Instruction For Use

IMPORTANT: Read carefully before installing fixture. Retain for future reference

Warning

Risk of fire, electrical shock, cuts and or other casualty hazards. This product must be installed in accordance with the applicable installation code by a qualified electrician or a person familiar with the construction and operation of the product and the hazards involved. Cooper Lighting Solutions assumes no responsibility for claims brought about by improper or careless installation or handling of this product.

ATTENTION

Receiving Department: Note actual fixture description of any shortage or noticeable damage on delivery receipt. File claim for common carrier (LTL) directly with carrier. Claims for concealed damage must be filed within 15 days of delivery. All damaged material, complete with original packing must be retained.

Caution

Edges May Cut. Handle with care.

Caution

Risk of Burn. Disconnect power and allow fixture to cool before changing bulb or handling fixture.

Warning

Risk of Fire and Electric Shock. If not qualified, consult an electrician.

Notice

Green ground screw provided in proper location. Do not relocate.

Notice

Lamps contain mercury, dispose according to local, state, or federal laws.

Notice

If supply wires are located within 3 inches of ballast, use wire rated for at least 90°C (194°F).

Installation

1. Remove end plates and flip socket tracks in place.
2. Insert connector into row aligner lances of channel. Slide connector until it's fully engaged.
3. Repeat Step 2 with next channel in row.
4. Fasten connector using the hardware provided.
