## MICROLATCH BIO Wireless Fingerprint Reader

The MICROLATCH BIO Wireless Fingerprint Reader is a wireless fingerprint reader designed for the Microlatch Bio system. It has an IP53 rating, which means it is protected from dust and water spray at any angle up to 60 degrees from the vertical.

### Features

- Simple to enrol and install
- Multiple readers per controller
- Duress finger facility
- No wires between reader and controller
- Ideal product for residential and light commercial applications
- Microlatch – 0 g

### Product Table

Product Code	Color	Expiration Date
L15043 BLK	Black	19/12/2022
L15008 CREAM	Cream	19/12/2022
L15010 SC	Sandcastle	19/12/2022
L15009 SILVER	Silver	19/12/2022

## Usage Instructions

To use the MICROLATCH BIO Wireless Fingerprint Reader, follow these steps:

1. Enrol your fingerprint(s) with the system using the enrolment process outlined in the user manual.
2. Install the reader in the desired location using the installation instructions provided in the user manual.
3. Connect the controller to the reader wirelessly.
4. When prompted, place your enrolled finger on the reader to gain access.
5. If you need to activate the duress finger facility, use your designated duress finger to gain access. This will trigger an alarm to alert authorities.

**Note:** Multiple readers can be connected to one controller, allowing for convenient access points throughout your home or business.
