Manual For MGP Willow Cone Trellis, Circular Willow Trellis

Thank you for purchasing our willow circular trellis.
With a few simple steps you will have a circular trellis that you can use in many different ways.
Master Garden Products 1-[800-574-7248](tel:800-574-7248)

First, set the trellis up vertically(1). Then bend into a circular shape.

1. Using the provided zip ties, fasten them around the sticks on each end as shown in **fig. 2, 3, 4**. *Some models may only need 2 zip ties per side, not 3*

2. Repeat this process on the bottom of the trellis. The trellis is assembled and ready to use. This does stand alone, but can be secured with stakes for more stability.

3. To make a larger trellis/circle, simple attach more pieces together on one side, then follow above directions to complete the circle.

4. Please contact us if you have any questions regarding setup or use of this product.
