**Meross WiFi Connected Roller Shutter Switch**

## Safety Information

### RISK OF ELECTRIC SHOCK OR FIRE

- Make sure the power is OFF at the circuit breaker for the Roller Shutter Timer you are replacing.
- The Roller Shutter Timer must be installed and used by your local electrical code. If you are unfamiliar with these codes or are uncomfortable performing the installation, please call a qualified electrician.
- Do not install the Roller Shutter Timer with wet hands or when standing on wet surfaces.

## Installation Guide

### Before we get started

- A neutral wire is required.
- Make sure the roller shutter timer is well covered by your home Wi-Fi.
- Only supports 2.4GHz networks.
- Tools you might need: Standard and Philips screwdrivers, pliers, a wire stripper and a voltage detector.
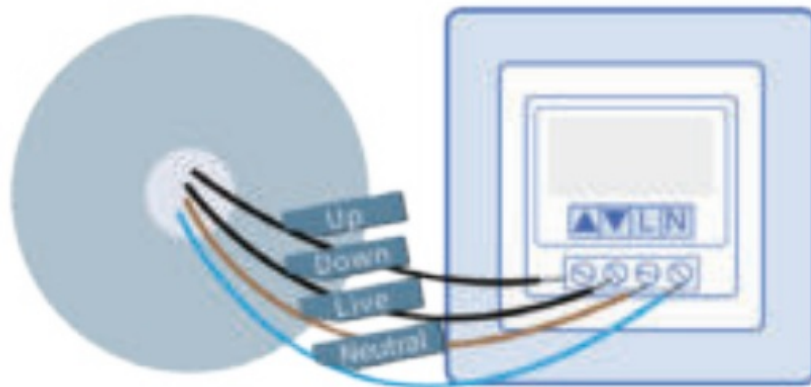

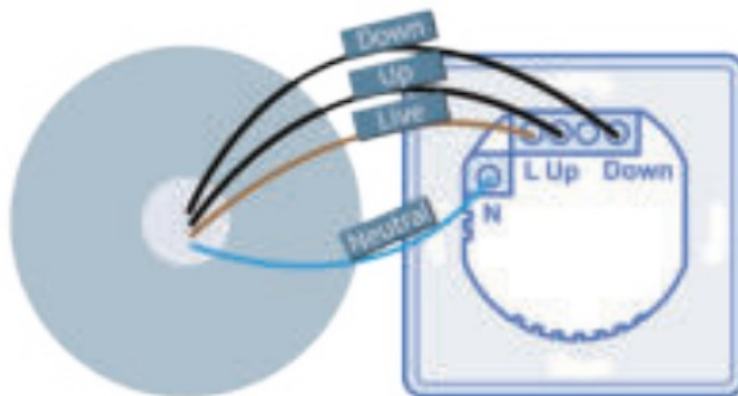

1. Download the Meross app.

2. Open the Meross app and simply follow the setup wizard for device installation and configuration.

**Wiring Diagram**

**Existing Dumb roller shutter motor wires**

**Meross Smart roller shutter motor wires**

- Connect Live wire into L terminal.
- Connect Up wire into Up(Open) terminal.
- Connect Down wire Down(Close) terminal.
- Connect Neutral wire into N terminal.

- Connect the Live wire to the L terminal.
- Connect the Up wire to the Up(Open) terminal.
- Connect Down wire Down(Close) terminal.
- Connect Neutral wire into N terminal.

**Note**: Wire color as per IEC, your house may use different wire colors, but the functions shall be the same.

## LED and Button Rules

**Status LED**

**Flashing green slowly(once/sec):** Configuration mode.

**Flashing green rapidly(twice/sec):** Wi-Fi connecting mode/ No internet connection.

**Solid green:** Successfully connected.

**Solid red:** Curtain is opening or closing.

**Button**

Press "⌃" to open the curtain.

Press "⌄" to close the curtain.

Press "◯" to pause the curtain. Press and hold (for 5 seconds) until Status LED is flashing rapidly to initiate factory reset process.

## FAQ

At Meross we strive to assure your satisfaction. We apologize for any inconvenience with the installation or operation of the device and are happy to assist at **support@meross.com**.

- What should I do when I can't open or close the roller shutter timer manually?

  Please check the Status LED. If the LEDs are off:

  - Make sure that you restore power to the Roller Shutter Timer at the circuit breaker.
  - Make sure the Roller Shutter Timer is wired correctly. Please consult with a qualified electrician.

- What should I do when my Meross app is unable to control the added Roller Shutter Timer?

  Please check the following:

  - Check the main Wi-Fi's Internet connection.
  - Make sure that the main Wi-Fi's password hasn't been changed.
  - Factory reset the Roller Shutter Timer and try to add it again.

- How do I pair my Meross devices with Amazon Alexa or Google Assistant?

  Visit Account->Amazon Alexa or Google Assistant page within the Meross app for pairing instructions.

## Warranty

Meross products are covered by a 24-month limited warranty from the date of their original purchase. If any problems occur, please contact **support@meross.com** for help.
We can only provide aftersales service for products that are sold by Meross or Meross-authorized retailers and distributors.
