MESA CSAZ-811 Innovative ATX Case

Specifications

- **Model:** Mesa
- **Model Number:** CSAZ-811
- **Type:** ATX
- **Chassis Thickness:** SPCC 1~1.5mm / AL 3mm
- **Max CPU Cooler Height:** Up to 140mm
- **Max Video Card Length:** Up to 380mm
- **Power Supply:** Not included
- **Motherboard Compatibility:** ATX, Micro-ATX, Mini-ITX
- **Expansion:**
  - **External 5.25 Drive Bays:** 0
  - **Internal 2.5 Drive Bays:** Up to 4
  - **Internal 3.5 Drive Bays:** Up to 2
  - **Expansion Slots:** 7
  - **I/O Ports:** Power button, Reset button, HD Audio, USB 3.0 x 2, Type-C

- **Physical Specifications:**
    - **Dimensions (HxWxD):** 494x489x539 mm / 19.4 x 19.3 x 21.2 inches
    - **Weight:** 10.3kg / 22.7 lbs
- **Features:**
    - Addressable RGB fan on the rear.
    - All addressable RGB light devices controlled by the motherboard.
    - Available Fan Port Water Cooling:
        - 1 x 120 mm ports on the rear (1x120mm LFO-4312D ARGB fan included)
        - 3 x 120 mm ports on the front (with radiator bracket)
        - Supports radiators up to 360 mm in the front
    - Power Supply Support: Bottom-mounted ATX power supply
    - Glass Panel Removal: Aluminum plate Panel Removal

Product Usage Instructions

Fan Installation:

To install a fan, unscrew the screws and push the fan bracket forward. The case supports up to 1 x 120mm fan on the rear and up to 3 x 120mm fans on the front bracket.

GPU Installation:

The case supports GPUs up to 380mm in length. Ensure proper alignment and secure installation of the GPU within the case.

PSU and Hard Drive Installation:

To install the PSU and hard drive, unscrew the back screw for PSU installation and remove the HDD tray for HDD and SSD installation. Securely lock the screw to the PSU sheet metal for PSU installation.

Motherboard Installation:

To install the motherboard, ensure compatibility with ATX, Micro-ATX, or Mini-ITX motherboards. Follow the provided instructions for proper installation within the case.

FAQ

- **Q: Can I install additional fans in this case?**
    - A: Yes, the case supports up to 4 additional fans – 1 on the rear and 3 on the front bracket.
- **Q: What is the maximum GPU length supported by this case?**
    - A: The case supports GPUs up to 380mm in length for compatibility with various graphics cards.
- **Q: How many internal drive bays are available for HDDs and SSDs?**
    - A: The case has up to 2 internal 2.5″ drive bays and up to 2 internal 3.5″ drive bays for HDD and SSD installation.

Specificafions

Model	
Model Name	Mesa
Model Number	CSAZ-811
Specificafions	
Type	ATX
Chassis thickness	SPCC 1~1.5mm / AL 3mm
Max CPU Cooler Height	Up to 140mm
Max Video Card Length	Up to 380mm
Power Supply	Not included
Motherboard Compatibility	ATX, Micro-ATX, Mini-ITX
Expansion	
External 5.25″ Drive Bays	0
Internal 2.5″ Drive Bays	Up to 4
Internal 3.5″ Drive Bays	Up to 2
Expansion Slots	7
I/O Ports	Power buTTon, Reset buTTon, HD Audio, USB 3.0 x 2, Type-C
Physical Specificafions	
Dimensions (HxWxD)	494x489x539 mm / 19.4 x 19.3 x 21.2 inches
Weight	10.3kg / 22.7 lbs
Features	
Addressable RGB Light	Addressable RGB fan on the rear. All addressable RGB light devices are controlled by the motherboard.
Available Fan Port	1 x 120 mm ports on the rear (1x120mm LFO-4312D ARGB fan included) 3 x 120 mm ports on the front (with radiator bracket)
Water Cooling	Supports radiators up to 360 mm in the front
Power Supply Support	Bottom-mounted ATX power supply

PWM Fan:The model comes with PWM fans and will run at top speed unless connected to a motherboard or controller.
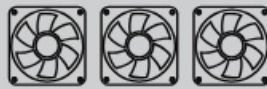

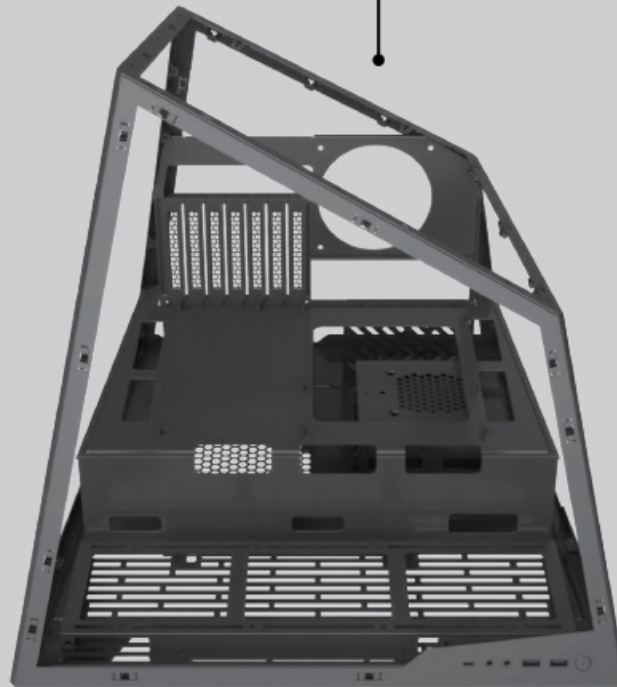

Glass Panel Removal
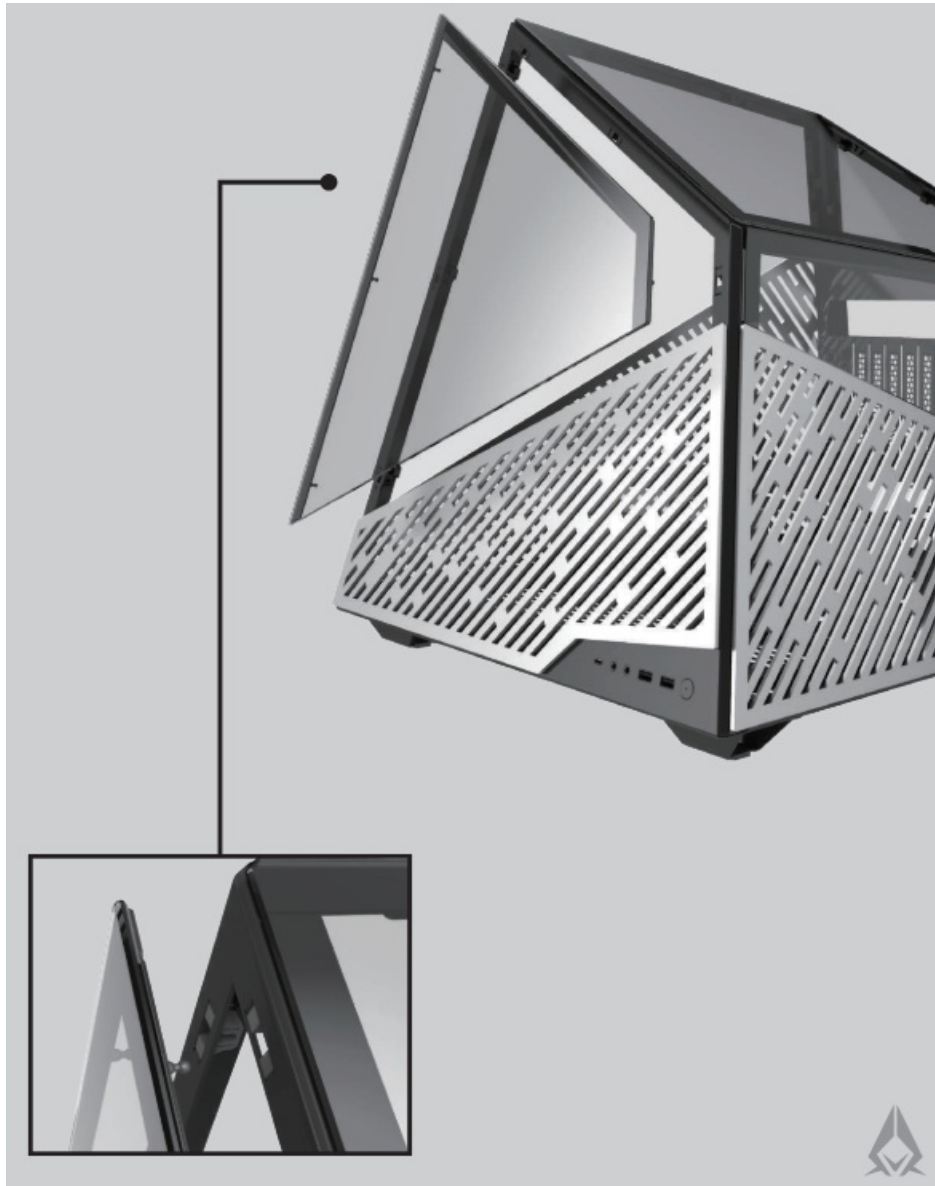

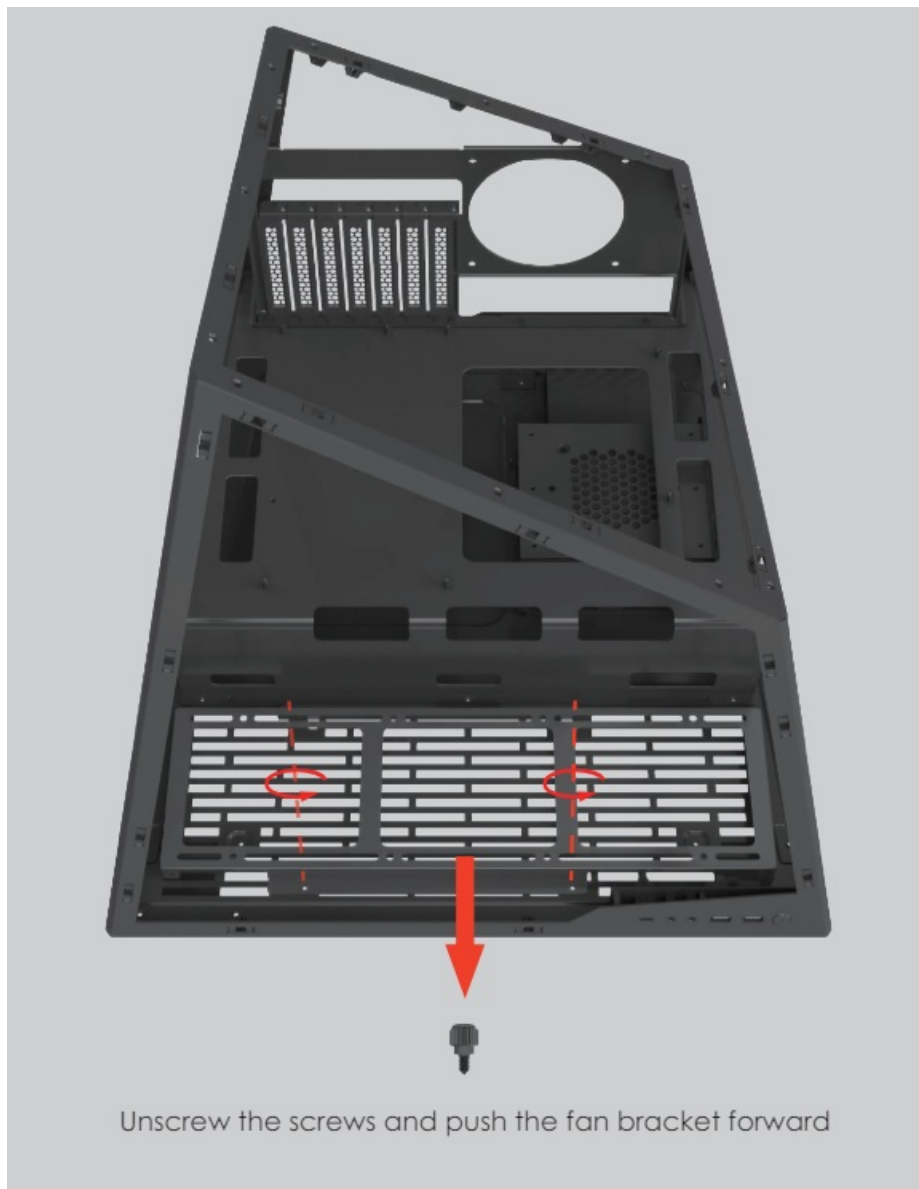

Aluminum plate Panel Removal

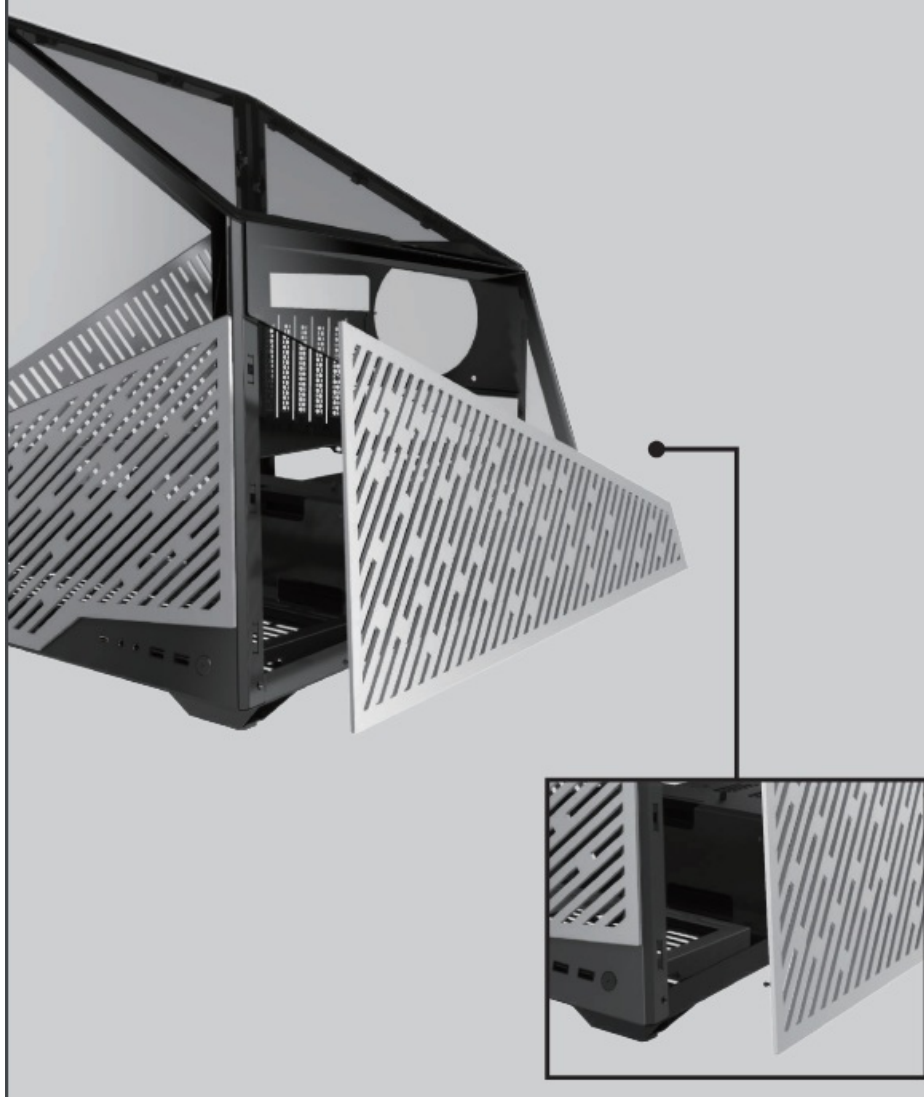

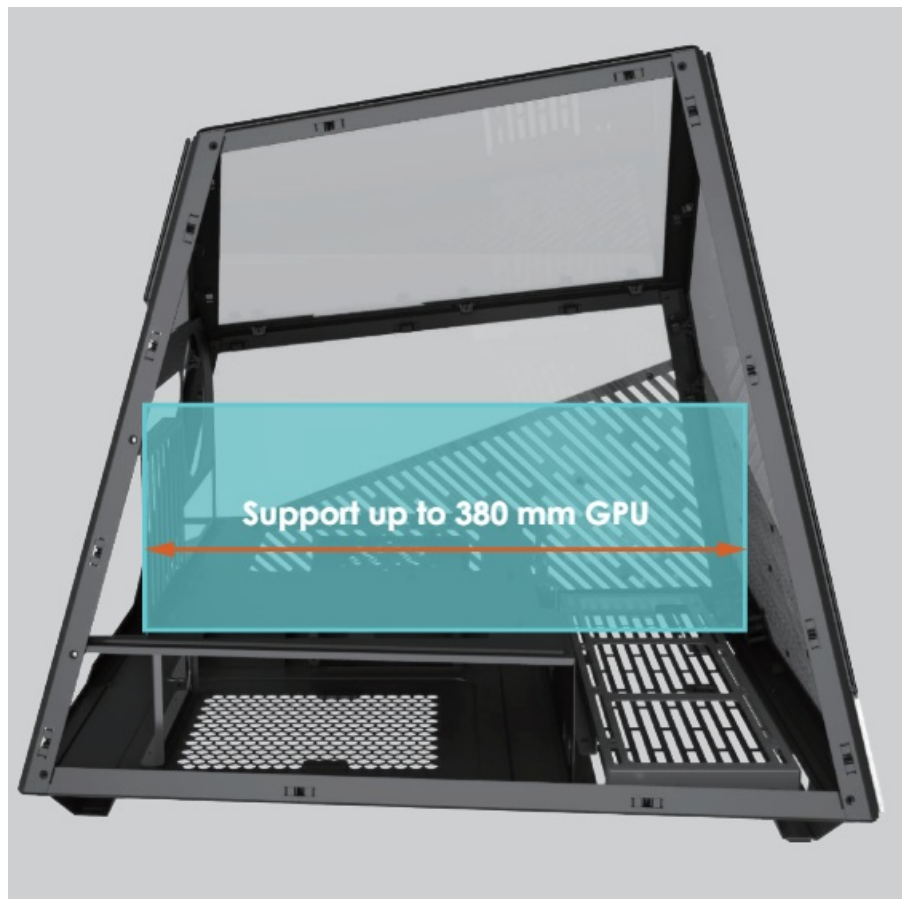

Installation

Fan installation

Support up 1 120mm fan on rear
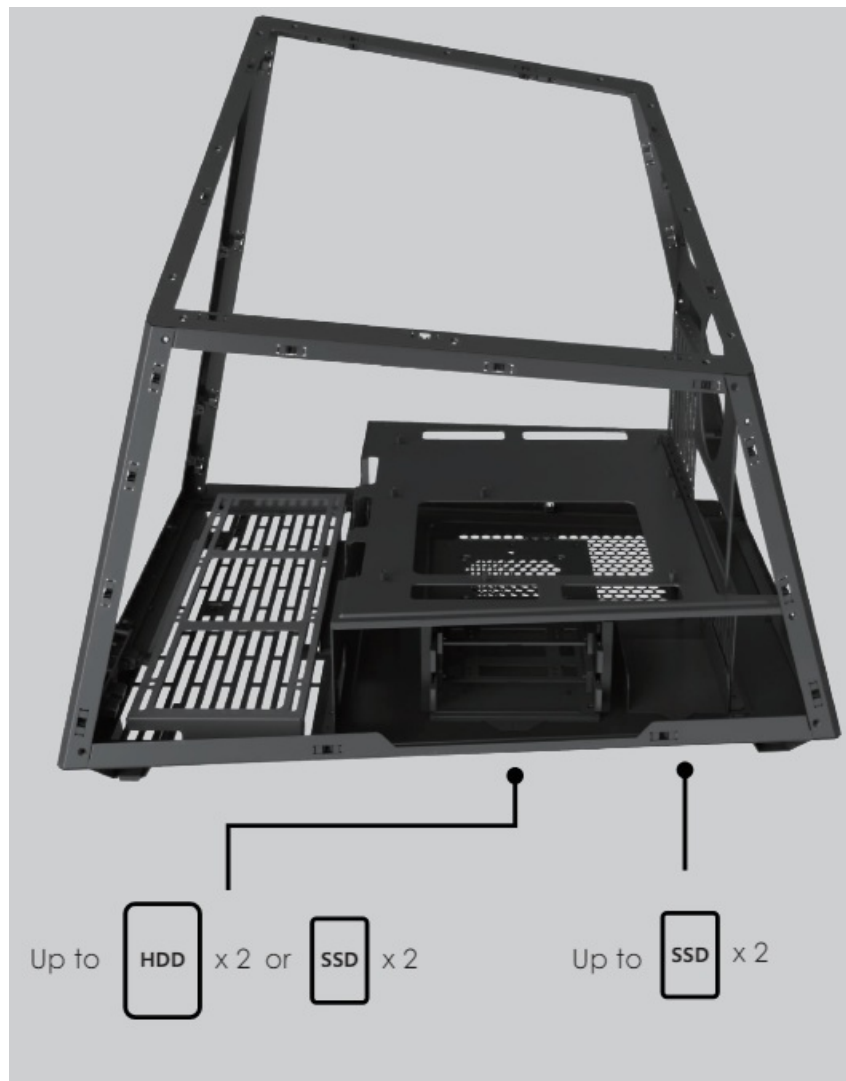

Support up 3 120mm fan on front bracket

Unscrew the screws and push the fan bracket forward

GPU installation

Support up to 380 mm GPU

PSU and hard drive sheet metal removal

Unscrew the back screw

PSU installation

Lock the screw to the PSU sheet metal

HDD and SSD installation

Up to | HDD | x 2 or | SSD | x 2   Up to | SSD | x 2

HDD and SSD installation
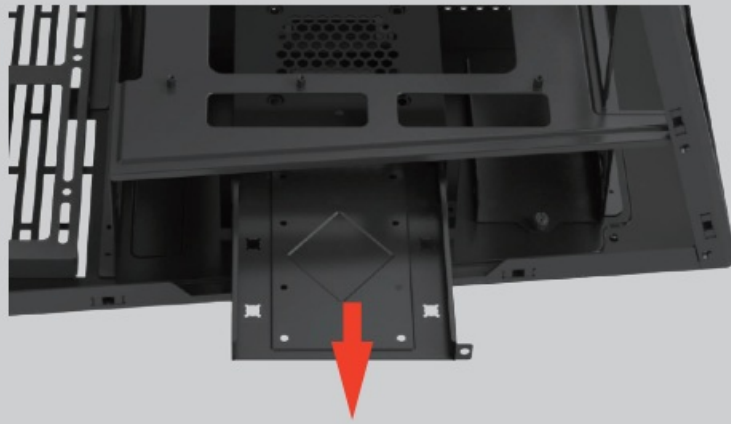

Hdd tray can be removed

If you want to install SSD,
unscrew the screw and remove the SSD tray

Motherboard installation

Support ITX, mATX, ATX motherboard
