   - Make sure that you have disabled access control in your router and that the smart plug is not blocked by the router's firmware.
   - Factory reset your Meross smart plug and try to add it again.
