MERXX 26450-219 Extending Table Square

Product Information

Product Name: Garden Furniture made from Aluminium

Model Number: 26450-219

Manufacturer: MERXX Handels GmbH

Material: Aluminium with powder coating

Usage: Outdoor furniture for private use

Product Usage Instructions

Your garden furniture is made from aluminum that has been powder coated, providing durability and protection against environmental influences. To ensure the longevity of your garden furniture, please follow these usage instructions:

1. **Protect from Rain:** During prolonged rainfall, it is recommended to bring the furniture indoors or cover it with a protective cover. For brief rain showers, tilt the furniture to drain off moisture and wipe it dry afterward. Ensure sufficient air circulation when covering the furniture for extended periods.
2. **Cleaning:** Clean the furniture using a soft brush and soap suds. Avoid contact with pollen and other natural tanning substances.
3. **Screws:** The screws used in the furniture are made from steel for increased durability. Do not overtighten them. If rust forms, use a rust converter and apply a dab of paint for treatment.
4. **Paintwork:** The frame of the furniture is powder coated. Regular usage and transportation may cause damage to the paintwork. Repair any damaged areas with a dab of paint to prevent further corrosion.
5. **Sunlight Protection:** When not in use, protect the furniture from excessive sunlight to prevent color fading.
6. **Winter Storage:** In winter, store the furniture in a cool, dry place away from frost. Note that this furniture is not winterproof.

7. **Weight Capacity:** Chairs and loungers can support a maximum surface load of 100kg, two-seater benches 160kg, and three-seater benches 240kg. Please use them only for sitting or lying on, not as substitutes for ladders, chassis stands, or gymnastic apparatus for children.
8. **Table Usage:** Use tables to hold standard domestic quantities of crockery, meals, and drinks. They are not suitable for use as substitutes for ladders, chassis stands, or gymnastic apparatus for children.
9. **Tolerance:** As garden furniture is exposed to wind and weather conditions, it is important to treat it with a certain level of tolerance.

By following these instructions, you can enjoy your garden furniture for a longer period. Please note that this product is intended for private use only.

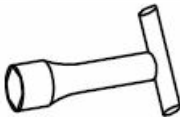

For any further information or assistance, you can visit the manufacturer's website: www.merxx.de

INSTALLATION INSTRUCTIONS

Care instructions

Care instructions for garden furniture made from aluminum

Your garden furniture was made from aluminum that has been powder coated. Garden furniture is subject to environmental influences, i.e. it is exposed to great fluctuations in temperature, moisture, and intensive sunlight. You should observe the following instructions so you can enjoy your garden furniture for longer:

- During prolonged rainfall, we recommend taking the furniture indoors or covering it with a protective cover. In the event of brief rain showers, the furniture should be tipped up and the moisture wiped off after the rain. Sufficient air circulation must be ensured during prolonged covering.
- Clean with a soft brush and soap suds.
- Avoid contact with pollen and other natural tanning substances.
- The screws are made from steel to produce higher durability. Do not attempt to overtighten these. Treat rust formation with the aid of a rust converter and a dab of paint.
- The frame is powder coated. Usage and transportation cause damage to the paintwork, which should be repaired in good time with a dab of paint to prevent further corrosion.
- Protect against excessive sunlight when not in use, as otherwise color fading may occur.
- In winter, store in a cool, dry place away from frost. This furniture is not winterproof.
- Please only use chairs, benches, and loungers for sitting or lying on. They are not suitable for use as a substitute ladder, chassis stand, or gymnastic apparatus for children.
- Chairs and loungers are capable of carrying a maximum surface load of 100kg, two-seater benches of 160kg, and three-seater benches of 240kg.
- Please only use tables to hold standard domestic quantities of crockery, meals, and drinks. They are not suitable for use as a substitute ladder, chassis stand or gymnastic apparatus for children.

If these points are not observed, the service life will be shortened considerably. We also ask that you note that this furniture is only intended for private use. As a general rule: As garden furniture is exposed to wind and the weather, you need to treat it with a certain tolerance.
