Mikikin 5L Cool Mist Humidifier

INTRODUCTION

The Mikikin 5L Cool Mist Humidifier is a potent solution for addressing dryness in a variety of settings, including bedrooms, nurseries, and offices. It provides users with a revitalizing air experience and optimal comfort. This humidifier, which was introduced to offer long-lasting, whisper-quiet humidity in a modern, streamlined design, was manufactured by Mikikin, a reputable brand in home wellness appliances. It is ideal for overnight or all-day use, as it can operate continuously for up to 30 hours on the lowest setting, thanks to its generous 5-liter top-fill reservoir. It is an exceptional value at **\$32.99**, as it has a rotatable nozzle for directional ventilation, remote control operation, three adjustable mist levels, and ultrasonic mist technology. It also includes a 7-color nightlight, an auto shut-off feature for safety, and a built-in essential oil tray for the release of soothing fragrances. The Mikikin Cool Mist Humidifier is a practical and efficient solution for daily life, whether you are experiencing seasonal dryness, maintaining plants, or merely seeking improved air quality.

SPECIFICATIONS

Product Name	Mikikin 5L Cool Mist Humidifier
Price	\$32.99
Brand	Mikikin
Color	Black
Operation Mode	Ultrasonic
Electric Fan Design	Humidifier with rotating nozzle
Product Dimensions	7.4"D x 7.4"W x 10.4"H
Tank Capacity	5 Liters
Run Time	Up to 30 hours on low mist setting
Mist Output Settings	3 adjustable mist levels
Special Features	Ultrasonic mist, Remote control, Aroma diffuser, Rotatable nozzle, Top-fill, Sleep Mode, Nightlight
Nightlight	Built-in 7-color LED nightlight with cycle & single color selection
Timer Options	2, 4, and 8-hour auto shut-off timer

Noise Level	Ultra quiet, suitable for light sleepers (babies, kids, etc.)
Essential Oil Diffuser	Built-in tray (essential oils must be placed only in tray, not tank or base)
Top-Fill Design	Wide opening and flat top for spill-free refilling and easy cleaning

Cleaning Recommendations	Clean base weekly; tank every 2–3 weeks
Recommended Use	Bedroom, Nursery, Living Room, Office, Plant Room

WHAT'S IN THE BOX

- Humidifier
- User Manual

FEATURES

- **Ultrasonic Cool Mist:** Utilizes cutting-edge ultrasonic technology to generate a thin, consistent mist that ensures optimal humidity levels.
- **Large Reservoir Capacity:** A 5L water reservoir can deliver a continuous mist for up to 30 hours on low settings.

5L Ultrasonic Cool Mist Humidifier

Always keeps the room at your present humidity level

5-Liter
Capacity

30 Hours
Runtime

7 Colors
Night Light

- **Top Fill Design:** The top-fill opening is simple and allows for fast refills without the need to remove parts or spill liquids.
- **Rotatable Nozzle:** The adjustable mist nozzle enables you to precisely direct humidity to the desired location.

3 Adjustable Mist Levels

Rotatable Nozzle

- **Essential Oil Tray:** The inclusion of an aroma diffuser allows for the enjoyment of both fragrance and vapor simultaneously (oil is not incorporated into the water tank).
- **Sleep Mode:** The ultra-quiet operation of this device fosters a sleep-friendly environment that is conducive to the relaxation of infants and light sleepers.
- **Nightlight Function:** A 7-color LED nightlight that can be set to cycle or remain on your preferred color.
- **Smart Auto Shut-Off:** Ensures safety by automatically shutting off when the water level is low or the tank is removed.
- **Touch Panel Controls:** Contemporary touch-sensitive controls that facilitate effortless operation and customization.
- **Timer Options:** Configure the timer to operate for 2, 4, or 8 hours, depending on your requirements.

Easy to Operate

- **Quiet Operation:** Operates quietly to allow for uninterrupted work, relaxation, or slumber.
- **Sleek Black Color:** This color is versatile and complements any interior design.
- **Broad Spectrum:** Appropriate for nurseries, offices, living rooms, and bedrooms.
- **Aromatic:** The ambiance of the room is improved by the use of an essential oil diffuser box, which emits calming fragrances.
- **Compact Design:** It is both potent and compact, with dimensions of 7.4"D x 7.4"W x 10.4"H, making it suitable for large rooms.

SETUP GUIDE

- **Carefully unpack** the humidifier and all accessories from the carton.
- **Foam Removal:** Prior to initial use, ensure that the white foam is removed from the

base.

- **Tank Cleaning:** Prior to commencing operations, rinse the tank with clean water.

- **Positioning:** Ensure that the humidifier is situated on a horizontal, stable surface that is at least 12 inches away from electronics or walls.
- **Fill the tank** with clean, room-temperature water by opening the top covering.
- **Prevent Overfilling:** To prevent overflow or malfunction, do not exceed the maximum water line.
- **Requirements for Oil Tray Use:** Drop essential oils into the aroma tray, rather than directly into the tank or base.
- **Turn on the unit** by connecting it to a power source and activating the touch interface.
- **Mist Level Selection:** Select from three mist levels to customize the output to your

liking.

- **Nozzle Adjustment:** Rotate the nozzle to direct the vapor as required.
- **Set the timer** to 2, 4, or 8 hours using the timer function.
- **Nightlight Configuration:** To cycle through seven nightlight colors or choose your preferred one, simply tap the light icon.
- **To deactivate the nightlight:** Press and hold the light button for three seconds.
- **Auto Shut-Off:** Rest assured that the humidifier will shut off when the water level is low or the tank is removed.

CARE & MAINTENANCE

- **Weekly Base Cleaning:** To prevent the accumulation of scale and mildew, it is recommended that the base be cleaned on a weekly basis.
- **Tank Cleaning:** Use a mild soap or vinegar solution to clean the tank every 2–3 weeks.
- **Before storing the device:** Ensure that both the tank and the base are thoroughly dried.
- **Avoid the Use of Harsh Chemicals:** Utilize only mild detergents; do not employ bleach or harsh cleansing agents.
- **No Oil in Tank:** It is imperative that essential oils not be added directly to the tank or base chamber.
- **Utilize Clean Water:** To reduce mineral accumulation, utilize distilled or filtered water.
- **Exterior Wipe:** Gently clean the humidifier's exterior surface using a soft fabric.
- **Always disconnect the unit** prior to conducting any cleaning work.
- **Wipe and inspect the rotatable nozzle** to guarantee a clear mist flow. Clean the nozzle.
- **Oil Tray Inspection:** When transitioning between various essential oils, it is necessary to rinse the oil tray.
- **Descale on a monthly basis** by employing white vinegar to eliminate mineral deposits.
- **Prevent Submersion:** It is imperative to refrain from immersing the base or any electrical components in water.
- **Conduct routine inspections:** If fungi or unusual odors are detected, promptly eliminate them.

- **Storage Hint:** When not in use for an extended period, store in a cold, dry location.
- **If the performance of the unit decreases** substantially over time, it may be necessary to replace internal components or the entire unit.

TROUBLESHOOTING

Issue	Possible Cause	Solution
Humidifier not turning on	Unplugged or low water level	Ensure it's plugged in and water tank is properly filled
Weak mist output	Blocked nozzle or dirty base	Clean the nozzle and ultrasonic plate thoroughly
Water leaking from base	Misaligned tank or overfilling	Reposition the tank and avoid overfilling
No mist despite power	Foam still inside base or clogged outlet	Remove white foam and clean mist outlet
Unpleasant smell	Essential oil added directly to tank	Clean tank and add oils only to designated oil tray
Lights not turning off	Button not held long enough	Hold light button for 3 seconds to power off
Fan runs but no mist	Ultrasonic plate malfunction or dry tank	Check and refill water, clean plate
Remote control not working	Battery dead or blocked signal path	Replace remote battery and aim directly at sensor
Timer function not working	Incorrect setting or power reset	Reset timer and ensure humidifier is on before setting
Mist direction not adjustable	Rotatable nozzle is jammed	Gently turn nozzle to redirect airflow

PROS & CONS

Pros

- Large 5L tank supports up to 30 hours of misting
- Top-fill design for easy refills and cleaning
- Remote control and timer for added convenience
- Built-in essential oil tray for aromatherapy use
- 7-color nightlight enhances relaxation and ambiance

Cons

- Oils must be added only in the oil tray—not the tank
- Requires regular cleaning to prevent buildup
- Nightlight button may require long press to turn off
- Slightly large footprint for very compact desks
- No humidity sensor or auto-adjust mist level

WARRANTY

The Mikikin 5L Cool Mist Humidifier comes with a **1-year** limited manufacturer's warranty. This warranty covers defects in materials and workmanship under normal use. To claim warranty service, it is advised to retain your proof of purchase. Mikikin's responsive customer support team typically replies within 12 hours to assist with troubleshooting or warranty claims.

FREQUENTLY ASKED QUESTIONS

What type of humidification does the Mikikin 5L Cool Mist Humidifier use?

The Mikikin 5L Cool Mist Humidifier uses ultrasonic technology to create a fine, cool mist. This ensures quiet operation while effectively moisturizing your air.

How large is the water tank on the Mikikin 5L Cool Mist Humidifier?

It features a 5-liter top-fill tank, which provides up to 30 hours of continuous mist on the lowest setting, reducing the need for frequent refills.

Why is my Mikikin 5L Cool Mist Humidifier not producing mist?

Make sure the white foam from the base is removed before first use. Also, check the water level and ensure the mist level is properly set.

How do I fill the Mikikin 5L Cool Mist Humidifier?

Use the top-fill opening to pour water in easily without spilling. There's no need to flip or detach the tank, making refilling convenient and mess-free.

What do the 3 mist levels on the Mikikin 5L Cool Mist Humidifier mean?

You can select from low, medium, or high mist settings based on your room's humidity needs, giving you complete control over the output.

How do I activate the nightlight on the Mikikin 5L Cool Mist Humidifier?

Tap the light button to cycle through 7 soothing colors. Long press the button for 3 seconds to turn the light off completely if needed.

How do I clean the Mikikin 5L Cool Mist Humidifier?

Clean the water tank every 2,3 weeks and the base weekly using mild soap and water. The top-fill design allows easy access to all surfaces.
